

Agreement; *Form No.*: CMS-460 (OMB# 0938-0373); *Use*: The CMS-460 is the agreement a physician, supplier or their authorized official signs to participate in Medicare Part B. By signing the agreement to participate in Medicare, the physician, supplier or their authorized official agrees to accept the Medicare-determined payment for Medicare covered services as payment in full and to charge the Medicare Part B beneficiary no more than the applicable deductible or coinsurance for the covered services. For purposes of this explanation, the term a supplier means any person or entity that may bill Medicare for Part B services (e.g. DME supplier, nurse practitioner, supplier of diagnostic tests) except a Medicare provider of services (e.g. hospital), which must participate to be paid by Medicare for covered care.

There are additional benefits associated with payment for services paid under the Medicare fee schedule. Payments made under the Medicare fee schedule for physician services to participating physicians and suppliers are based on 100 percent of the Medicare fee schedule amount, while the Medicare fee schedule payment for physician services by nonparticipating physicians and suppliers is based on 95 percent of the fee schedule amount. Physicians and suppliers who do not participate in Medicare are subject to limits on their actual charges for unassigned claims for physician services. These limits, known as limiting charges, cannot exceed 115 percent of the non-participant fee schedule, which is set at 95 percent of the full fee schedule amount. In addition, if a physician or supplier does not accept assignment on a claim for Medicare payment, the physician or supplier must collect payment from the beneficiary. If the physician or supplier accepts assignment on the claim, Medicare pays its share of the payment directly to the physician or supplier, resulting in faster and more certain payment. *Frequency*: Reporting, Other—when starting a new business; *Affected Public*: Business or other for-profit; *Number of Respondents*: 8,000; *Total Annual Responses*: 8,000; *Total Annual Hours*: 2,000. (For policy questions regarding this collection contact April Billingsley at 410-786-0410. For all other issues call 410-786-1326.)

3. Type of Information Collection Request: New collection; *Title of Information Collection*: Survey to Inform the Children's Health Insurance Program (CHIP) National Outreach & Education Campaign; *Form No.*: CMS-10318 (OMB# 0938-New); *Use* The Children's Health Insurance Program

Reauthorization Act of 2009 (CHIPRA or Pub. L. 111-3) reauthorized the Children's Health Insurance Program (CHIP) through FY 2013. It will preserve coverage for the millions of children who rely on CHIP today and provide the resources for States to reach millions of additional uninsured children. This legislation will help ensure the health and well-being of our nation's children. To support this legislation and to help people who would benefit from CHIP make more informed decisions, CMS will be conducting outreach. The outreach will employ numerous communications channels to educate people who would benefit from CHIP concerning the program benefits, eligibility and enrollment requirements, utilization, and retention. As part of the outreach, CMS will seek to increase awareness, enrollment and retention in CHIP for the eligible audiences. The primary target audience for the outreach includes parents and guardians of potentially eligible children as well as pregnant women. Secondary audiences are information intermediaries including State, local, and tribal governments, educators (including non-parental caregivers) health care providers/social workers, national and local partners. The challenge is reaching the population segments that have access barriers to information including language, literacy, location, and culture to understand health insurance. To support the outreach and education, CMS needs to conduct survey research to be able to effectively reach the target audiences. *Frequency*: Reporting—Once; *Affected Public*: Individuals or Households; *Number of Respondents*: 1,850; *Total Annual Responses*: 1,850; *Total Annual Hours*: 2,000. (For policy questions regarding this collection contact Barbara Allen at 410-786-6716. For all other issues call 410-786-1326.)

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS) is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. Type of Information Collection Request: Extension of a currently approved collection; *Title of Information Collection*: Medicare and Medicaid Programs: Programs of All-Inclusive Care for the Elderly (PACE); *Use*: PACE organizations must demonstrate their ability to provide quality community-based care for the frail elderly who meet their State's nursing home eligibility standards using capitated payments from Medicare and the state. The model of care includes as core services the provision of adult day health care and multidisciplinary team case management, through which access to and allocation of all health services is controlled. Physician, therapeutic, ancillary, and social support services are provided in the participant's residence or on-site at the adult day health center. PACE programs must

provide all Medicare and Medicaid covered services including hospital, nursing home, home health, and other specialized services. Financing of this model is accomplished through prospective capitation of both Medicare and Medicaid payments. The information collection requirements are necessary to ensure that only appropriate organizations are selected to become PACE organizations and that CMS has the information necessary to monitor the care provided to the frail, vulnerable population served. *Form Number:* CMS-R-244 (OMB#: 0938-0790); *Frequency:* Once and Occasionally; *Affected Public:* State, Local, or Tribal Governments and Not-for-profit institutions; *Number of Respondents:* 99; *Total Annual Responses:* 99; *Total Annual Hours:* 81,911.5.
