

case and rebuttal briefs and post-preliminary surrogate value submissions. Thus, it is not practicable to complete this review within the time specified under the Act. Therefore, we are extending the time for the completion of the final results of this review by 45 days to October 25, 2010.

This notice is published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 7, 2010.

Edward C. Yang,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Circular Welded Non-Alloy Steel Pipe from the Republic of Korea: Extension of Time Limit for Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Matthew Jordan at (202) 482-1540; AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On December 23, 2009, the Department of Commerce (“the Department”) published a notice of initiation of administrative review of the antidumping duty order on circular welded non-alloy steel pipe from the Republic of Korea, covering the period November 1, 2008 through October 31, 2009. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 74 FR 68229 (December 23, 2009). The current deadline for the preliminary results of this administrative review is August 9, 2010.¹

¹ As explained in the memorandum from the Deputy Assistant Secretary for Import Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from February 5 through February 12, 2010. Thus, all deadlines in this segment of the proceeding have been extended by seven days. The revised deadline for the preliminary results of this review is now August 9, 2010. *See Memorandum to the Record from Ronald*

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and the final results of review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

The Department requires additional time to review and sales and cost information submitted by the respondents in this administrative review because this review involves complex sales and cost accounting issues. Thus, it is not practicable to complete this review within the originally anticipated time limit (*i.e.*, by August 9, 2010). Therefore, the Department is extending the time limit for completion of the preliminary results by 120 days to not later than December 7, 2010, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: July 7, 2010.

Edward C. Yang,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XW97

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Coral and Coral Reefs off the Southern Atlantic States; Exempted Fishing Permit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

Lorentzen, DAS for Import Administration, regarding “Tolling of Administrative Deadlines As a Result of the Government Closure During the Recent Snowstorm,” dated February 12, 2010.

ACTION: Notice of receipt of an application for an exempted fishing permit; request for comments.

SUMMARY: NMFS announces the receipt of an application for an exempted fishing permit (EFP) from Mr. Don DeMaria. If granted, the EFP would authorize Mr. DeMaria to collect and retain, with certain conditions, limited numbers of gorgonian corals from Federal waters, off the coast of North Carolina. The specimens would be used to support research efforts towards a grant awarded to the National Cancer Institute to screen marine invertebrates for possible anti-cancer compounds.

DATES: Comments must be received no later than 5 p.m., eastern time, on July 28, 2010.

ADDRESSES: You may submit comments on the application by any of the following methods:

- E-mail: Nikhil.Mehta@noaa.gov.

Include the following document identifier in the subject line of the e-mail comment: “DonDeMaria_EFP”.

- Mail: Nikhil Mehta, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701.
- Fax: 727-824-5308.

The application and related documents are available for review upon written request to any of the above addresses.

FOR FURTHER INFORMATION CONTACT: Nikhil Mehta, 727-824-5305; fax: 727-824-5308; e-mail: Nikhil.Mehta@noaa.gov.

SUPPLEMENTARY INFORMATION: The EFP is requested under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C 1801 *et seq.*), and regulations at 50 CFR 600.745(b) concerning exempted fishing.

This action involves activities covered by regulations implementing the Fishery Management Plan for Coral, Coral Reefs, and Live/Hardbottom Habitat of the South Atlantic Region. The applicant has requested authorization to collect a maximum of 11 lb (5 kg) of gorgonian corals belonging to the Genus *Thesea*. Specimens would be collected in Federal waters off the coast of North Carolina. The project proposes to use SCUBA gear to make the collections. Samples would be collected over a period of 2 months, commencing on the date of issuance of the EFP.

The overall intent of the project is to support research efforts to screen marine invertebrates for possible anti-cancer compounds. The research is part of a contract (No. HHSN261200900012C) between the National Cancer Institute (<http://>
