Except for the entries noted above,¹ these antidumping duties will be assessed on all unliquidated entries of woven electric blankets from the PRC entered, or withdrawn from the

warehouse, for consumption on or after February 3, 2010, the date on which the Department published its *Preliminary Determination*. See *Preliminary Determination* at 5567.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 18, 2010.

FOR FURTHER INFORMATION CONTACT:

Laurel LaCivita, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW,

Washington, DC 20230; telephone: (202) 482-4243.

Background

On April 21, 2010, the Department of Commerce ("the Department") published the preliminary results of this administrative review for the period April 1, 2008, to March 31, 2009. See *Magnesium Metal from the People's Republic of China: Preliminary Results of the 2008-2009 Antidumping Duty Administrative Review*, 75 FR 20817 (April 21, 2010). The final results of review are currently due on August 19, 2010.

Extension of Time Limits for the Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time period to a maximum of 180 days. Completion of the final results of the administrative review within the 120-day period is not practicable because the Department requires additional time to analyze information obtained at verification; analyze extensive surrogate value information, case and rebuttal briefs; and to hold a public hearing.

Because it is not practicable to complete this review within the time specified under the Act, we are extending the time period for issuing

the final results of the administrative review to 180 days, until October 18, 2010, in accordance with section 751(a)(3)(A) of the Act.

We are publishing this notice pursuant to sections 751(a) and 777(i) of the Act.

Dated: August 10, 2010.

shipments.² Finally, on July 14, 2010, the Department issued a memorandum informing parties that the Department was reconsidering the valuation of wage rates.³ We gave the interested parties an opportunity to comment on the *Preliminary Results*. After reviewing the interested parties' comments, we made changes to our calculations for these final results of the review. The final dumping margin for this review is listed in the "Final Results of the Review" section below.

DATES: *Effective Date:* August 18, 2010.

FOR FURTHER INFORMATION CONTACT: Jeff Pedersen, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-2769.

Background

Following publication of the *Preliminary Results*, on March 23, 2010, Great Rich (HK) Enterprises Co., Limited, Coronal Enterprises Co., Ltd., Dongguan Wanhengtong Industry Co., Ltd., Season Furniture Manufacturing Co., Ltd., and Season Industrial Development Co., Ltd. submitted comments in lieu of a formal case brief. Other interested parties, including Petitioners⁴ and Fairmont,⁵ submitted case and rebuttal briefs on April 9, 2010, and April 20, 2010, respectively. In addition, the Coalition⁶ submitted a case brief on April 9, 2010. On April 28, 2010, we rejected a portion of Fairmont's rebuttal brief due to the inclusion of untimely new information. On April 30, 2010, Fairmont resubmitted its rebuttal brief with the new information excluded.

On April 28, 2010, the Department issued the Nanmu No Shipments Memo addressing Nanjing Nanmu's claim of no shipments.⁷ On May 5, 2010, Petitioners submitted their case brief concerning

Nanjing Nanmu. On May 10, 2010, Nanjing Nanmu submitted a rebuttal brief. On May 25, 2010, the Department extended the deadline for the final results of the instant administrative review to August 11, 2010.⁸ On June 9, 2010, the Department received a letter from the PRC government commenting on the *Preliminary Results*. The Department responded to this letter on June 17, 2010.⁹ On July 14, 2010, the Department issued the Wage Rate Notification. Interested parties submitted case and rebuttal briefs on July 19, 2010, and July 22, 2010, respectively. On July 29, 2010, pursuant to requests by Fairmont and Petitioners, the Department held a hearing.¹⁰

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in these reviews are addressed in the Memorandum from Edward C. Yang, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Deputy Assistant Secretary for Import Administration, "Issues and Decision Memorandum for the Final Results of the Administrative Review of the Antidumping Duty Order on Wooden Bedroom Furniture from the People's Republic of China," dated August 11, 2010, which is hereby adopted by this notice (Issues and Decision Memorandum). A list of the issues which parties raised and to which we respond in the Issues and Decision Memorandum is attached to this notice as Appendix I. The Issues and Decision Memorandum is a public document and is on file in the Central Records Unit, Main Commerce Building, Room 1117, and is accessible on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the memorandum are identical in content.

