### Science Advisory Board Staff Office; Notification of Rescheduling of Teleconference of the SAB Trichloroethylene Review Panel

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The EPA Science Advisory Board (SAB) Staff Office announces a rescheduling of a public teleconference of the SAB Trichloroethylene Review Panel. The teleconference, previously scheduled for August 5, 2010, will be held on September 13, 2010. The SAB Panel will discuss its draft review report on EPA's *Toxicological Review of Trichloroethylene in Support of Summary Information on the Integrated Risk Information System (IRIS)*, External Review Draft (October 2009).

**DATES:** There will be a public teleconference on September 13, 2010 from 12 p.m. to 4 p.m. (Eastern Daylight Time). The teleconference previously scheduled for August 5, 2010 is cancelled.

**ADDRESSES:** The teleconference will be conducted by phone only.

**FOR FURTHER INFORMATION CONTACT:** Any member of the public wishing to obtain information concerning the public teleconference may contact Dr. Holly Stallworth, Designated Federal Officer (DFO), EPA Science Advisory Board Staff Office (1400R), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; by telephone/voice mail at (202) 564-2073 or via e-mail at [stallworth.holly@epa.gov](mailto:stallworth.holly@epa.gov). General information about the SAB, as well as any updates concerning the meeting announced in this notice, may be found on the SAB Web site at <http://www.epa.gov/sab>.

**SUPPLEMENTARY INFORMATION:** Pursuant to the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2, notice is hereby given that the SAB Trichloroethylene Review Panel (Panel) will hold a public teleconference to discuss its peer review report to EPA. The SAB was established pursuant to 42 U.S.C. 4365 to provide independent scientific and technical advice to the

Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under FACA. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

The SAB Panel held a teleconference on April 20, 2010, a face-to-face meeting on May 10-12, 2010 and a teleconference on June 24, 2010. These meetings were announced in the **Federal Register** Notices dated March 31, 2010 (75 FR 16108-16109) and June 2, 2010 (75 FR 30827-30828), respectively. The **Federal Register** Notice of June 2, 2010 also announced a teleconference on August 5, 2010. This teleconference is now rescheduled for September 13, 2010. The SAB Panel will discuss its draft advisory on EPA's *Toxicological Review of Trichloroethylene in Support of Summary Information on the Integrated Risk Information System (IRIS)*, External Review Draft (October 2009).

**Availability of Meeting Materials:** The SAB meeting agenda and materials in support of this teleconference will be placed on the SAB Web site at <http://www.epa.gov/sab> in advance of the teleconference. For technical questions and information concerning EPA's draft IRIS document, please contact Dr. Weihsueh Chiu at (703) 347-8607, or [chiu.weihsueh@epa.gov](mailto:chiu.weihsueh@epa.gov).

**Procedures for Providing Public Input:** Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a Federal advisory committee to consider as it develops advice for EPA. They should send their comments directly to the Designated Federal Officer for the relevant advisory committee. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to three minutes per speaker, with no more than a total of 30 minutes for all speakers. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Dr. Holly Stallworth, DFO, in writing (preferably via e-mail) at the contact information noted above, by

September 8, 2010 for the September 13, 2010 teleconference to be placed on the list of public speakers. **Written Statements:** Written statements should be supplied to the DFO via email at the contact information noted above no later than September 8, 2010. Written statements should be supplied in one of the following electronic formats: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format. Submitters are requested to provide versions of signed documents, submitted with and without signatures, because the SAB Staff Office does not publish documents with signatures on its Web sites.

**Accessibility:** For information on access or services for individuals with disabilities, please contact Dr. Holly Stallworth at (202) 564-2073 or [stallworth.holly@epa.gov](mailto:stallworth.holly@epa.gov). To request accommodation of a disability, please contact Dr. Stallworth preferably at least ten days prior to each teleconference to give EPA as much time as possible to process your request.

Dated: July 22, 2010.

