### Federal Aviation Administration

#### Office of Commercial Space Transportation; Notice of Availability of the Final Supplemental Environmental Assessment and Finding of No Significant Impact to the September 2008 Environmental Assessment for Space Florida Launch Site Operator License, Brevard County, FL

**AGENCY:** The Federal Aviation Administration (FAA), lead Federal agency and United States Air Force, cooperating agency.

**ACTION:** Notice of Availability of Final SEA and FONSI.

**SUMMARY:** In accordance with National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), Council on Environmental Quality NEPA implementing regulations (40 CFR Parts 1500-1508), and FAA Order 1050.1E, Change 1, the FAA is announcing the availability of the Final Supplemental Environmental

Assessment (Final SEA) and Finding of No Significant Impact (FONSI) to the September 2008 Environmental Assessment for Space Florida Launch Site Operator License. The Final SEA was prepared in response to an application for a Launch Site Operator License from Space Florida. Under the Proposed Action, the FAA would issue a Launch Site Operator License to Space Florida to operate a commercial space launch site at Launch Complex 36 (LC-36) and LC-46 at Cape Canaveral Air Force Station (CCAFS) in Brevard County, Florida. The license would allow Space Florida to support vertical launches of both solid and liquid propellant launch vehicles from LC-36 and LC-46. LC-46 is the easternmost launch complex at CCAFS, located at the tip of Cape Canaveral, and LC-36 is located in the east-central portion of CCAFS. The Final SEA addresses the potential environmental impacts of issuing a Launch Site Operator License for the Proposed Action and the No Action Alternative.

The FAA has posted the Final SEA and FONSI on the FAA Office of Commercial Space Transportation Web site at [http://www.faa.gov/about/office\\_org/headquarters\\_offices/ast/](http://www.faa.gov/about/office_org/headquarters_offices/ast/). In addition, copies of the Final SEA and

FONSI were sent to persons and agencies on the distribution list (found in Chapter 8 of the Final SEA). A paper copy and a CD version of the Final SEA and FONSI may be reviewed during regular business hours at the following locations:

Titusville Public Library, 2121 S. Hopkins Ave., Titusville, FL 32780.  
Cocoa Beach Public Library, 550 North Brevard Ave, Cocoa Beach, FL 32931.  
Cape Canaveral Public Library, 201 Polk Avenue, Cape Canaveral, FL 32920.  
Merritt Island Public Library, 1195 North Courtenay Parkway, Merritt Island, FL 32953.

#### Additional Information

Under the Proposed Action, the FAA would issue a Launch Site Operator License to Space Florida to operate LC-36 and LC-46 as a commercial space launch site for vertical launches of both solid and liquid propellant launch vehicles. The proposed activities at LC-46 remain consistent with those analyzed in the 2008 EA which analyzed the potential environmental impacts of the FAA issuing a Launch Site Operator License to Space Florida to operate a commercial space launch site at LC-46. The 2008 EA analyzed the operation of several types of vertical launch vehicles from LC-46, including