Changes Since the Preliminary Results

Based on an analysis of the comments received, the Department has made certain changes in the margin calculations. For the final results, the Department has made the following changes:

Surrogate Values¹¹

- We have valued TCSR's miscellaneous veneer using an average of Philippine imports of Harmonized Tariff Schedule (HTS) subheadings 4408.39.90 and 4408.31. See Comment 3 of the Issues and Decision Memorandum.

- We have valued Fairmont's plywood inputs based on Philippine imports of HTS subheading 4412.14. Because these imports are from 2007, we have inflated them. See Comment 4 of the Issues and Decision Memorandum.

- We have valued Fairmont's curve panel inputs based on Philippine imports of HTS subheading 9403.90. See Comment 5 of the Issues and Decision Memorandum.

- We have valued Fairmont's expanded polyethylene sheet inputs based on Philippine imports of HTS subheading 3921.19.19. See Comment 6 of the Issues and Decision Memorandum.

- We have valued Fairmont's purchased bon feet using Philippine imports under HTS subheading 4421.90.99. See Comment 7 of the Issues and Decision Memorandum.

- We have valued Fairmont's particle board inputs based on India's imports of HTS subheading 4410.11.10 and 4410.31. See Comment 21 of the Issues and Decision Memorandum.

- We have based the surrogate value of Fairmont's brokerage and handling charges on the World Bank's Doing Business in the Philippines Report. See Comment 22 of the Issues and Decision Memorandum.

- We have valued Fairmont's glass inputs based on Philippine imports of HTS subheading 7005.10.90, excluding the imports from Japan. See Comment 25 of the Issues and Decision Memorandum.

- We have valued Fairmont's water-based polymer isocyanate adhesive based on Philippine imports of HTS subheading 3506.91. See Comment 11 of the Issues and Decision Memorandum.

- We have valued Fairmont's inland freight expenses using Indian Infobanc data. See Comment 12 of the Issues and Decision Memorandum.

- We have revised the surrogate wage rate. See Comment 34 of the Issues and Decision Memorandum.

of the Issues and Decision Memorandum.

Ministerial Errors¹²

- We have corrected coding errors in our calculation of the *Preliminary Results* and thereby incorporated all changes in the database submitted by Fairmont regarding its minor corrections to products for which it had previously weight-averaged certain fields based on the incorrect physical characteristic codes and control numbers. See Comment 10 of the Issues and Decision Memorandum.

- When converting Fairmont's consumption of poly vinyl chloride (PVC) veneer from square meters to kilograms, we have relied on a weighted-average measurement from all of Fairmont's period of review (POR) purchases of PVC veneer in its October 14, 2009 submission at Exhibit FD-SE-3D-49. See Comment 8 of the Issues and Decision Memorandum.

- We have applied the minor corrections reported by Fairmont at verification that were incorrectly applied to international freight and applied them to other transportation costs. See Comment 10 of the Issues and Decision Memorandum.

- We have valued marine insurance purchased from market economy suppliers in market economy prices for market economy purchases where Fairmont, not the seller, incurred this charge based on the amounts reported by Fairmont. See Comment 13 of the Issues and Decision Memorandum.

- For all CEP sales, we have included interest expenses in the indirect selling ratio only in the amount that it exceeded inventory carrying costs and credit expenses. See Comment 32 of the Issues and Decision Memorandum.

- We have included freight costs in the denominator of Fairmont's indirect selling ratio. See Comment 27 of the Issues and Decision Memorandum.

- We have removed the imports of HTS subheading 4421.90.99 with a unit of measure other than kilograms from the surrogate value calculation for pull knob wood, wood plugs, and bun feet. See Comment 28 of the Issues and Decision Memorandum.

