**SUPPLEMENTARY INFORMATION:**

TSTF–446, Revision 3, is applicable to all Westinghouse plants. Licensees opting to apply for this TS change are responsible for reviewing the NRC staff's model SE, referencing the applicable technical justifications, and providing any necessary plant-specific information. The NRC will process each amendment application responding to this notice of availability according to applicable NRC rules and procedures.

The proposed models do not prevent licensees from requesting an alternate approach or proposing changes other than those proposed in TSTF–446, Revision 3. However, significant deviations from the approach recommended in this notice or the inclusion of additional changes to the license require additional NRC staff review. This may increase the time and resources needed for the review or result in NRC staff rejection of the license amendment request (LAR). Licensees desiring significant deviations or additional changes should instead submit an LAR that does not claim to adopt TSTF–446, Revision 3.

Dated at Rockville, Maryland, this 24th day of June 2010.

**Table of Contents**

- I. Introduction
- II. Notice of Filing
- III. Ordering Paragraphs

**I. Introduction**

On July 2, 2010, the Postal Service filed a notice announcing that it has entered into two additional Global Expedited Package Services 2 (GEPS 2) contracts.<sup>1</sup> The Postal Service believes the instant contracts are functionally equivalent to previously submitted GEPS 2 contracts, and are supported by Governors' Decision No. 08–7, attached to the Notice and originally filed in Docket No. CP2008–4. *Id.* at 1, Attachment 3. The Notice also explains that Order No. 86, which established GEPS 1 as a product, also authorized functionally equivalent agreements to be included within the product, provided that they meet the requirements of 39 U.S.C. 3633. *Id.* at 1. In Order No. 290, the Commission approved the GEPS 2 product.<sup>2</sup>

*The instant contracts.* The Postal Service filed the instant contracts

pursuant to 39 CFR 3015.5. In addition, the Postal Service contends that each contract is in accordance with Order No. 86. The term of each contract is 1 year from the date the Postal Service notifies the customer that all necessary regulatory approvals have been received. Notice at 2–3.

In support of its Notice, the Postal Service filed four attachments as follows:

1. Attachments 1A and 1B—redacted copies of the two contracts and applicable annexes;
2. Attachments 2A and 2B—a certified statement required by 39 CFR 3015.5(c)(2) for each contract;
3. Attachment 3—a redacted copy of Governors' Decision No. 08–7 which establishes prices and classifications for GEPS contracts, a description of applicable GEPS contracts, formulas for prices, an analysis and certification of the formulas and certification of the Governors' vote; and
4. Attachment 4—an application for non-public treatment of materials to maintain redacted portions of the contracts and supporting documents under seal.

The Notice advances reasons why the instant GEPS 2 contracts fit within the Mail Classification Schedule language for GEPS 2. The Postal Service identifies customer-specific information, general contract terms, and other differences that distinguish the instant contracts from the baseline GEPS 2 agreement, all of which are highlighted in the Notice. *Id.* at 3–6. These modifications as described in the Postal Service's Notice apply to each of the instant contracts.

The Postal Service contends that the instant contracts are functionally equivalent to previously filed GEPS contracts and are substantially similar to that in Docket No. CP2009–50 in terms of the product being offered, the market in which it is offered, and its cost characteristics. *Id.* at 2–3. *See also id.* at 6. (“[T]he relevant cost and market characteristics are similar, if not the same, for these two contracts and the baseline GEPS 2 contract.”)

The Postal Service also contends that its filings demonstrate that each of the new GEPS 2 contracts complies with the requirements of 39 U.S.C. 3633. It requests that the contracts be included within the GEPS 2 product. *Id.* at 7.

**II. Notice of Filing**

The Commission establishes Docket Nos. CP2010–64 and CP2010–65 for consideration of matters related to the contracts identified in the Postal Service's Notice.

These dockets are addressed on a consolidated basis for purposes of this

<sup>1</sup> Notice of United States Postal Service Filing of Two Functionally Equivalent Global Expedited Package Services 2 Negotiated Service Agreements and Application for Non-Public Treatment of Materials Filed Under Seal, July 2, 2010 (Notice).

<sup>2</sup> Docket No. CP2009–50, Order Granting Clarification and Adding Global Expedited Package Services 2 to the Competitive Product List, August 28, 2009 (Order No. 290).
