Grand Staircase-Escalante National Monument, Monument Advisory Committee: Call for Nominations**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice of Call for Nominations

SUMMARY: The purpose of this notice is to request public nominations for 15 members of the Grand Staircase-Escalante National Monument, Monument Advisory Committee (GSENM-MAC). The GSENM-MAC provides advice and recommendations to the GSENM on science issues and the achievement of the GSENM Management Plan objectives. GSENM will accept public nominations for 30 days from the date this notice is posted.

DATES: A completed nomination form and accompanying nomination letters must be received at the address listed below no later than September 20, 2010.

ADDRESSES: Grand Staircase-Escalante National Monument Headquarters Office, 190 East Center, Kanab, Utah 84741.

FOR FURTHER INFORMATION CONTACT: Larry Crutchfield, Public Affairs Officer, GSENM Headquarters Office, 190 East Center, Kanab, Utah 84741; phone (435) 644-4310, or e-mail larry_crutchfield@blm.gov.

SUPPLEMENTARY INFORMATION: The Secretary of the Interior established the GSENM-MAC pursuant to section 309 of the Federal Land Policy and Management Act (FLPMA) of 1976 (43 U.S.C. 1739) and in conformity with the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C. Appendix 2). The 15 appointed members of the GSENM-MAC perform several primary tasks: (1) Review evaluation reports produced by the Management Science Team and make recommendations on protocols and projects to meet overall objectives; (2) Review appropriate research proposals and make recommendations on project necessity and validity; (3) Make recommendations regarding allocation of research funds through review of research and project proposals as well as needs identified through the evaluation process above; and (4) Make recommendations on issues such as protocols for specific projects.

The Secretary appoints persons to the GSENM-MAC who are representatives of the various major citizen interests pertaining to land use planning and

management of the lands under the Bureau of Land Management (BLM) in the GSENM.

Each GSENM-MAC member will be a person who, as a result of training and experience, has knowledge or special expertise which qualifies him or her to provide advice from among the categories of interest listed below. The Obama Administration prohibits individuals who are currently federally registered lobbyists to serve on all FACA and non-FACA boards, committees, or councils. As appropriate, certain committee members may be appointed as Special Government Employees. Special Government Employees serve on the committee without compensation, but will be reimbursed for travel and per diem expenses at current rates for government employees, and are subject to financial disclosure requirements in the Ethics in Government Act and 5 CFR 2634. Travel reimbursement is available to all committee members.

This notice, published pursuant to 43 CFR 1784.4-1 and in accordance with the approved management plan for GSENM (February 2000), requests the public to submit nominations to fill 15 vacant positions on the committee. Any individual or organization may nominate one or more persons to serve on the GSENM-MAC. Individuals may nominate themselves for GSENM-MAC membership.

Nomination forms may be obtained from the GSENM Headquarters Office, (*see ADDRESSES* section above). To make a nomination, submit to the GSENM Headquarters Office a letter of nomination, a completed nomination form, letters of reference from the represented interests or organizations associated with the interest represented by the candidate, and any other information that speaks to the candidate's qualifications.

Eight members will be appointed as follows, one from each of the categories listed below:

- An elected official from Garfield County to represent the interests of county residents;
- An elected official from Kane County to represent the interests of county residents;
- A representative of state government;
- A representative of tribal government;
- An educator to represent the educational community;
- A representative of the environmental community;
- An outfitter and guide operating within the Monument to represent commercial users; and

- A livestock grazing permittee operating within the Monument representing grazing permittees.

Seven members will be appointed as Special Government Employees, one for each of the following areas of expertise:

- Archaeology;
- Botany;
- Geology;
- Paleontology;
- Social science;
- Systems ecology; and
- Wildlife biology.

The specific category the nominee would be representing should be identified in the letter of nomination and in the nomination form. The BLM Utah State Director and Monument Manager will review the nomination forms and letters of reference. The BLM consults with Utah's governor before forwarding its recommendations to the Secretary of the Interior for final decision.

Members will serve without monetary compensation, but will be reimbursed for travel and per diem expenses at current rates for Government employees. The Committee will meet at least twice a year. Additional meetings may be called by the Designated Federal Officer.

Juan Palma,
State Director.

Notice of Availability of the Draft Environmental Impact Statement for the Alamogordo Regional Water Supply Project, New Mexico**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice of Availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 as amended (NEPA), the Bureau of Land Management (BLM) has prepared a Draft Environmental Impact Statement (EIS) for the Alamogordo Regional Water Supply Project and by this notice is announcing the opening of the comment period.

DATES: To ensure that comments will be considered, the BLM must receive written comments on the Alamogordo Regional Water Supply Project Draft EIS within 60 days following the date the Environmental Protection Agency

publishes this Notice of Availability in the **Federal Register**. The BLM will announce future meetings or hearings and any other public involvement activities at least 15 days in advance through public notices, media releases, and/or mailings.

ADDRESSES: You may submit comments related to the Alamogordo Regional Water Supply Project by any of the following methods:

- *E-mail:*

nmlcdo_comments@blm.gov.

- *Fax:* 575-525-4412.