Other Changes¹³

- For all CEP sales, we have calculated inventory carrying costs based only on the time period between entry date and the reported date of shipment to the customer. See Comment

29 of the Issues and Decision Memorandum.

- For those sales for which Fairmont did not know the actual entered value, we have estimated entered value based on Fairmont's submitted sales information. See Comment 17 of the Issues and Decision Memorandum.

- Because we have determined that they are not subject merchandise, we have removed all side tables from the calculation of the value of unreported sales. See Comment 31 of the Issues and Decision Memorandum.

- The Department has rescinded the review with respect to Shanghai Sunrise Furniture Co., Ltd. (Shanghai Sunrise) and Fairmont Designs and removed these companies' names from the companies listed under Fairmont's rate in the U.S. Customs and Border Protection (CBP) module. Reviews for these companies were initiated together with Dongguan Sunrise Furniture Co. and Taicang Sunrise Wood Industry Co., Ltd. However, the Department later determined that Shanghai Sunrise¹⁴ no longer existed and Fairmont Designs was not located in the PRC.¹⁵

- We have determined that Nanjing Nanmu made unreported sales of subject merchandise during the POR, and as a result there is no basis to rescind the review with respect to Nanjing Nanmu. In addition, we have determined that Nanjing Nanmu did not demonstrate its eligibility for a separate rate. Thus, we are treating Nanjing Nanmu as part of the PRC-wide Entity and because of the failure of the PRC-wide Entity to cooperate to the best of its ability in reporting sales of subject merchandise we have applied adverse facts available (AFA) to this entity, which includes Nanjing Nanmu.¹⁶

Period of Review

The POR is January 1, 2008, through December 31, 2008.

Scope of the Order

The product covered by the order is WBF which is generally, but not exclusively, designed, manufactured, and offered for sale in coordinated groups, or bedrooms, in which all of the individual pieces are of approximately

Imports of subject merchandise are classified under subheading 9403.50.9040 of the HTSUS as "wooden * * * beds" and under subheading 9403.50.9080 of the HTSUS as "other * * * wooden furniture of a kind used in the bedroom." In addition, wooden headboards for beds, wooden footboards for beds, wooden side rails for beds, and wooden canopies for beds may also be entered under subheading 9403.50.9040 of the HTSUS as "parts of wood" and framed glass mirrors may also be entered under subheading 7009.92.5000 of the HTSUS as "glass mirrors * * * framed." The order covers all WBF meeting the above description, regardless of tariff classification. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

that are not otherwise specifically named in this scope (*i.e.*, wooden headboards for beds, wooden footboards for beds, wooden side rails for beds, and wooden canopies for beds) and that do not possess the essential character of wooden bedroom furniture in an unassembled, incomplete, or unfinished form. Such parts are usually classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 9403.90.7000.

³⁰ Upholstered beds that are completely upholstered, *i.e.*, containing filling material and completely covered in sewn genuine leather, synthetic leather, or natural or synthetic decorative fabric. See *Wooden Bedroom Furniture from the People's Republic of China: Final Results of Changed Circumstances Review and Determination to Revoke Order in Part*, 74 FR 8506 (February 25, 2009). Further, as determined in the scope ruling memorandum "Wooden Bedroom Furniture from the People's Republic of China: Scope Ruling on a White Toy Box," dated July 6, 2009, the dimensional ranges used to identify the toy boxes that are excluded from the wooden bedroom furniture order apply to the box itself rather than the lid.

Separate Rates

Companies Granted Separate Rates in the Preliminary Results

In the *Preliminary Results*, we stated that the following companies demonstrated their eligibility for separate-rate status: (1) Fairmont; (2) Longrange Furniture Co. Ltd.; (3) Langfang Tiancheng Furniture Co., Ltd.; (4) Tianjin Fortune Furniture Co., Ltd.; (5) Baigou Crafts Factory of Fengkai; (6) Zhongshan Gainwell Furniture Co. Ltd. For these final results, we continue to find that evidence placed on the record of this review demonstrates that these companies provided information that shows both a *de jure* and *de facto* absence of government control with respect to their respective exports of the merchandise under review and, thus, these companies are eligible for separate-rate status.

