BILLING CODE 3410-10-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Regional Economic Data Collection Program for Southeast Alaska.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission (request for review of a new collection).

Number of Respondents: 394.

Average Hours per Response: Mail surveys and follow-up telephone interviews, 20 minutes; interviews with key informants, 40 minutes.

Burden Hours: 148.

Needs and Uses: This request is for review of a new information collection. The regional or community economic analysis of proposed fishery management policies is required by the Magnuson-Stevens Fishery Conservation and Management Act, National Environmental Policy Act, and Executive Order 12866, among others. To satisfy these mandates and inform policymakers and the public of the likely regional economic impacts associated with fishery management policies, appropriate economic models and the data to implement them are needed.

Much of the data required for regional economic analysis associated with Southeast Alaska fisheries are either unavailable or unreliable. Accurate fishery-level data on employment, labor income, and expenditures in the Southeast Alaska fishery and related industries are not currently available but are needed to estimate the effects of fisheries on the economy of Southeast Alaska. In this planned survey effort, data on these important regional economic variables will be collected and used to develop models that will provide more reliable estimates and

significantly improve policymakers' ability to assess policy effects on fishery-dependent communities in Southeast Alaska. The survey will be conducted one-time only. The survey (mailed) will request data on employment, labor payments, and other expenditures from owners of 1,700 vessels that delivered fish to Southeast Alaska processors in 2009.

Affected Public: Business or other for-profit organizations.

Frequency: One time.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: August 10, 2010.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

National Estuarine Research Reserve System

AGENCY: Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Notice of Comment Period for Revised Management Plans for the following National Estuarine Research Reserves: Narragansett Bay, RI and Tijuana River, CA.

SUMMARY: Notice is hereby given that the Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), U.S. Department of Commerce is announcing a thirty day comment period for the revised management plans of the

Narragansett Bay, RI National Estuarine Research Reserve and the Tijuana, CA National Estuarine Research Reserve. The Narragansett Bay, RI Reserve plan calls for an expansion to their boundary and the Tijuana, CA Reserve plan calls for a reduction to their boundary.

The revised management plan for the Narragansett Bay, RI National Estuarine Research Reserve outlines the administrative structure; the education, training, stewardship, and research goals of the reserve; and the plans for future land acquisition and facility development to support reserve operations. The objectives described in this plan are designed to address the most critical coastal issues in Narragansett Bay such as wastewater and stormwater management, coastal and watershed development, and invasive species management. Since the last approved management plan in 1998, the reserve has become fully staffed; added a coastal training program that delivers science-based information to key decision makers; and added significant monitoring of invasive species, water quality, fish and bird populations. In addition to programmatic and staffing advances, the reserve upgraded visiting research facilities, space available for education and storage, and has increased the availability of dock space for research and educational programming.

This management plan calls for a boundary expansion of 156 acres. The lands consist of one 128 acre parcel on the northern end of Prudence Island that is adjacent to current reserve property and the addition of the 28 acre Dyer Island. Dyer Island Habitats include coastal brush, salt marsh, cobble beaches, and both hard and soft substrate submerged lands. The island is considered a critical bird rookery and hosts an unusual amount of macroalgal diversity and rare examples of unditched salt marsh habitat. The 128 acre Ballard Property on Prudence Island consists of forested land with early successional shrubland and grassland communities as well as an important freshwater creek and the associated wetlands. The Dyer Island property will provide opportunities for research and passive recreation while the easily accessed Prudence Island parcel will be appropriate for education, recreation, and upland research purposes. This plan can be accessed for review at <http://www.nbnerr.org>.

The revised management plan for the Tijuana River National Estuarine Research Reserve outlines a framework of overarching goals and program specific objectives that will guide the education, training, stewardship, and

research programs of the reserve; updates the reserve boundary; proposes criteria for boundary expansion activities through acquisition and/or mitigation; as well as outlines plans for facility use and development to support reserve operations. The goals described in this plan are designed to provide a framework that supports program integration for collaborative management in a highly urbanized bi-national watershed.

