

DEPARTMENT OF THE INTERIOR**National Park Service****Notice of Intent To Prepare a Shoreline Restoration and Management Plan/ Environmental Impact Statement (EIS) for Indiana Dunes National Lakeshore, Indiana**

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)), the National Park Service (NPS) is announcing its intent to prepare an environmental impact statement (EIS) for a Shoreline Restoration and Management Plan (SRMP) for Indiana Dunes National Lakeshore (Park), Indiana. The EIS will be approved by the Regional Director, Midwest Region.

The SRMP will prescribe the resource conditions and restoration activities that are to be achieved and maintained for the shoreline over the next 15 to 20 years. The SRMP will outline what must be achieved based on review of the Park's purpose, significance, special mandates, and the body of laws and policies that direct Park administration. Based on determinations of restoration endpoints necessary to achieve the NPS mission in context of the southern Lake Michigan Shoreline, the SRMP will outline the kinds of resource management and restoration activities that would be appropriate in the future. A range of reasonable management alternatives will be developed and the quantitative and science-based impacts will be assessed through this planning process and will include, at a minimum, no-action and the preferred alternative.

Major issues to be addressed in the SRMP include: Restoration or replication of natural shoreline sand movement; foredune/dune restoration and management; limiting or removing terrestrial and aquatic invasive species threats to the lakeshore; and improved water quality.

DATES: Any comments on the scope of issues to be addressed in the EIS can be received at any time after the publication of this notice in the FR. Public meetings regarding the EIS will be held during the scoping period. Specific dates, times, and locations will be made available in the local media; on the Park Web site (<http://www.nps.gov/indu>); on the NPS Planning, Environment and Public Comment (PEPC) Web site (<http://parkplanning.nps.gov/indu>); or by contacting the Superintendent at the address and telephone number below.

ADDRESSES: Information on the planning process will be available from the Superintendent, Indiana Dunes National

Lakeshore 1100 N. Mineral Springs Road, Porter, Indiana 46304, telephone 219-926-7561.

SUPPLEMENTARY INFORMATION: If you wish to comment on any issues associated with the EIS, you may submit your comments by any one of several methods. You may mail comments to the Park, or deliver them directly to the Park, at the address above. Finally, you may provide comments electronically by entering them into the PEPC Web site at the address above.

Before including your address, telephone number, email address, or other personal identifying information in your comments, you should be aware that your entire comment (including your personal identifying information) may be made publicly available at any time. While you can ask us in your comments to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: June 2, 2010.

Ernest Quintana,

Regional Director, Midwest Region.

Notice of Filing of Plats of Survey; Montana

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of filing of plats of survey.

SUMMARY: The Bureau of Land Management (BLM) will file the plat of survey of the lands described below in the BLM Montana State Office, Billings, Montana, thirty (30) days from the date of publication in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Steve Toth, Cadastral Surveyor, Branch of Cadastral Survey, Bureau of Land Management, 5001 Southgate Drive, Billings, Montana 59101-4669, telephone (406) 896-5121 or (406) 896-5009.

SUPPLEMENTARY INFORMATION: This survey was executed at the request of the Superintendent, Fort Peck Agency, through the Rocky Mountain Regional Director, Bureau of Indian Affairs, and was necessary to determine boundaries of trust or tribal interest lands.

The lands we surveyed are:

Principal Meridian, Montana

T. 26 N., R. 44 E.

The plat, in 3 sheets, representing the dependent resurvey of portions of the north boundary, the subdivisional lines, the subdivision of sections 1, 2, 3, and 10, the adjusted original meanders of the left bank of the Missouri River, downstream, through sections 2, 3, 10, and 15, and the adjusted 2006 meanders of the left bank of the Missouri River and the adjusted 2006 left bank of a relicted channel of the Missouri River, downstream, through sections 10 and 15, the subdivision of sections 1, 2, 3,

and 10, and the survey of the meanders of the present left bank of the Missouri River, downstream, through sections 2, 3, and 10, the left bank of a relicted channel of the Missouri River, downstream, through section 2, two medial lines of a relicted channel of the Missouri River, certain division of accretion lines and partition lines, two metes and bounds descriptions of a warranty deed, now designated as Parcel A and B, in section 2, and an attached island, now designated as Tract 37, Township 26 North, Range 44 East, of the Principal Meridian, Montana, was accepted July 2, 2010.

