

routing platform should streamline the processing and settlement of fund transactions by allowing access to NSCC's services through a single interface in a seamless automated manner.

Each TPP Member's customer transacting business with an NSCC fund member will be required to enter into a selling group agreement with such fund. Further, because the TPP Member will be a non-settling member with access to Fund/SERV and NSCC's other mutual fund services, the TPP Member must have an NSCC full service member ("settling member") to settle transactions on behalf of the TPP Member's customers. The settling member will receive notice of the settlement obligation for each TPP customer. Each TPP Member's customer will be required to maintain an account relationship with its settling member for the purpose of settling the transactions. Consequently, each TPP Member's customer will be subject to its settling member's customer identification program, due diligence, and where appropriate enhanced due diligence requirements. Because the settling member must be an NSCC full service member, it will be subject to NSCC's standards of membership as if it were to be settling its own transactions in mutual fund services at NSCC.

NSCC believes that the proposed rule change is consistent with the requirements of Section 17A of the Act⁷ and the rules and regulations thereunder that are applicable to NSCC because the proposed rule should streamline the processing and settlement of mutual fund transactions by allowing greater access to its services through a single interface in a seamless automated manner, which should increase efficiencies related to the clearing and settling of mutual fund transactions.

(B) Self-Regulatory Organization's Statement on Burden on Competition

NSCC does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments relating to the proposed rule change have been solicited or received. NSCC will notify the Commission of any written comments received by the NSCC.

III. Date of Effectiveness of the Proposed Rule Change and Timing of Commission Action

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(A)(iii) of the Act⁸ and Rule 19b-4(f)(4)⁹ thereunder because it effects a change in an existing service of a registered clearing agency that does not adversely affect the safeguarding of securities or funds in the custody or control of the clearing agency or for which it is responsible and does not significantly affect the respective rights or obligations of the clearing agency or persons using the service. At any time within sixty days of the filing of such rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

[Release No. 34-62423; File No. SR-Phlx-2010-88]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NASDAQ OMX PHLX, Inc. Relating to Routing Fees

June 30, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹, and Rule 19b-4 thereunder,² notice is hereby given that on June 21, 2010, NASDAQ OMX PHLX, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its fees governing pricing for Exchange members using the Phlx XL II system,³

for routing standardized equity and index option customer and professional orders to away markets for execution.

While changes to the Exchange's Fee Schedule pursuant to this proposal are effective upon filing, the Exchange has designated this proposal to be effective for trades settling on or after July 1, 2010.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqtrader.com/micro.aspx?id=PHLXfilings>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to recoup costs that the Exchange incurs for routing and executing customer and professional orders in equity and index options to away markets.

In May 2009, the Exchange adopted Rule 1080(m)(iii)(A) to establish Nasdaq Options Services LLC ("NOS"), a member of the Exchange, as the Exchange's exclusive order router.⁴ NOS is utilized by the Phlx XL II system solely to route orders in options listed and open for trading on the Phlx XL II system to destination markets.

Currently, the Exchange's Fee Schedule includes Routing Fees for both customer and professional orders. The Exchange currently assesses a Routing Fee of \$.40 per contract in all customer and professional⁵ option orders that are

routed to the NASDAQ Options Market ("NOM").

The Exchange proposes to amend the current fee of \$.40 per contract that is assessed for routing customer and professional orders to NOM in all options to \$.46 per contract. The Exchange is proposing this amendment in order to recoup clearing and transaction charges which are incurred by the Exchange when orders are routed to NOM. Each destination market's transaction charge varies and there is a standard clearing charge for each transaction incurred by the Exchange. The Exchange proposes this fee change to account for an increase in cost for routing to NOM.⁶

As with all fees, the Exchange may adjust these Routing Fees in response to competitive conditions by filing a new proposed rule change. While changes to the Exchange's Fee Schedule pursuant to this proposal are effective upon filing, the Exchange has designated this proposal to be effective for trades settling on or after July 1, 2010.

2. Statutory Basis

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act⁷ in general, and furthers the objectives of Section 6(b)(4) of the Act⁸ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members. The Exchange believes that this fee is equitable because it would be equally assessed on all customer and professional orders routed to NOM. The Exchange also believes that this fee is reasonable because the Exchange is seeking to recoup the costs incurred by the Exchange to route customer and professional orders to NOM on behalf of its members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁹ and paragraph (f)(2) of Rule 19b-4¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
