

although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that your comments were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

*Privacy Act:* Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477–78).

*How to Read Comments submitted to the Docket:* You may read the comments received by Docket Management at the address and times given above. You may also view the documents from the Internet at <http://www.regulations.gov>.

Follow the online instructions for accessing the dockets. The docket ID number and title of this notice are shown at the heading of this document notice. Please note that even after the comment closing date, we will continue to file relevant information in the Docket as it becomes available. Further, some people may submit late comments. Accordingly, we recommend that you periodically search the Docket for new material.

**FOR FURTHER INFORMATION CONTACT:** Coleman Sachs, Office of Vehicle Safety Compliance, NHTSA (202–366–3151).

**SUPPLEMENTARY INFORMATION:**

**Background**

Under 49 U.S.C. 30141(a)(1)(B), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS, and has no substantially similar U.S.-certified counterpart, shall be refused admission into the United States unless NHTSA has decided that the motor vehicle has safety features that comply with, or are capable of being altered to comply with, all applicable FMVSS based on destructive test data or such other evidence as NHTSA decides to be adequate.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA

publishes notices in the **Federal Register** for each petition that it receives, and affords interested persons an opportunity to comment on the petitions. At the close of the comment period, NHTSA decides, on the basis of the petitions and any comments that it has received, whether the vehicle(s) is eligible for importation. The agency then publishes their decision in the **Federal Register**.

G&K Automotive Conversion, Inc. of Santa Ana, California (G&K) (Registered Importer 90–007) has petitioned NHTSA to decide whether nonconforming 1987–1988 Leyland Motors Olympian open top model double decker buses are eligible for importation into the United States.

G&K submitted information with its petition intended to demonstrate that non-U.S. certified 1987–1988 Leyland Motors Olympian open top model double decker buses, as originally manufactured, conform to many FMVSS, or are capable of being altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 1987–1988 Leyland Motors Olympian open top model double decker buses, as originally manufactured, comply with Standard Nos. 102 *Transmission Shift Lever Sequence, Starter Interlock, and Transmission Braking Effect*, 103 *Windshield Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 105 *Vehicle Identification Number—Basic Requirements*, 106 *Brake Hoses*, 107 *Reflecting Surfaces*, 111 *Rearview Mirrors*, 119 *New Pneumatic Tires for Vehicles other than Passenger Cars*, 121 *Air Brake Systems*, 124 *Accelerator Control Systems*, 205 *Glazing Materials*, 207 *Seating Systems*, 217 *Bus Emergency Exits and Window Retention and Release*, and 302 *Flammability of Interior Materials*.

With regard to Standard No. 121 *Air Brake Systems*, the petition asserts that all elements of the braking system comply with the applicable FMVSS No. 121 requirements. The petitioner further explains that the subject vehicle's brake system is similar to that installed on the 1972 to 1977 Bristol VRT double decker buses that NHTSA determined eligible for importation by Registered Importers under VCP–4 and VCP–10. NHTSA is concerned that the brake system on the vehicles that are the subject of the petition may not, in fact, have been originally manufactured to comply with all requirements of Standard No. 121. As a consequence, the agency is soliciting specific comments with respect to this issue.

Petitioner also contends that the vehicle is capable of being altered to meet the following standards, in the manners indicated:

Standard No. 101 *Controls and Displays:* Installation of a seat belt telltale lamp and label to ensure that these displays meet the requirements of this standard.

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment:* Installation of the following U.S.-conforming components: (a) Headlamps; (b) clearance lamps; (c) identification lamps; (d) side marker lamps; (e) reflex reflectors; and (f) license plate lamps as necessary to meet the requirements of this standard.

Standard No. 120 *New Pneumatic Tires for Vehicles Other than Passenger Cars:* Installation of a tire information placard.

Standard No. 208 *Occupant Crash Protection:* Installation of a driver's seat belt and an audible seat belt warning system to meet the requirements of this standard.

Standard No. 209 *Seat Belt Assemblies:* Installation of driver's seat belt that meets the requirements of this standard.

Standard No. 210 *Seat Belt Assembly Anchorages:* Installation of driver's seat belt anchorages that meet the requirements of this standard.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above addresses both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

**Authority:** 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: August 26, 2010.