We will place a copy of the plat, in 3 sheets, and related field notes we described in the open files. They will be available to the public as a matter of information. If the BLM receives a protest against this survey, as shown on this plat, in 3 sheets, prior to the date of the official filing, we will stay the filing pending our consideration of the protest. We will not officially file this plat, in 3 sheets, until the day after we have accepted or dismissed all protests and they have become final, including decisions or appeals.

Authority: 43 U.S.C. Chap. 3.

Dated: July 12, 2010.

James D. Clafin,

Chief Cadastral Surveyor, Division of Resources.

BILLING CODE 4310-DN-P

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Intent to Repatriate Cultural Items: U.S. Department of the Interior, Bureau of Indian Affairs, Washington, DC and Wisconsin Historical Society, Museum Division, Madison, WI

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is here given in accordance with the Native American Graves Protection and Repatriation Act, (NAGPRA), 25 U.S.C. 3005, of the intent to repatriate cultural items in the control of the U.S. Department of the Interior, Bureau of Indian Affairs, Washington, DC, and in the possession of the Wisconsin Historical Society, (aka State Historical Society of Wisconsin), Museum Division, Madison, WI, that meet the definition of unassociated funerary object under 25 U.S.C. 3001.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in

this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the cultural items. The National Park Service is not responsible for the determinations in this notice.

In 1928, human remains and funerary objects were removed from at least two mounds located within the boundaries of the Menominee Indian Tribe Reservation, Menominee County (formerly Shawano County), WI, by Arthur P. Kannenberg and John V. Satterlee. The exact location of these mounds is not known. In 1950, the Wisconsin Historical Society, Museum Division, obtained the human remains, associated funerary objects, and unassociated funerary objects from the wife of Arthur P. Kannenberg. The human remains and associated funerary objects are described in a companion Notice of Inventory Completion. The 91 unassociated funerary objects are 89 earrings and earring fragments, and 2 silver brooches.

The Menominee Indian Reservation falls within the ancestral and historic territory of the Menominee people. Archeological investigation has uncovered additional historic burials in this area. Additionally, archeological research shows that earrings and brooches, similar to the ones mentioned above, are commonly found within historic Indian burials throughout the Great Lakes region. Furthermore, Menominee oral history states that the origin of the Menominee people began at the mouth of the Menominee River, which is approximately 60 miles from the present-day Menominee Reservation.

Officials of the Bureau of Indian Affairs and Wisconsin Historical Society, Museum Division, have determined that, pursuant to 25 U.S.C. 3001(3)(B), the 91 cultural items described above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual. Officials of the Bureau of Indian Affairs and Wisconsin Historical Society, Museum Division, also have determined that, pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the unassociated funerary objects and the Menominee Indian Tribe of Wisconsin.

Representatives of any other Indian tribe that believes itself to be culturally affiliated with the unassociated funerary objects should contact Jennifer L. Kolb,

Wisconsin Historical Museum, 30 N. Carroll St., Madison, WI 53703, telephone (608) 261-2461, before August 18, 2010. Repatriation of the unassociated funerary objects to the Menominee Indian Tribe of Wisconsin may proceed after that date if no additional claimants come forward.

The Wisconsin Historical Society, Museum Division, is responsible for notifying the Menominee Indian Tribe of Wisconsin that this notice has been published.

Dated: July 9, 2010

Sherry Hutt,

Manager, National NAGPRA Program.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Inventory Completion: Wisconsin Historical Society, Museum Division, Madison, WI

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains in the possession of the Wisconsin Historical Society (aka State Historical Society of Wisconsin), Museum Division, Madison, WI. The human remains were removed from the Pueblo of Zuni, Catron County, NM.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

A detailed assessment of the human remains was done by Wisconsin Historical Society professional staff in consultation with the Zuni Tribe of the Zuni Reservation, New Mexico.

Sometime prior to 1892, human remains representing a minimum of one individual were excavated from a depth of several feet below the surface of the present-day Pueblo of Zuni, Catron County, NM, by the Hemenway expedition. The Hemenway Expedition 1886-1896, was directed by Frank Hamilton Cushing, then Director of the Department of Ethnology at the National Museum. Mary E. Harper donated the remains to the Wisconsin Historical
