Type of Review: Extension without change of a previously approved collection.

Title of Collection: Access to Employee Exposure and Medical Records (29 CFR 1910.1020)

OMB Control Number: 1218-0065.

Affected Public: Business or other for-profits.

Accordingly, the Agency attributes the burden hours and costs associated with exposure monitoring and measurement, medical surveillance, and the other activities required to generate the data governed by the regulation to the health standards that specify these activities; therefore, OSHA did not include these burden hours and costs in the ICR.

Access to exposure and medical information enables workers and their