- *Mail:* Bureau of Land Management, Alamogordo Regional Water Supply Project, Attention: Lorraine Salas, Project Manager, 1800 Marquess Street, Las Cruces, NM 88005.

Copies of the Alamogordo Regional Water Supply Project Draft EIS are available in the BLM Las Cruces District Office at the above address; the BLM New Mexico State Office, 301 Dinosaur Trail, Santa Fe, NM; the City of Alamogordo Public Library, 920 Oregon Avenue, Alamogordo, NM; the Village of Tularosa Public Library, 515 Fresno Street, Tularosa, NM.

FOR FURTHER INFORMATION CONTACT:

Lorraine Salas, Project Manager; telephone 575-525-4388; address 1800 Marquess Street, Las Cruces, NM 88005; e-mail: *nmlcdo_comments@blm.gov*.

SUPPLEMENTARY INFORMATION: The City of Alamogordo (the City) has submitted to the BLM an application for a right-of-way (ROW) for the construction and use of up to 10 groundwater wells in order to produce approximately 4,000 acre-feet per year of water with supporting infrastructure on BLM-managed public land. Under the Federal Land Policy and Management Act of 1976, as amended, and supported by NEPA analysis, the BLM will decide whether to grant the ROW or grant the ROW with modifications, and, if so, under what terms and conditions. The BLM is the lead Federal agency for this EIS. Cooperating agencies include the Bureau of Reclamation (BOR) and Otero County.

In 1983, a study concluded that the City's long-term water supply is inadequate and that critical water shortages could occur should the region experience a prolonged drought. The study concluded that the City's projected water demand is 10,842 acre-feet per year (afy) through the year 2045. In response to the study, the City obtained water rights through the New Mexico Office of the State Engineer (State Engineer) and has approached the BLM for a ROW to withdraw water on BLM-managed public land with supporting infrastructure.

The City seeks to address the water demand through the desalination of brackish groundwater located in the Tularosa Underground Water Basin. The proposed wells would be drilled on BLM-managed public land located 26 miles north of the City. The BOR will decide whether to seek and approve funding for a portion of the project costs through BOR's budget under Title XVI, Public Law 102-575, as amended—the Reclamation Wastewater and Groundwater Facilities Act; 43 U.S.C. § 39h, provides authority for the BOR water recycling and reuse program.

The Draft EIS addresses the direct, indirect, and cumulative environmental impacts of two alternatives. The proposed action (Alternative B) by the City includes obtaining unappropriated brackish groundwater from the Snake Tank Well Field, constructing and operating 10 groundwater wells at Snake Tank Well Field, installing water transmission lines to Alamogordo, and constructing a desalination facility and a booster pump station in Alamogordo to treat the brackish groundwater to drinking water standards. This alternative has been developed to incorporate the State Engineer ruling, which was affirmed by the New Mexico State District Court to allow 4,000 afy of brackish groundwater (approximately 3,200 afy of potable water) from the Snake Tank Well Field and up to 5,000 acre-feet in any one year so long as withdrawals do not exceed 20,000 acre-feet in any 5-year period. The remaining future water supply (198 afy) would have to come from other sources, all of which are undetermined, and are not part of the Draft EIS.

Alternative A is the "No Action" Alternative, as required by NEPA. The No Action Alternative describes conditions expected to occur if there would be no new well field development or additional water supply beyond the City's current water supply. The No Action Alternative assumes the City would continue to enforce water conservation measures and use existing infrastructure. Since the publication of the Notice of Intent to prepare an EIS in the **Federal Register** on August 26, 2004, scoping meetings and mailings have been conducted to solicit public comment and identify key issues. Tribal governments with interest in this project were also contacted.

Approximately 216 scoping comments were received during the development of the Draft EIS. Key issues identified by individuals, groups, and governmental entities include: Balancing growth with water use in the Alamogordo/Tularosa region; groundwater draw-down in existing

residential wells and mitigation measures for any impacts to those wells; potential social and economic impacts on ranching and agriculture in the region; and potential impacts on Indian trust land, community acequias, and surface water.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1506.6, 40 CFR 1506.10.

Bill Childress,

District Manager, Las Cruces.

Notice of Availability of the Draft Supplemental Environmental Impact Statement for the Cortez Hills Expansion Project, Lander County, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability.

SUMMARY: In compliance with the National Environmental Policy Act of 1969 (NEPA), as amended, and the Federal Land Policy and Management Act of 1976 (FLPMA), as amended, the Bureau of Land Management (BLM), Battle Mountain District, Mount Lewis Field Office, Battle Mountain, Nevada, has prepared a Draft Supplemental Environmental Impact Statement (EIS) for the Cortez Hills Expansion Project in Lander County, Nevada. The project was authorized in a Record of Decision and Plan of Operations Amendment Approval in November 2008 and by this notice the BLM is announcing the opening of the comment period for the Draft Supplemental EIS.

DATES: The Cortez Hills Expansion Project Draft Supplemental EIS is available for public comment for 45 days following the date the Environmental Protection Agency publishes its Notice of Availability in the **Federal Register**. To provide the
