

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 88 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Magnetic tape coating facilities.

Estimated Number of Respondents: 6.

Frequency of Response: Initially, occasionally, quarterly, and semiannually.

Estimated Total Annual Hour Burden: 2,017.

Estimated Total Annual Cost: \$277,224, which includes \$190,824 in labor costs, \$33,600 in capital/startup costs, and \$52,800 in operation and maintenance (O&M) costs.

Changes in the Estimates: There is no change in the labor hours to the respondents in this ICR compared to the previous ICR because the regulations have not changed over the past three years and are not anticipated to change over the next three years. Since this ICR renewal was approved to be processed under the "Expedited Approach" option, EPA has maintained the same estimate for the number of sources currently subject to this standard as indicated in the most recently approved ICR. Therefore, the labor hours figures in the previous ICR reflect the current burden to the respondents and are reiterated in this ICR. However, there is a decrease number of respondents currently identified in the OMB Inventory of Approved ICR Burdens.

Dated: July 2, 2010.

John Moses,

Director, Collection Strategies Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2010-0563 FRL-8834-5]

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from May 30, 2010 to June 18, 2010, consists of the PMNs pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

DATES: Comments identified by the specific PMN number or TME number, must be received on or before August 9, 2010.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2010-0563, by one of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- **Mail:** Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

- **Hand Delivery:** OPPT Document Control Office (DCO), EPA East Bldg., Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID Number EPA-HQ-OPPT-2010-0563. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564-8930. Such deliveries are only accepted during the DCO's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to docket ID number EPA-HQ-OPPT-

2010-0563. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available electronically at <http://www.regulations.gov>, or, if only available in hard copy, at the OPPT Docket. The OPPT Docket is located in the EPA Docket Center (EPA/DC) at Rm. 3334, EPA West Bldg., 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room hours of operation are 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number of the EPA/DC Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280. Docket visitors are required to show photographic identification, pass through a metal detector, and sign the EPA visitor log. All visitor bags are processed through an X-ray machine and subject to search. Visitors will be provided an EPA/DC badge that must be

visible at all times in the building and returned upon departure.

FOR FURTHER INFORMATION CONTACT: For technical information contact: Bernice Mudd, Information Management Division (7407M), Office of Chemical Safety Pollution Prevention, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 564-8951; fax number: (202) 564-8955; e-mail address: mudd.bernice@epa.gov.

For general information contact: The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; e-mail address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM that you mail to EPA,

mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- vi. Provide specific examples to illustrate your concerns and suggest alternatives.
- vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- viii. Make sure to submit your comments by the comment period deadline identified.

II. Why is EPA taking this action?

Section 5 of TSCA requires any person who intends to manufacture

(defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a PMN or an application for a TME and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from May 30, 2010 to June 18, 2010, consists of the PMNs pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

III. Receipt and Status Report for PMNs

This status report identifies the PMNs pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period. If you are interested in information that is not included in the following tables, you may contact EPA as described in Unit II. to access additional non-CBI information that may be available.

In Table I of this unit, EPA provides the following information (to the extent that such information is not claimed as CBI) on the PMNs received by EPA during this period: the EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer; the potential uses identified by the manufacturer in the PMN; and the chemical identity.

I. 21 PREMANUFACTURE NOTICES RECEIVED FROM: 5/31/10 TO 6/18/10

Case No.	Received Date	Projected Notice End Date	Manufacturer/Importer	Use	Chemical
P-10-0406	05/28/10	08/25/10	CBI	(G) Polymer used to improve the scratch-resistance of thermoplastics (open / non-dispersive use)	(G) Alkene acrylate copolymer
P-10-0407	05/28/10	08/25/10	CBI	(G) Coatings and inks	(G) Acrylate ester
P-10-0408	06/02/10	08/30/10	Future Fuel Chemical Company	(S) Monomer in alkyl resins (to be used at 0-5% by industrial customers); monomer in surfactants (to be used by industrial customers in this application); solvent (to be used by industrial customers up to 90%); antifreeze in paints and coatings (to be used by industrial customers up to 5%); coalescing aid in inks and coatings (to be used by industrial customers up to 5%)	(S) 1,3-dioxan-5-ol