With respect to the following companies not selected for individual examination in this review: (1) Shun Feng Furniture Co., Ltd.; (2) COE Ltd.; (3) Transworld (Zhangzhou) Furniture Co. Ltd.; (4) Decca Furniture Ltd., aka Decca; (5) Dongguan Landmark Furniture Products Ltd.; (6) Winny Overseas, Ltd.; (7) Dongguan Yihaiwei Furniture Limited, we continue to grant a separate rate to these companies because these companies are wholly owned by individuals or companies located in a market economy. As wholly foreign-owned companies, we have no evidence indicating that these companies are under the control of the PRC. Therefore, a separate-rate analysis is not necessary to determine whether these companies are independent from government control.³²

Since the *Preliminary Results*, no interested parties submitted comments regarding these findings. Therefore, for the final results, we have granted these companies a separate rate.

Companies Not Providing Separate Rate Certifications or Applications

The following 34 companies for which the Department initiated the instant review did not provide a separate rate certification or application and therefore have not demonstrated their eligibility for separate rate status in this administrative review:

- Best King International Ltd.
- Brother Furniture Manufacture Co., Ltd.

³² See *Preliminary Results*; see also *Notice of Final Determination of Sales at Less Than Fair Value: Creatine Monohydrate From the People's Republic of China*, 64 FR 71104, 71104-05 (December 20, 1999) (where the Department determined that a respondent that was wholly foreign-owned qualified for a separate rate).

- BNBM Co., Ltd. (aka Beijing New Materials Co., Ltd.)
- Classic Furniture Global Co., Ltd.
- Der Cheng Wooden Works of Factory
- Dong Guan Golden Fortune Houseware Co., Ltd.
- Dongguan Chunsan Wood Products Co., Ltd., Trendex Industries Ltd.
- Dongguan Hua Ban Furniture Co., Ltd.
- Dongguan New Technology Import & Export Co., Ltd.
- Dongguan Sunpower Enterprise Co., Ltd.
- Ever Spring Furniture Co. Ltd., S.Y.C Family Enterprise Co., Ltd.
- Furnmart Ltd.
- Green River Wood (Dongguan) Ltd.
- Guangming Group Wumahe Furniture Co., Ltd.
- Hamilton & Spill Ltd.
- Hung Fai Wood Products Factory, Ltd.
- Hwang Ho International Holdings Limited
- Kalanter (Hong Kong) Furniture Company Limited
- King Kei Furniture Factory, King Kei Trading Co., Ltd., Jiu Ching Trading Co., Ltd.
- King Wood Furniture Co., Ltd.
- King's Way Furniture Industries Co., Ltd., Kingsyear Ltd.
- Profit Force Ltd.
- Shenyang Kunyu Wood Industry Co., Ltd.
- Shenzhen Dafuhao Industrial Development Co., Ltd.
- Sino Concord International Corporation
- Starwood Furniture Manufacturing Co. Ltd.
- Top Goal Development Co.
- Union Friend International Trade Co., Ltd.
- Wan Bao Chen Group Hong Kong Co. Ltd.
- Yingli Arts & Crafts Factory of Yangchun
- Yangchen Hengli Co., Ltd.
- Yichun Guangming Furniture Co., Ltd.
- Yongxin Industrial (Holdings) Limited
- Zhong Cheng Furniture Co., Ltd.

In the *Preliminary Results*, we also found that Inni Furniture and Shanghai Aosen Furniture Co., Ltd., a mandatory respondent, are part of the PRC-Wide entity. Since the *Preliminary Results*, no interested parties submitted comments regarding our findings regarding all 36 companies listed above. Therefore, for the final results, we continue to treat these entities as part of the PRC-Wide entity.

