

research programs of the reserve; updates the reserve boundary; proposes criteria for boundary expansion activities through acquisition and/or mitigation; as well as outlines plans for facility use and development to support reserve operations. The goals described in this plan are designed to provide a framework that supports program integration for collaborative management in a highly urbanized bi-national watershed.

Since the last approved management plan in 2000, the reserve has become fully staffed; added a coastal training program that delivers science-based information to key decision makers; developed a robust volunteer program that provides broad support to Reserve programs; added a bi-nationally focused Watershed Program; completed habitat restoration projects to improve estuary function; improved management of sediment delivery to the estuary; and constructed facilities to support essential functions of the reserve including interpretive structures, staff offices, and on-site laboratory.

This management plan amends the boundary of the reserve to be 2,293 acres, 220 acres less, as a result of excluding the Border Infrastructure System completed since the last approved management plan. This plan can be accessed for review at trnerr.org/visitors_center.html.

Notice of Extension of Time Limit for Final Results of Antidumping Duty Administrative Review: Certain Tissue Paper Products from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Brian Smith or Gemal Brangman, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC, 20230; telephone: (202) 482-1766 or (202) 482-3773, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 13, 2010, the Department of Commerce (the Department) published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on certain tissue paper products from the People's Republic of China ("PRC"), covering the period March 1, 2008, through February 28, 2009. See *Certain Tissue Paper Products from the People's Republic of China: Preliminary Results and Partial Rescission of the 2008-2009 Administrative Review*, 75 FR 18812 (April 13, 2010). The current deadline for the final results of this review is August 11, 2010.

Excellence International and Polytex Fibers Corporation.

Extension of Time Limits for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”), requires the Department to issue the final results of the review of an antidumping duty order within 120 days after the date on which the preliminary results are published in the **Federal Register**. If it is not practicable to complete the review within this time period, the Department may extend that 120-day period to 180 days.

The Department finds that it is not practicable to complete the final results of this review within the current time frame, as it requires additional time to properly analyze the arguments submitted by the interested parties in their case and rebuttal briefs, and on the surrogate labor value data the Department placed on the record for comment by the parties.¹ Furthermore, the Department requested additional information on August 9, 2010, on the surrogate value for labor due to a recent finding that the wage rate reported by the International Labor Organization for Honduras, which is part of our aggregate surrogate value for labor, was inaccurate. *See Certain Frozen Warmwater Shrimp from the Socialist Republic of Vietnam: Final Results and Partial Rescission of Antidumping Duty Administrative Review*, dated July 30, 2010, and accompanying Issues and Decision Memorandum at Comment 9. As a result, the Department requires additional time to solicit comments from interested parties on this issue, and to properly analyze the arguments submitted.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limit for completion of the final results of this review until October 12, 2010, which is the next business day after 180 days after the date on which the notice of the preliminary results was published in the **Federal Register**.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: August 9, 2010.

We gave interested parties the opportunity to comment on our preliminary results. We received no comments. Therefore, for these final results, the Department is adopting its preliminary determination that Phuong Nam Foodstuff Corp. is the successor-in-interest to Phuong Nam Co., Ltd.

FOR FURTHER INFORMATION CONTACT: Scot Fullerton at (202) 482-1386 or Steven Hampton at (202) 482-0116, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

The Department published the antidumping duty order on frozen warmwater shrimp from Vietnam on February 1, 2005. *See Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam*, 70 FR 5152 (February 1, 2005) (“VN Shrimp Order”). Phuong Nam Co., Ltd., and Phuong Nam Foodstuff Corp. (collectively “Phuong Nam”) participated in the third and fourth administrative reviews of the VN Shrimp Order and requested an administrative review, and subsequent revocation, for the fifth administrative review.

On May 14, 2010, Phuong Nam informed the Department that Phuong

Nam Co., Ltd., had changed its name to Phuong Nam Foodstuff Corp. and petitioned the Department to conduct a changed-circumstances review to confirm that Phuong Nam Foodstuff Corp. is the successor-in-interest to Phuong Nam Co., Ltd., for purposes of determining antidumping duties as a result of the *VN Shrimp Order*.¹

Upon review of the information submitted by Phuong Nam, the Department determined that an expedited review was practicable and, on June 30, 2010, issued a combined notice of initiation and preliminary results. *See Frozen Warmwater Shrimp From Vietnam: Initiation and Preliminary Results of Changed-Circumstances Review*, 75 FR 37757 (June 30, 2010) (“*Preliminary Results*”). In its *Preliminary Results*, the Department provided all interested parties with an opportunity to comment or request a public hearing regarding the Department’s finding that Phuong Nam Foodstuff Corp. is the successor-in-interest to Phuong Nam Co., Ltd. We did not receive any comments or any requests for a public hearing.

¹ Phuong Nam claims that this name change was required to achieve the company’s goal of listing the company on the Ho Chi Minh City Stock Exchange.

² “Tails” in this context means the tail fan, which includes the telson and the uropods.