Since the last approved management plan in 2000, the reserve has become fully staffed; added a coastal training program that delivers science-based information to key decision makers; developed a robust volunteer program that provides broad support to Reserve programs; added a bi-nationally focused Watershed Program; completed habitat restoration projects to improve estuary function; improved management of sediment delivery to the estuary; and constructed facilities to support essential functions of the reserve including interpretive structures, staff offices, and on-site laboratory.

This management plan amends the boundary of the reserve to be 2,293 acres, 220 acres less, as a result of excluding the Border Infrastructure System completed since the last approved management plan. This plan can be accessed for review at trnerr.org/visitors_center.html.

FOR FURTHER INFORMATION CONTACT: Alison Krepp at (301) 563-7105 or Laurie McGilvray at (301) 563-1158 of NOAA's National Ocean Service, Estuarine Reserves Division, 1305 East-West Highway, N/ORM5, 10th floor, Silver Spring, MD 20910.

Dated: August 9, 2010.

Donna Wieting,

Director, Office of Ocean and Coastal, Resource Management, National Oceanic and Atmospheric Administration.

DEPARTMENT OF COMMERCE

International Trade Administration

(A-570-916)

Laminated Woven Sacks from the People's Republic of China: Extension of the Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: August 16, 2010.

FOR FURTHER INFORMATION CONTACT: Brandon Farlander, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone: (202) 482-0182.

SUPPLEMENTARY INFORMATION: On September 22, 2009, the Department of Commerce ("the Department") published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on laminated woven sacks from the People's Republic of China. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 74 FR 48224 (September 22, 2009). The period of review ("POR") is January 31, 2008, through July 31, 2009. On April 20, 2010,¹ the Department extended the preliminary results by 90 days so the current due date is August 9, 2010, which is the first business day after the 90-day extended due date of August 8, 2010.²

Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the "Act"), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time period to a maximum of 365 days.

The Department has already extended the preliminary results by 90 days but an additional 30-day extension is necessary because the Department needs additional time to analyze and review Petitioners'³ newly submitted

¹ See *Laminated Woven Sacks from the People's Republic of China: Extension of the Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review*, 75 FR 20564 (April 20, 2010).

² As explained in the memorandum from the Deputy Assistant Secretary for Import Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from February 5, through February 12, 2010. As a result, all deadlines in this segment of the proceeding have been extended by seven days, and the revised deadline for the preliminary results became May 10, 2010. See Memorandum to the Record from Ronald Lorentzen, DAS for Import Administration, regarding "Tolling of Administrative Deadlines As a Result of the Government Closure During the Recent Snowstorm," dated February 12, 2010.

³ Petitioners are the Laminated Woven Sacks Committee and its individual members, Coating

allegations as well as to request and analyze additional information from Zibo Aifudi Plastic Packaging Co., Ltd. in a supplemental questionnaire. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completing the preliminary results of the instant administrative review by 30 days from August 8, 2010, until September 7, 2010. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to sections 751(a) and 777(i) of the Act.

Dated: August 5, 2010.

Edward C. Yang,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Notice of Extension of Time Limit for Final Results of Antidumping Duty Administrative Review: Certain Tissue Paper Products from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Brian Smith or Gemal Brangman, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC, 20230; telephone: (202) 482-1766 or (202) 482-3773, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 13, 2010, the Department of Commerce (the Department) published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on certain tissue paper products from the People's Republic of China ("PRC"), covering the period March 1, 2008, through February 28, 2009. See *Certain Tissue Paper Products from the People's Republic of China: Preliminary Results and Partial Rescission of the 2008-2009 Administrative Review*, 75 FR 18812 (April 13, 2010). The current deadline for the final results of this review is August 11, 2010.

Excellence International and Polytex Fibers Corporation.
