SUPPLEMENTARY INFORMATION:

A. Background

DoD published an interim rule at 75 FR 9114 on March 1, 2010, to implement section 811 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181), enacted January 28, 2008. The period for public comment closed on April 30, 2010. The interim rule revised DFARS 217.170 and 217.172 to add six new requirements to which the Secretary of Defense must certify in writing when requesting congressional authorization to enter into a multiyear contract for a major defense acquisition program. Among these requirements is the need to certify to certain cost-savings determinations.

DoD received no comments on the interim rule. Therefore, DoD is finalizing the interim rule with minor editorial corrections only.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993. This is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

DoD certifies that this rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the additional requirements apply solely to internal Government operating procedures. The rule implements section 811 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181), which only imposes new responsibilities on the Secretary of Defense when requesting congressional authorization to enter into a multiyear contract for a major defense acquisition program. Therefore, the rule will have no significant cost or administrative impact on contractors or offerors.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
