

EMMA information offered by credit ratings agencies would provide additional access to credit enhancement features associated with municipal securities on a market-wide basis.¹² The MSRB agrees that new products may benefit from the transparency offered for ARS and VRDO by the SHORT System, and plans to review in the future whether changes to the SHORT System and associated rules could accommodate future products without subsequent system and rule modifications.

With regard to all other issues raised by the commenters, the Commission believes that the MSRB has adequately addressed the commenters' concerns.

IV. Discussion and Commission Findings

The Commission has carefully considered the proposed rule change, the comment letters received, and the MSRB's responses to the comment letters and finds that the proposed rule change is consistent with the requirements of the Exchange Act and the rules and regulations thereunder applicable to the MSRB¹³ and, in particular, the requirements of Section 15B(b)(2)(C) of the Exchange Act¹⁴ and the rules and regulations thereunder. Section 15B(b)(2)(C) of the Exchange Act requires, among other things, that the MSRB's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in municipal securities, to remove impediments to and perfect the mechanism of a free and open market in municipal securities, and, in general, to protect investors and the public interest.¹⁵ In particular, the Commission believes that the proposed rule change would serve as an additional mechanism by which the MSRB works toward removing impediments to and helping to perfect the mechanisms of a free and open market in municipal securities by providing a centralized venue for free public access to information about and documents relating to ARS and VRDO. The proposed rule change would provide greater access to information about and documents relating to ARS and VRDO to

all participants in the municipal securities market on an equal basis thereby removing potential barriers to obtaining such information. These factors serve to promote the statutory mandate of the MSRB to protect investors and the public interest.

V. Conclusion

For the foregoing reasons, the Commission finds that the proposed rule change, as amended, is consistent with the Exchange Act and the rules and regulations thereunder applicable to the MSRB¹⁶ and, in particular, the requirements of Section 15B(b)(2)(C) of the Exchange Act¹⁷ and the rules and regulations thereunder. The proposal will become effective as requested by the MSRB.

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,¹⁸ that the proposed rule change (SR-MSRB-2010-02), as amended, be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁹

Florence E. Harmon,
Deputy Secretary.

accordance with the International Traffic in Arms Regulations ("ITAR," 22 CFR parts 120–130) and Section 38 of the Arms Export Control Act (AECA). Those who manufacture or export defense articles, defense services, and related technical data, or the brokering thereof, must register with the Department of State. Persons desiring to engage in export, temporary import, and brokering activities must submit an application or written request to conduct the transaction to the Department to obtain a decision whether it is in the interests of U.S. foreign policy and national security to approve the transaction. Also, registered brokers must submit annual reports regarding all brokering activity that was transacted, and registered manufacturers and exporter must maintain records of defense trade activities for five years. Section 127.12 of the ITAR encourages the disclosure of information to DDTC by persons who believe they may have violated any provision of the AECA, ITAR, or any order, license, or other authorization issued under the AECA. The violation is analyzed by DDTC to determine whether to take administrative action under part 128 of the ITAR and whether to refer the matter to the Department of Justice to consider criminal prosecution.
