

required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501 – 3520. Comments are requested concerning: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, and (e) ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a currently valid OMB control number.

**DATES:** Written Paperwork Reduction Act (PRA) comments should be submitted on or before [September 13, 2010]. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202–395–5167 or via email to Nicholas.A.Fraser@omb.eop.gov and to Cathy Williams, Federal Communications Commission via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov.

**FOR FURTHER INFORMATION CONTACT:** Cathy Williams on (202) 418–2918.

**SUPPLEMENTARY INFORMATION:**

OMB Control Number: 3060–xxxx.  
Title: Structure and Practices of the Video Relay Service Program, CG Docket No. 10–51.

Form Number: N/A.

Type of Review: New Collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 10 respondents; 130 responses.

Estimated Time per Response: .017 hours (1 minute average per response).

Frequency of Response: Annual and monthly reporting requirements.

Obligation to Respond: Required to obtain or retain benefits. The statutory

authority for the information collection requirements is found at Sections 1, 4, 225, and 303(r) of the Communications Act of 1934, as amended (Act), 47 U.S.C. 151, 154, 225, and 303(r).

Total Annual Burden: 2.17 hours.

Total Annual Cost: None.

**Nature and Extent of Confidentiality:** An assurance of confidentiality is not offered because this information collection does not require the collection of personally identifiable information (PII) from individuals.

**Privacy Impact Assessment:** No impact(s).

**Needs and Uses:** In document FCC 10–88, the Commission finds good cause to adopt an interim rule requiring the Chief Executive Officer, Chief Financial Officer, or other senior executive of a Telecommunications Relay Service (TRS) provider submitting minutes to the Interstate TRS Fund (Fund) administrator for compensation on a monthly basis to certify, under penalty of perjury, that the submitted minutes were handled in compliance with Section 225 of the Act and the Commission's rules and orders. Also in this document, the Commission requires such an executive to certify, under penalty of perjury, that cost and demand data submitted to the Fund administrator on an annual basis related to the determination of compensation rates or methodologies are true and correct. The explosive growth in the Fund in recent years and evidence of fraud against the Fund, as evidenced by recent indictments and guilty pleas from call center managers and employees admitting to defrauding the Fund of tens of millions of dollars, require the Commission to take immediate steps in preserving the Fund to ensure the continued availability of TRS. By requiring providers to be more accountable for their submissions, the Commission takes necessary, affirmative steps to preserve the TRS Fund.

Federal Communications Commission.

## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

July 8, 2010.

**SUMMARY:** The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501 – 3520. Comments are requested concerning: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, and (e) ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a currently valid OMB control number.

**DATES:** Written Paperwork Reduction Act (PRA) comments should be submitted on or before September 13, 2010. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202–395–5167 or via the Internet at Nicholas.A.Fraser@omb.eop.gov and to the Federal Communications Commission via email to PRA@fcc.gov.

**FOR FURTHER INFORMATION CONTACT:** Judith B. Herman, Office of Managing Director, (202) 418–0214. For additional information, contact Judith B. Herman, OMD, 202–418–0214 or email judith-b.herman@fcc.gov.

**SUPPLEMENTARY INFORMATION:**

OMB Control Number: 3060-0975.

Title: Sections 68.3 and 1.4000, Promotion of Competitive Networks in Local Telecommunications Markets Multiple Tenant Environments (MTEs).  
Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit, not-for-profit institutions, federal government, state, local or tribal government.

Number of Respondents and Responses: 5,874 respondents, 5,874 responses.

Estimated Time Per Response: .5 – 10 hours.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. section 151.

Total Annual Burden: 194,284 hours.

Total Annual Cost: N/A.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: The Commission will submit this expiring information collection to the Office of Management and Budget (OMB) after this comment period to obtain the full three year clearance from them. There is no change to the reporting and/or third party disclosure requirements. There is a 21,598 hour reduction. The Commission anticipated that this burden would decrease over time because the request for location information would have already been made at most buildings. Therefore, the number of respondents is decreasing as well as the total annual burden hours.

In a October 2001 Order, FCC 00-366, the Commission did the following: 1) prohibited carriers from entering into contracts that restrict or effectively restrict a property owner's ability to permit entry by competing carriers; 3) established procedures to facilitate moving the demarcation point to the minimum point of entry ("MPOE") at the building owner's request, and requires incumbent local exchange carriers (LECs) to timely disclose the location of existing demarcation points where they are not located at the MPOE; 3) determined that, under Section 224 of the Communications Act of 1934, as amended, utilities, including LECs, must afford telecommunications carriers and cable service providers reasonable and non-discriminatory access to conduits and rights-of-way located in customer buildings and campuses, to the extent such conduits and rights-of-

way are owned or controlled by the utility; and 4) extended to antennas that receive and transmit

telecommunications and other fixed wireless signals the existing prohibition of restrictions that impair the installation, maintenance or use of certain video antennas on property within the exclusive use or control of the antenna user, where the user has a direct or indirect ownership or leasehold interest in the property.

a. The demarcation point burden consists of two components: 1) the LEC shall make available information on the location of the demarcation point within ten business days of a request from the premises owner (location information); and 2) at the time of installation, the LEC shall fully inform the premises owner of its options and rights regarding the placement of the demarcation point or points (options information).

b. The Over-the-Air Reception Devices (OTARD) portion of this information collection relates to the revision of the Commission's rules under 1.4000. Under those revisions, as a condition of invoking protection under 47 CFR 1.400 from government, landlord, and association restrictions, a licensee must ensure that subscriber antennas are labeled to give notice of potential radio frequency safety hazards of these antennas. Labeling information (third party disclosure requirement) should include minimum separation distances required between users and radiating antennas to meet the Commission's radio frequency exposure guidelines. Labels should also include reference to the Commission's applicable radio frequency exposure guidelines and should use the ANSI-specified warning symbol for radio frequency exposure. In addition, the instruction manuals and other information accompanying subscriber transceivers should include a full explanation of the labels, as well as a reference to the applicable Commission radio frequency exposure guidelines.
