Here, NPR seeks authorization for a lease from Soo of nearly 300 miles of rail line in Minnesota and North Dakota (the "Wheat Line"). NPR has leased this line since 1997 and now seeks a 20-year renewal. According to the notice (and further detailed in materials filed under seal), the prospective lease includes "a provision that would limit NPR's future interchange of Wheat Line traffic with a third-party connecting carrier at *any* location." *Notice of Exemption* at 4 (emphasis added).

I have indicated my view that interchange commitments should be subject to a searching review by the Board to determine whether they comport with the statute under which Board authorization is sought. See, e.g., Washington & Idaho Ry.—Lease and Operation Exemption—BNSF Ry., FD 35370 (STB served Apr. 23, 2010) (Mulvey, commenting). When the Board adopted new disclosure rules regarding interchange commitments in 2008, we indicated that interchange commitments that contain a total ban on interchange with other carriers would be closely scrutinized. Review of Rail Access and Competition Issues—Renewed Petition of the Western Coal Traffic League, EP 575, slip op. at 15 (STB served Oct. 30, 2007); Disclosure of Rail Interchange Commitments, EP 575 (Sub-No. 1) (STB served May 29, 2008). To fulfill that commitment in this case, the Board should have required a full application (or individual petition for exemption), so that the Board could analyze the competitive impact of the interchange commitment. In certain cases, the Board has required more extensive procedures in transactions that otherwise qualify for the notice process but are deemed to be controversial or non-routine. See, e.g., Northeast Interchange Ry.—Lease and Operation Exemption—Line in Crotonon-Hudson, NY, FD 34734 (STB served Nov. 18, 2005). Our failure to do so here is disappointing, particularly given the length of the leased line, the length of the renewal period, and the fact that the 1997 Board decision authorizing the original lease did not analyze the interchange commitment. See Northern Plains R.R.—Lease and Operation Exemption—Certain Lines of Soo Line R.R., FD 33324 (STB served Jan. 9,

It is time for the Board to build upon its interchange commitment disclosure rules by also disallowing utilization of the class notice of exemption procedure for transactions that prohibit interchange with third party carriers.