I. 21 PREMANUFACTURE NOTICES RECEIVED FROM: 5/31/10 TO 6/18/10—Continued

Case No.	Received Date	Projected Notice End Date	Manufacturer/Importer	Use	Chemical
P-10-0408	06/02/10	08/30/10	Future Fuel Chemical Company	(S) Monomer in alkyl resins (to be used at 0–5% by industrial customers); monomer in surfactants (to be used by industrial customers in this application); solvent (to be used by industrial customers up to 90%); antifreeze in paints and coatings (to be used by industrial customers up to 5%); coalescing aid in inks and coatings (to be used by industrial customers up to 5%)	(S) glycerol formal is a isomeric mixture of 1,3 dioxan-5-ol, 1,3-dioxolane-4-methanol
P-10-0409	06/01/10	08/29/10	Dow Chemical Company	(G) Chemical intermediate	(G) Haloalkyl substituted pyridine sulfide
P-10-0410	06/04/10	09/01/10	CBI	(G) Open non-dispersive use (industrial coatings resin)	(G) Urethane acrylate aqueous dispersion
P-10-0411	06/04/10	09/01/10	Dubois Chemicals Inc.	(S) Industrial boiler treatment	(G) Powdered amine
P-10-0412	06/07/10	09/04/10	CBI	(G) Component of topcoat	(G) Acrylic polymer
P-10-0413	06/08/10	09/05/10	Ineos olefins and polymers	(S) Catalyst for polyolefins polymerization	(S) Magnesium, 1-Butanol chloro titanium complexes
P-10-0414	06/08/10	09/05/10	CBI	(G) Acid corrosion inhibitor	(G) Coco phosphonate
P-10-0415	06/10/10	09/07/10	HM metal processing	(S) Flame retardant additive for polymeric products (plastics etc.)	(S) 1,3,4,6,7,9,9b-heptaazaphenalene-2,5,8-triamine
P-10-0416	06/10/10	09/07/10	CBI	(G) Industrial liquid coatings	(G) Polymer of aliphatic acids, aliphatic diols, aliphatic polyols, and aromatic acids
P-10-0417	06/14/10	09/11/10	CBI	(G) Resin for ultraviolet/free radical curable adhesives	(S) Amines, C ₃₆ -alkylenedi-, polymers with 5,5'-[(1-methylethylidene)bis(4,1-phenyleneoxy)]bis[1,3-isobenzofurandione], maleated
P-10-0418	06/14/10	09/11/10	CBI	(G) Leather coating component	(G) Aromatic dicarboxylic acid, polymer with cycloaliphatic diamine, aliphatic diisocyanate, aliphatic dicarboxylic acid, aliphatic diol, polyether diol, and dihydroxy aliphatic carboxylic acid compound with aliphatic triamine
P-10-0419	06/14/10	09/11/10	Emery Oleochemicals LLC	(S) Polyester polyol for polyurethane ridged foam; polyester polyol for polyurethane flexible foam; polyester polyol for polyurethane coatings	(G) Ester polyol, fatty acid ester
P-10-0420	06/14/10	09/11/10	Emery Oleochemicals LLC	(S) Polyester polyol for polyurethane ridged foam; polyester polyol for polyurethane flexible foam; polyester polyol for polyurethane coatings	(G) Ester polyol, fatty acid ester
P-10-0421	06/14/10	09/11/10	CBI	(S) Optical brightener for use in cellulosic paper applications	(G) Triazinylaminostilbene

BILLING CODE 6560-50-S

ENVIRONMENTAL PROTECTION AGENCY

[ER-FRL-8991-4]

Notice of Intent: Designation of an Ocean Dredged Material Disposal Site (ODMDS) Off the Mouth of the St. Johns River, FL

AGENCY: U.S. Environmental Protection Agency (EPA) Region 4.

ACTION: Notice of Intent to prepare an Environmental Impact Statement (EIS) for the designation of an ODMDS off the mouth of the St. Johns River, Florida.

Purpose: EPA has the authority to designate ODMDSs under Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972 (33 U.S.C. 1401 *et seq.*). It is EPA's policy to prepare a voluntary National Environmental Policy document for all ODMDS designations (63 FR 58045, October 1998).

For Further Information, to Submit Comments, and to be Placed On the

Project Mailing List Contact: Mr. Christopher McArthur, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, Atlanta, Georgia 30303, phone 404-562-9391, e-mail: mcarthur.christopher@epa.gov.

SUMMARY: EPA in cooperation with the U.S. Army Corps of Engineers Jacksonville District (USACE) intends to prepare an EIS to designate a new ODMDS offshore the mouth of the St. Johns River. The EIS will provide the information necessary to evaluate the potential environmental impacts associated with ODMDS alternatives and identify a preferred alternative that meets EPA's site selection criteria at 40 CFR 228.5 and 228.6.

Need for Action: The USACE has requested that EPA designate an additional ODMDS, 4 square nautical miles in size, offshore the mouth of the St. Johns River for the disposal of dredged material from the Jacksonville Harbor Federal Navigation Project and from Naval Station Mayport. The need for an additional ODMDS is based on observed mounding at the existing Jacksonville ODMDS, capacity computer modeling results, and estimates of future proposed projects.

Alternatives: The following proposed alternatives have been tentatively defined.

1. No action. The no action alternative is defined as not designating an additional ocean disposal site. The existing Jacksonville ODMDS would reach capacity in 8 to 10 years.

2. Expansion of the existing Jacksonville ODMDS. Expand the existing Jacksonville ODMDS to the south and east.

3. South Alternative ODMDS. Designate an ODMDS 5.8 to 8.6 nautical miles southeast of St. Johns River entrance.

4. North Alternative ODMDS. Designate an ODMDS 4.1 to 7.1 nautical miles northeast of St. Johns River entrance.

Scoping: EPA is requesting written comments from federal, state, and local governments, industry, non-governmental organizations, and the general public on the range of alternatives considered, specific environmental issues to be evaluated in the EIS, and the potential impacts of the alternatives for an ODMDS designated offshore the mouth of the St. Johns River. Scoping comments will be accepted for 60 days, beginning with the date of this Notice. A public scoping meeting will be held in the Jacksonville, Florida area in August of 2010.

Estimated Date of Draft EIS Release: September 2011.

Responsible Official: A. Stanley Meiburg, Acting Regional Administrator, Region 4.

Dated: July 1, 2010.

Susan E. Bromm,

Director, Office of Federal Activities.
