August 30, 2010.

On June 17, 2010, each of BATS Exchange, Inc. ("BATS"), NASDAQ OMX BX, Inc. ("BX"), Chicago Board Options Exchange, Incorporated ("CBOE"), Chicago Stock Exchange, Inc. ("CHX"), EDGA Exchange, Inc. their discretion with respect to breaking erroneous trades.

Section 19(b)(2) of the Act⁴ provides that within thirty-five days of the publication of notice of the filing of a proposed rule change, or within such longer period as the Commission may designate up to ninety days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding, the Commission shall either approve the proposed rule change or institute proceedings to determine whether the proposed rule change should be disapproved. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁹ designates September 10, 2010, as the date by which the Commission should either approve or institute proceedings to determine whether to disapprove the proposed rule changes.

1. *Medical Report (General)—20 CFR 404.1512–404.1515, 416.912–416.915—0960–0052.* Through the State Disability Determination Services (DDS), SSA uses Form SSA-3826-F4 to make accurate determinations in disability claims cases. SSA collects the information to determine the claimant’s physical and mental status prior to making a disability determination, and to document the disability claims folder with the medical evidence. The form provides disability adjudicators and reviewers with a narrative record and history of the disability and the objective medical findings necessary to make a disability determination. SSA uses the medical evidence from this form to determine if an individual’s impairment meets the severity and duration requirements for disability benefits. The respondents are members of the medical community, including individual physicians, hospital doctors, medical records librarians, and other medical sources.

Type of Request: Revision of an OMB-approved information collection.

Number of Respondents: 150,000.

Frequency of Response: 1.

Average Burden per Response: 30 minutes.

Estimated Annual Burden: 75,000 hours.

2. *Disability Report—Child—20 CFR 416.912—0960–0577.* When claimants file for childhood disability benefits under the Supplemental Security Income (SSI) program, they must furnish medical and other evidence to prove they are disabled.

Form SSA-3820 collects various types of information about a child’s condition from treating sources and other medical sources of evidence. The DDS evaluators use the information to develop medical and school evidence and assess the alleged disability. The information, together with medical evidence, forms the evidentiary basis upon which SSA makes its initial disability evaluation. The respondents are claimants seeking SSI childhood disability payments.

Type of Request: Revision of an OMB-approved information collection.

SSA also uses the SSA-L706 to

determine the existence of primary evidence of age for SSN applicants. SSA uses both letters to verify with the issuing entity, when necessary, the authenticity of the record submitted by the SSN applicant or claimant. The respondents are schools, State and local bureaus of vital statistics, and religious entities.

Note: This is a correction notice: SSA published this information collection with the correct burden hours at 75 FR 35512 on June 22, 2010. However, we did not show the breakdown of burden hours for the different types of respondents. We are correcting that error here.

4. Cost Reimbursable Research Request—20 CFR 401.165—0960-0754. Qualified researchers need SSA administrative data for a variety of projects. To request SSA's program data for research, a researcher must submit a completed research application, Form SSA-9901, How to Request SSA Program Data for Research, for SSA's evaluation. In the application, the requesting researcher must provide basic project information, and describe the way in which the proposed project will further SSA's mission to promote the economic security of the Nation's people through its administration of the Old Age, Survivors, and Disability Insurance Programs, and the SSI Program. SSA reviews the application and, once we approve it, the researcher signs Form SSA-9903, SSA Agreement Regarding Conditions for Use of SSA Data, which outlines the conditions and safeguards for the research project data exchange. The researcher may use the data for research and statistical purposes only, and must complete Form SSA-9902, Confidentiality Agreement. SSA recovers all expenses incurred in providing this information as part of this reimbursable service. The respondents are Federal and State government agencies or their

contractors, private entities, and colleges or universities.

5. Authorization to Release Medical Report to Physician—20 CFR 401.55 & 401.100—0960-0761. When evidence provided by a disability claimant is inadequate for SSA to determine the disability, SSA requests a consultative examination (CE) for additional information or clarification. If the claimants, their court appointed representatives, or the parents of a minor child want the CE report sent to the claimant's treating physician, they complete Form SSA-91 and send it to SSA for processing. SSA uses the information on the SSA-91 to release the CE report to the authorized physician. Respondents are applicants for disability claims.
Type of Request: Revision of an OMB-approved information collection.

Frequency of Response: 1.
Average Burden per Response: 5 minutes.

Estimated Annual Burden: 660 hours.
6. Application Status—20 CFR 401.45—0960-0763. Application Status provides users with the capability to check the status of their pending Social Security claims either via the Internet or the National 800 Number Automated Telephone Service. Users need their SSN and a confirmation number to access this information. The Application Status shows users when SSA received the application, if we requested additional documents (e.g., military discharge papers, W-2s, birth records, etc.), and provides the address for the office that is processing their application. Once SSA makes a decision on a claim, we post a copy of the decision notice online for the user to view. There are some exceptions to posting a copy online, such as disability denial notices (even if filed electronically), or claims that users did not file via the Internet, as we may not have those notices available for online review. Users access this application either via <http://www.ssa.gov/online/services/>, or through the National 800 Number. Respondents are Social Security claimants.
