

witnesses retained by a party as experts or consultants and court reporters that are required to record or transcribe testimony containing specific SSI and do not have a current security threat clearance required for access to classified national security information as defined by E.O. 12958 as amended. In order to determine if the individual may be granted access to SSI for this purpose, TSA will conduct a threat assessment that includes: (1) A fingerprint-based criminal history records check (CHRC), (2) a name-based check to determine whether the individual poses or is suspected of posing a threat to transportation or national security, including checks against terrorism, immigration or other databases TSA maintains or uses; and (3) a professional responsibility check (for attorneys and court reporters).

TSA will use the information collected to conduct the security threat assessment for the purpose of determining whether the provision of such access to the information for the proceeding presents a risk of harm to the Nation. The results of the security threat assessment will be used to make a final determination on whether the individual may be granted access to the SSI at issue in the case. TSA estimates that the total annual hour burden for this collection will be 180 hours, based on an estimated 180 annual respondents and a one-hour burden per respondent.

Notice of Intent To Solicit Nominations, Western Oregon Resource Advisory Committees

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Call for Nominations.

SUMMARY: The Secretary of the Interior is requesting 64 nominations for representatives to serve on the Coos Bay, Eugene, Medford, Roseburg, and Salem District Resource Advisory Committees (RACs). The Committees will advise the Secretary, through the Bureau of Land Management (BLM), on the selection and prioritization of projects funded under Title II of the Secure Rural Schools and Community Self-Determination Act. Terms will begin on the date of appointment and will expire three years from the date of appointment. The initial call for nominations, published in the **Federal Register** on April 29, 2010, did not result in a sufficient number of candidates to fill all vacant positions. Nominations received during the earlier Call for Nominations will be considered after this closing date, so applicants do not need to submit a new form.

DATES: Submit nomination packages to one or more of the addresses listed below, on or before August 30, 2010.

ADDRESSES: Advisory Council nomination forms are available at the District Offices in western Oregon, and completed nominations should be submitted to the office of the specific RAC where the applicant would serve:

Coos Bay District Resource Advisory Committee: Glenn Harkleroad, 1300 Airport Lane, North Bend, Oregon 97459, (541) 756-0100;

Eugene District Resource Advisory Committee: Pat Johnston, 3106 Pierce Parkway, Suite E, Springfield, Oregon 97477, (541) 683-6600;

Medford District Resource Advisory Committee: Jim Whittington, 3040 Biddle Road, Medford, Oregon 97504, (541) 618-2200;

Roseburg District Resource Advisory Committee: Jake Winn, 777 NW Garden Valley Blvd., Roseburg, Oregon 97470, (541) 440-4930; and

Salem District Resource Advisory Committee: Richard Hatfield, 1717 Fabry Road SE, Salem, Oregon 97306, (503) 375-5657.

FOR FURTHER INFORMATION CONTACT: Pam Robbins, Oregon/Washington Bureau of Land Management, Oregon State Office, PO Box 2965, Portland, Oregon 97208, (503) 808-6306; pam_robbins@blm.gov.

SUPPLEMENTARY INFORMATION: The Secure Rural Schools and Community Self-Determination Act was extended to provide stability for local counties by compensating them, in part, for the decrease in funds formerly derived from timber harvests on Federal lands. Pursuant to the Act, the five Committees serve western Oregon BLM districts that contain Oregon and California grant lands and Coos Bay Wagon Road grant lands. Committees consist of 15 local citizens representing a wide array of interests.

The RACs provide a mechanism for local community collaboration with Federal land managers as they select projects to be conducted on Federal lands or that will benefit resources on Federal lands using funds under Title II of the Act.

Committee membership must be balanced in terms of the categories of interest represented. Prospective members are advised that membership on a Resource Advisory Committee calls for a substantial commitment of time and energy.

Any individual or organization may nominate one or more persons to serve on the Committees. Individuals may also nominate themselves or others. Nominees must reside within one of the counties that are (in whole or in part)

within the BLM District boundaries of the Committee(s) on which membership is sought. A person may apply for more than one Committee. Nominees will be evaluated based on their education, training, and experience relating to land use issues and knowledge of the geographical area of the Committee. Nominees must also demonstrate a commitment to collaborative resource decision-making. The Obama Administration prohibits individuals who are currently federally registered lobbyists from serving on all Federal Advisory Committee Act (FACA) and non-FACA boards, committees, or councils.

You may make nominations for the following categories of interest:

- Category One—5 persons who:
1. Represent organized labor or non-timber forest product harvester groups;
 2. Represent developed outdoor recreation, off-highway vehicle users, or commercial recreation activities;
 3. Represent energy and mineral development interests or commercial or recreational fishing interests;
 4. Represent the commercial timber industry; or
 5. Hold Federal grazing permits, or other land permits, or represent nonindustrial private forest land owners within the area for which the committee is organized.

