Estimate of Burden: NIFA used burden estimates from the current CRIS collection to estimate the burden for REEport, but anticipates the transactions for project initiation may be reduced because grant application information will be used to prepopulate many fields. The total annual burden for the non RPPR portion of this collection is 36,620 hours.

Transaction name	Using RPPR format	Estimated number of responses	Estimated burden per response	Total annual burden
Project Initiation	No	3,700	4.6	17,020
Progress Report	Yes	8,700	2.7	23,490
Final Technical Report	No	2,800	2.7	7,560
Expenditure Report	No	8,700	1.4	12,180

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Done at Washington, DC, this 1st day of July, 2010.

Ann Bartuska,

Acting Deputy Under Secretary Research, Education, and Economics.