Since the *Preliminary Results*, we have determined that Nanjing Nanmu

made unreported sales of subject merchandise.³³ Thus, we no longer find a basis to rescind the review with respect to Nanjing Nanmu. Further, Nanmu Nanjing did not provide a separate rate certification or application. Accordingly, we have determined that it is not eligible for a separate rate and we are treating Nanjing Nanmu as part of the PRC-wide entity.³⁴

Adverse Facts Available (AFA)

In the *Preliminary Results*, we noted that in accordance with sections 776(a)(2)(B) and 782(c)(1) of the Act, the use of facts available is appropriate for the PRC-wide entity. The Department assigned the rate of 216.01 percent, the highest rate on the record of any segment of the proceeding to all companies classified under the PRC-wide entity, as AFA.³⁵ As no interested party commented on this determination regarding the PRC-wide entity, we have made no changes from our *Preliminary Results* with respect to this issue. In addition, the Department has determined that Nanjing Nanmu's actions, as part of the PRC-wide entity, provide an additional basis to apply AFA to the PRC-wide entity.³⁶ In failing to report these sales to the Department, the PRC-wide Entity, which includes Nanjing Nanmu, withheld necessary information within the meaning of section 776(a) of the Act and failed to cooperate to the best of its ability within the meaning of section 776(b) of the Act.³⁷

Also in the *Preliminary Results*, we determined that Fairmont failed to report certain sales and thus withheld necessary information within the meaning of section 776(a) of the Act and failed to act to the best of its ability to comply with the Department's requests for information within the meaning of section 776(b) of the Act regarding certain sales and factors of production information for subject merchandise. We therefore applied AFA to its unreported sales, pursuant to section 776(b) of the Act. As partial AFA, we applied to the unreported sales a margin of 216.01 percent. Parties commented both on our decision to apply AFA and on our choice of which AFA rate to apply to Fairmont. After considering these comments, we have continued to

apply as AFA to Fairmont's unreported sales a margin of 216.01 percent.³⁸

Corroboration of Secondary Information

Section 776(c) of the Act provides that, when the Department relies on secondary information rather than on information obtained in the course of an investigation or review, it shall, to the extent practicable, corroborate that information from independent sources that are reasonably at its disposal. Secondary information is defined as information derived from the petition that gave rise to the investigation or review, the final determination concerning the subject merchandise, or any previous review under section 751 of the Act concerning the subject merchandise.³⁹ Corroborate means that the Department will satisfy itself that the secondary information to be used has probative value.⁴⁰ To corroborate secondary information, the Department will, to the extent practicable, examine the reliability and relevance of the information to be used.⁴¹ Independent sources used to corroborate such evidence may include, for example, published price lists, official import statistics and customs data, and information obtained from interested parties during the particular investigation or review.⁴²

The 216.01 AFA rate that the Department is using in this review is a company-specific rate calculated in the 2004–2005 *New Shipper Review* of the WBF order.⁴³ No additional information has been presented in the current review which calls into question the

reliability of the information. Thus, we have determined this information continues to be reliable. With respect to the relevance aspect of corroboration, the Department will consider information reasonably at its disposal to determine whether a margin continues to have relevance. Where circumstances indicate that the selected margin is not appropriate as AFA, the Department will disregard the margin and determine an appropriate margin.⁴⁴ Similarly, the Department does not apply a margin that has been discredited.⁴⁵ To assess the relevancy of the rate used, the Department compared the transaction-specific margins calculated for Fairmont in the instant administrative review with the 216.01 percent rate calculated in the *2004–2005 New Shipper Review* and found that the 216.01 percent margin was within the range of the margins calculated on the record of the instant administrative review. Because the dumping margins used to corroborate the AFA rate do not reflect unusually high dumping margins relative to the calculated rates determined for the cooperating respondent, the Department is satisfied that the dumping margins used for corroborative purposes reflect commercial reality because they are based upon real transactions that occurred during the POR, were subject to verification by the Department, and were sufficient in number both in terms of the number of sales and as a percentage of total sales quantity.⁴⁶

Since the 216.01 percent margin is within the range of transaction-specific margins on the record of this administrative review, the Department has determined that the 216.01 percent margin continues to be relevant for use as an AFA rate for the PRC-wide entity in this administrative review. Also, because this rate is within the range of

Fairmont's transaction-specific margins in this review, we find the rate relevant as applied to Fairmont's unreported sales.