### Methyl Parathion; Rescission of Previously Issued Order and Issuance of Revised Cancellation Order for Certain Pesticide Registrations

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's rescission of a previously issued cancellation order and provides a revised cancellation order, voluntarily requested by the registrants and accepted by the Agency, of products containing methyl parathion, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This revised cancellation order rescinds a July 16, 2010 **Federal Register** Notice which incorrectly stated the effective date of the cancellations of the product registrations listed in Table 1 of Unit II. This order correctly identifies the effective dates of cancellation for the affected product registrations. In addition, this order clarifies the existing

stocks provisions. These are the last products containing this pesticide registered for use in the United States. In the April 28, 2010 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 2 of Unit II. to voluntarily cancel all these product registrations, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 30 day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency received two comments on the notice but none merited the denial or the further review of the requests. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

**DATES:** The cancellations are effective December 31, 2012.

**FOR FURTHER INFORMATION CONTACT:** Kelly Ballard, Pesticide Re-evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-8126; fax number: (703) 305-5290; e-mail address: [ballard.kelly@epa.gov](mailto:ballard.kelly@epa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. General Information**

*A. Does this Action Apply to Me?*

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

*B. How Can I Get Copies of this Document and Other Related Information?*

EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2009-0332. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only

available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

**II. What Action is the Agency Taking?**

This revised cancellation order rescinds a July 16, 2010 **Federal Register** Notice (75 FR 41482) which incorrectly stated the effective date of the cancellations of the product registrations listed in Table 1 of Unit II and issues a revised order for the cancellation of methyl parathion products. This order correctly identifies the effective dates of cancellation for the affected product registrations. In addition, this order clarifies the existing stocks provisions.

The cancellation order for methyl parathion products, issued in the **Federal Register** on July 16, 2010 is rescinded. This notice announces the cancellations as requested by registrants, of methyl parathion products registered under section 3 of FIFRA. These registrations are listed in sequence by registration number in Table 1 of this unit.

TABLE 1.—METHYL PARATHION PRODUCT CANCELLATIONS

Table 2 of this unit includes the names and addresses of record for all registrants of the products in Table 1 of this unit, in sequence by EPA company number. This number corresponds to the first part of the EPA registration numbers of the products listed above.

TABLE 2.—REGISTRANTS OF CANCELLED PRODUCTS

**III. Summary of Public Comments Received and Agency Response to Comments**

EPA received two comments from the general public. The first comment was from the Independent Scientific Research Advocates, and refers to the toxicity issues of organophosphates as a class of chemicals, and does not specifically refer to this cancellation action for methyl parathion. The second comment was from the USA Rice Federation, and notes the concern over the loss of methyl parathion. USA Rice would like EPA to expedite a replacement chemical for methyl parathion, and would support the expedition. The Agency does not believe that the comments submitted during the comment period merit further review for the purpose of this order or for a denial of the requests for voluntary cancellation.

**IV. Cancellation Order**

Pursuant to FIFRA section 6(f), EPA hereby approves the requested cancellations of methyl parathion registrations identified in Table 1 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit II. are canceled. The effective date of the cancellations that are subject of this notice is December 31, 2012. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II. in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI. will be a violation of FIFRA.

**V. What is the Agency's Authority for Taking this Action?**

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish

a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment on April 28, 2010 (75 FR 22402-22404) (FRL-8822-6). The comment period closed on May 28, 2010.

## VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the action. The existing stocks provision for the products subject to this order is specified in the Memorandum of Agreement between the EPA and registrants listed in Table 2 ([www.regulations.gov](http://www.regulations.gov)—EPA—HQ—OPP—2009—0010). The existing stocks provision is as follows: All sale, distribution and use of existing stocks of manufacturing-use products imported into the United States shall be prohibited as of December 31, 2012. In addition, as of December 31, 2012, all sale, distribution, and use of existing stocks of manufacturing-use products shall be prohibited unless the sale, distribution, or use is for purposes of export consistent with section 17 of FIFRA or for proper disposal. Registrants are prohibited from selling or distributing end-use products as of December 31, 2012, except for end-use products intended for export consistent with the requirements of section 17 of FIFRA, or for proper disposal. Persons other than the registrants are permitted to sell or distribute end-use products prior to August 31, 2013. All sale and distribution of end-use products shall be prohibited as of August 31, 2013, except for export consistent with section 17 of FIFRA or for proper disposal. Additionally, all use of existing stocks of the end-use products shall be prohibited as of December 31, 2013, except for products intended for export consistent with the requirements of section 17 of FIFRA or proper disposal. Finally, as of the effective date of this cancellation order, any permitted use of existing stocks is expressly conditioned upon such use being consistent with the terms of the previously approved labeling on or that accompanied the cancelled product.