Category Two—5 persons who represent:

1. Nationally recognized environmental organizations;
2. Regionally or locally recognized environmental organizations;
3. Dispersed recreational activities;
4. Archaeological and historical interests; or
5. Nationally or regionally recognized wild horse and burro interest groups, wildlife or hunting organizations, or watershed associations.

Category Three—5 persons who:

1. Hold State elected office (or a designee);
2. Hold county or local elected office;
3. Represent American Indian tribes within or adjacent to the area for which the committee is organized;
4. Are school officials or teachers; or
5. Represent the affected public-at-large.

The Resource Advisory Committees will be based on western Oregon BLM District boundaries. Specifically, the BLM Committees are as follows:

Coos Bay District Resource Advisory Committee advises Federal officials on projects associated with Federal lands within the Coos Bay District which includes lands in Coos, Curry, Douglas, and Lane Counties.

Eugene District Resource Advisory Committee advises Federal officials on

projects associated with Federal lands within the Eugene District boundary which includes lands in Benton, Douglas, Lane, and Linn Counties.

Medford District Resource Advisory Committee advises Federal officials on projects associated with Federal lands within the Medford District and Klamath Falls Resource Area in the Lakeview District which includes lands in Coos, Curry, Douglas, Jackson, and Josephine Counties and small portions of west Klamath County.

Roseburg District Resource Advisory Committee advises Federal officials on projects associated with Federal lands within the Roseburg District boundary which includes lands in Douglas, Lane, and Jackson Counties.

Salem District Resource Advisory Committee advises Federal officials on projects associated with Federal lands within the Salem District boundary which includes lands in Benton, Clackamas, Clatsop, Columbia, Lane, Lincoln, Linn, Marion, Multnomah, Polk, Tillamook, Washington, and Yamhill Counties.

Authority: Title VI, Section 205 of Pub. L. 110–343.

Edward W. Shepard,
State Director Oregon/Washington.

Notice of Availability of the West Tavaputs Plateau Natural Gas Full Field Development Plan Final Environmental Impact Statement and Record of Decision

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) has prepared a Final Environmental Impact Statement (EIS) for the West Tavaputs Natural Gas Full Field Development Plan and by this notice is announcing its availability. Concurrently, the BLM announces the availability of the Record of Decision (ROD) for this project, located in Carbon, Duchesne, and Uintah Counties, Utah. The Utah State Director signed the ROD on July 2, 2010, which constitutes the final decision of the BLM.

DATES: The decision is effective 30 days from the date that the Environmental Protection Agency (EPA) publishes its notice in the **Federal Register**. The Council on Environmental Quality regulations normally requires a minimum 30-day availability period between the Notice of Availability for the Final EIS and the issuance of a ROD. Because this ROD is subject to a 30-day appeal to the Interior Board of Land Appeals (IBLA), the BLM has decided to issue this ROD at the same time as the Final EIS as allowed by 40 CFR 1506.10(b). This allows the 30-day appeal period for this ROD and the 30-day availability period for the Final EIS to run concurrently.

ADDRESSES: Copies of the Final EIS and ROD are available for public inspection at the Price Field Office, Bureau of Land Management, 125 South 400 West, Price, Utah 84501, or via the Internet at <http://www.blm.gov/ut/st/en/fo/price.html>.

FOR FURTHER INFORMATION CONTACT: For further information contact Tyler Ashcroft, Planning and Environmental Coordinator, telephone (435) 636–3613; address 125 South 600 West, Price, Utah 84501; e-mail Tyler_Ashcroft@blm.gov.

SUPPLEMENTARY INFORMATION: The West Tavaputs Plateau (WTP) Project Area is located in Carbon, Duchesne, and Uintah counties approximately 30 miles east-northeast of Price, Utah. All surface disturbance related to the project would be located in Carbon County. The WTP Project Area is bounded on the west by Sheep Canyon, on the north by Nine Mile Canyon, and on the east by Desolation Canyon of the Green River. The southern boundary of the WTP Project Area is a straight line reflecting an anticline in the sub-surface that limits the southern extent of the natural gas resources targeted by the project. Surface ownership in the 137,930-acre WTP Project Area is approximately 87 percent Federal, 8 percent State of Utah, and 5 percent private. Mineral ownership closely parallels surface ownership.

During preparation of the WTP EIS, the Environmental Protection Agency (EPA), United States Fish and Wildlife Service, State of Utah, Carbon County, Duchesne County, and Uintah County participated as Cooperating Agencies.

Under the Proposed Action (Alternative A) of the WTP EIS, the project proponent, Bill Barrett Corporation (BBC), and other operators with leases in the WTP Project Area, proposed development of up to 807 natural gas wells from up to 538 well pads. The BLM considered four additional alternatives: Alternative B—