As the adverse margin is both reliable and relevant, the Department has determined that it has probative value. Accordingly, the Department has determined that this rate meets the corroboration criterion established in section 776(c) of the Act. Fairmont has raised arguments with respect to the reliability and relevance of this rate as applied to Fairmont, which are addressed in the accompanying Issues and Decision Memorandum at Comment 31.

Final Partial Rescission of Administrative Review

In the *Preliminary Results*, the Department announced its intent to rescind the administrative review with respect to the following companies because they all reported that they had made no shipments during the POR.

- Dongguan Dihao Furniture Co., Ltd.
- Dongguan Mingsheng Furniture Co., Ltd.

- Winmost Enterprises Limited.
- Yeh Brothers World Trade, Inc.⁴⁸
- Zhangzhou XYM Furniture Product Co., Ltd.

We confirmed these companies' claims by issuing a no-shipment inquiry to CBP and examining electronic CBP data. Our examination of shipment data from CBP for the above companies provided no indication that there were no entries of subject merchandise during the POR exported by these companies. We received no response from CBP regarding our no-shipment inquiry, which supports the companies' no-shipment certification. No other parties commented on our preliminary intent to rescind. Thus, there is no information or argument on the record of the current review that warrants reconsidering our preliminary decision to rescind. Therefore, we are rescinding this administrative review with respect to above-listed companies.

Assessment Rates

The Department will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For assessment purposes, we calculated exporter/importer- (or customer) -specific assessment rates for merchandise subject to this review. Where appropriate, we calculated an *ad valorem* rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total entered values associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting *ad valorem* rate against the entered customs values for the subject merchandise. Where appropriate, we calculated a per-unit rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total sales quantity associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting per-unit rate against the entered quantity of the subject merchandise. Where an importer- (or customer) -specific assessment rate is *de minimis* (*i.e.*, less than 0.50 percent), the Department will instruct CBP to assess that importer (or customer's) entries of subject merchandise without regard to antidumping duties. We intend to instruct CBP to liquidate entries containing subject merchandise exported by the PRC-wide entity at the PRC-wide rate we determine in the final results of this review. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this review.

Cash-Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this

administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be the rates shown for those companies; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 216.01 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements shall remain in effect until further notice.

Notification of Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested.

Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

We are issuing and publishing these final results and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Certain Orange Juice From Brazil: Final Results of Antidumping Duty Administrative Review and Notice of Intent Not To Revoke Antidumping Duty Order in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* August 18, 2010.

SUMMARY: On April 13, 2010, the Department of Commerce published its preliminary results of the administrative review of the antidumping duty order on certain orange juice from Brazil. This review covers two producers/exporters of the subject merchandise to the United States. The period of review (POR) is March 1, 2008, through February 28, 2009.

After analyzing the comments received, we have made certain changes in the margin calculations. Therefore, these final results differ from the preliminary results. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled "Final Results of Review."

Finally, we have determined not to revoke the antidumping duty order with respect to certain orange juice from Brazil produced and exported by Sucocitrico Cutrale, S.A. (Cutrale).

FOR FURTHER INFORMATION CONTACT: Hector Rodriguez or Blaine Wiltse, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0629 or (202) 482-6345, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 13, 2010, the Department published in the **Federal Register** the preliminary results of administrative review of the 2008-2009 antidumping duty order on certain orange juice from

Brazil. *See Certain Orange Juice from Brazil: Preliminary Results of Antidumping Duty Administrative Review and Notice of Intent Not to Revoke Antidumping Duty Order in Part*, 75 FR 18794 (Apr. 13, 2010) (*Preliminary Results*).

