[Project No. 13702-000]

FFP Missouri 2, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

July 7, 2010.

On April 5, 2010, FFP Missouri 2, LLC filed an application, pursuant to section 4(f) of the Federal Power Act, proposing to study the feasibility of the Grenada Lake Hydroelectric Project, to be located on the Yalobusha River, Grenada County, Mississippi. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed Grenada Lake Hydroelectric Project consists of: (1) An existing 13,900-foot-long dam and dike; (2) a control tower containing four vertical gates connected to a 400-foot-long outlet tunnel; (3) a proposed intake structure; (4) a proposed 600-foot-long, 14-foot diameter steel penstock; (5) a proposed reinforced concrete powerhouse containing a 5.0 megawatt turbine/generator; (6) a proposed 2,000-foot-long 12.5-kilovolt three-phase overhead transmission line; and (7) appurtenant facilities. The FFP Missouri 2, LLC, project would have an average annual generation of 25-gigawatt-hours.

Applicant Contact: Ms. Ramya Swaminathan, FFP Missouri 2, LLC, 33 Commercial Street, Gloucester, MA 01930, phone (978) 283-2822.

FERC Contact: Pennie Lewis-Partee, (202) 502-6018.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance date of this notice. Comments, motions to intervene, notices of intent, and competing applications may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. If unable to be filed electronically, documents may be paper-filed. To paper-file, an original and eight copies should be mailed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

For more information on how to submit these types of filings, please go to the Commission's Web site located at <http://www.ferc.gov/filing-comments.asp>. More information about this project can be viewed or printed on the "eLibrary" link of the Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. FFP Missouri 2, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

July 7, 2010.

On April 5, 2010, FFP Missouri 2, LLC filed an application, pursuant to section 4(f) of the Federal Power Act, proposing to study the feasibility of the Enid Lake Hydroelectric Project, to be located on the Yucoma River, Yalobusha County, Mississippi. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed Enid Lake Hydroelectric Project consists of: (1) An existing 8,400-foot-long dam and dike; (2) a control tower containing vertical gates connected to a 400-foot-long outlet tunnel; (3) a proposed 40-foot-wide intake structure; (4) a proposed 600-foot-long, 10-foot diameter steel penstock; (5) a proposed reinforced concrete powerhouse containing a 4-megawatt turbine/generator; (6) a proposed 0.5-mile-long 12.5-kilovolt three-phase overhead transmission line; and (7) appurtenant facilities. The FFP Missouri 2, LLC, project would have an average annual generation of 20-gigawatt-hours.
