

security is not impacted by this exemption.

#### 4.0 Conclusion

Accordingly, the Commission concludes that granting the requested exemption is consistent with existing regulation at 10 CFR 26.207(d), "Plant emergencies," which allows the licensee to not meet the requirements of 10 CFR 26.205(c) and (d) during declared emergencies as defined in the licensee's emergency plan. The 10 CFR Part 26 Statements of Consideration (73 FR 17148; March 31, 2008), state that "Plant emergencies are extraordinary circumstances that may be most effectively addressed through staff augmentation that can only be practically achieved through the use of work hours in excess of the limits of § 26.205(c) and (d)." The objective of the exemption is to ensure that the control of work hours do not impede a licensee's ability to use whatever staff resources may be necessary to respond to a plant emergency and ensure that the plant maintains a safe and secure status.

The actions described in the exemption request and "Hurricane Plan" procedure are consistent with the recommendations in NUREG-1474, "Effect of Hurricane Andrew on the Turkey Point Nuclear Generating Station from August 20-30, 1992." Also consistent with NUREG-1474, NRC staff expects the licensee would have completed a reasonable amount of hurricane preparation prior to the need to sequester personnel, in order to minimize personnel exposure to high winds.

The NRC staff has determined that: (1) The proposed exemption is authorized by law; (2) there is a reasonable assurance that the health and safety of the public will not be endangered by the proposed exemption; (3) such activities will be consistent with the Commission's regulations and guidance; and (4) the issuance of the exemption will not endanger the common defense and security.

Pursuant to 10 CFR 51.32, "Finding of no significant impact," the Commission has previously determined that the granting of this exemption will not have a significant effect on the quality of the human environment (75 FR 21678; April 26, 2010).

This exemption is effective upon issuance.

Dated at Rockville, Maryland, this 2nd day of July 2010.