We invited parties to comment on our preliminary results of review. In May 2010, we received case and rebuttal briefs from the petitioners (*i.e.*, Florida Citrus Mutual, A. Duda & Sons, Citrus World Inc., and Southern Gardens Citrus Processing Corporation). We also received case briefs from both respondents (*i.e.*, Fischer S.A. Comercio, Industria, and Agricultura (Fischer) and Cutrale).

The Department has conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The scope of this order includes certain orange juice for transport and/or further manufacturing, produced in two different forms: (1) Frozen orange juice in a highly concentrated form, sometimes referred to as frozen concentrated orange juice for manufacture (FCOJM); and (2) pasteurized single-strength orange juice which has not been concentrated, referred to as not-from-concentrate (NFC). At the time of the filing of the petition, there was an existing antidumping duty order on frozen concentrated orange juice (FCOJ) from Brazil. *See Antidumping Duty Order; Frozen Concentrated Orange Juice from Brazil*, 52 FR 16426 (May 5, 1987). Therefore, the scope of this order with regard to FCOJM covers only FCOJM produced and/or exported by those companies which were excluded or revoked from the pre-existing antidumping order on FCOJ from Brazil as of December 27, 2004. Those companies are Cargill Citrus Limitada, Coinbra-Frutesp (SA), Cutrale, Fischer, and Montecitrus Trading S.A.

Excluded from the scope of the order are reconstituted orange juice and frozen concentrated orange juice for retail (FCOJR). Reconstituted orange juice is produced through further manufacture of FCOJM, by adding water, oils and essences to the orange juice concentrate. FCOJR is concentrated orange juice, typically at 42 Brix, in a frozen state, packed in retail-sized containers ready for sale to consumers. FCOJR, a finished consumer product, is produced through further manufacture of FCOJM, a bulk manufacturer's product.

The subject merchandise is currently classifiable under subheadings

2009.11.00, 2009.12.25, 2009.12.45, and 2009.19.00 of the Harmonized Tariff Schedule of the United States (HTSUS). These HTSUS subheadings are provided for convenience and for customs purposes only and are not dispositive. Rather, the written description of the scope of the order is dispositive.

Period of Review

The POR is March 1, 2008, through February 28, 2009.

Determination Not To Revoke Order, In Part

The Department may revoke, in whole or in part, an antidumping duty order upon completion of a review under section 751 of the Act. While Congress has not specified the procedures that the Department must follow in revoking an order, the Department has developed a procedure for revocation that is described in 19 CFR 351.222. This regulation requires, *inter alia*, that a company requesting revocation must submit the following: (1) A certification that the company has sold the subject merchandise at not less than normal value (NV) in the current review period and that the company will not sell subject merchandise at less than NV in the future; (2) a certification that the company sold commercial quantities of the subject merchandise to the United States in each of the three years forming the basis of the request; and (3) an agreement to immediate reinstatement of the order if the Department concludes that the company, subsequent to the revocation, sold subject merchandise at less than NV. *See* 19 CFR 351.222(e)(1). Upon receipt of such a request, the Department will consider: (1) Whether the company in question has sold subject merchandise at not less than NV for a period of at least three consecutive years; (2) whether the company has agreed in writing to its immediate reinstatement in the order, as long as any exporter or producer is subject to the order, if the Department concludes that the company, subsequent to the revocation, sold the subject merchandise at less than NV; and (3) whether the continued application of the antidumping duty order is otherwise necessary to offset dumping. *See* 19 CFR 351.222(b)(2)(i).

As we noted in the *Preliminary Results*, on March 31, 2009, Cutrale requested revocation of the antidumping duty order with respect to its sales of subject merchandise, pursuant to 19 CFR 351.222(b). This request was accompanied by certification that: (1) Cutrale sold the subject merchandise at not less than NV during the current POR and will not sell the merchandise at less
