[Project No. 11563-057]

Northern California Power Agency; Notice of Availability of Final Environmental Assessment

August 31, 2010.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47879), the Commission has reviewed an application filed by the Northern California Power Agency (licensee) on May 26, 2010, and supplemented on July 11 and August 9, 2010, requesting Commission approval to temporarily amend the license for the Upper Utica Project, FERC No. 11563. The licensee seeks Commission approval to partially draw down Lake Alpine and deviate from the minimum reservoir surface elevation and minimum water volume requirements of the project license in order to facilitate repairs to the low-level outlet works. The Environmental Assessment (EA) analyzes the environmental impacts of the proposed activities and concludes that approval of the application, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment. The project is located on Silver Creek and the North Fork Stanislaus River, in Tuolumne and Alpine Counties, California.

The EA was written by staff in the Office of Energy Projects, Federal Energy Regulatory Commission. A copy of the EA is attached to a Commission order titled "Order Approving Temporary License Amendment," issued August 31, 2010, and is on file with the Commission and is available for public inspection. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3372, or for TTY, (202) 502-8659.

Kimberly D. Bose,
Secretary.

[Project No. 1267-089]

Greenwood County, SC; Notice of Availability of Environmental Assessment

September 1, 2010.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47879), the Office of Energy Projects has prepared an environmental assessment (EA) for an application filed by Greenwood County, South Carolina (licensee) on January 26, 2010, requesting Commission approval to amend article 407 of its project license for the Buzzards Roost Hydroelectric Project (FERC No. 1267). The licensee requests permission to revise the schedule for management of lake levels (rule curve) to maintain the lake at the summer level until November 1 in order to facilitate late-season recreation. The licensee also proposes to maintain the lake at its annual low from January 15 until February 1 of each year in order to provide a period for adjacent landowners to work on permitted encroachments. The licensee states that it would vary from article 407 to perform necessary maintenances, safely manage flood flows, during operating emergencies, and to meet minimum flow requirements under article 408. The project is located on the Saluda River in Greenwood, Laurens, and Newberry Counties, South Carolina. The project does not occupy any federal lands.

The EA evaluates the environmental impacts that would result from approving the licensee's proposal to amend article 407 of the project license. The EA finds that approval of the application would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the EA is attached to a Commission Order titled "Order Amending License," issued August 31, 2010, and is on file with the Commission and is available for public inspection. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-1267) excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-

free at 1-866-208-3372, or for TTY, (202) 502-8659.

[Project No. 13-023]

Green Island Power Authority; Notice of Availability of Draft Environmental Assessment

August 31, 2010.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for a new license for the 6.0-megawatt Green Island Hydroelectric Project, located on the Hudson River, in Albany County, New York, and has prepared a Draft Environmental Assessment (DEA). In the DEA, Commission staff analyzes the potential environmental effects of relicensing the project and conclude that issuing a new license for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the DEA is on file with the Commission and is available for public inspection. The DEA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access documents. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

The remaining hydro licensing procedural schedule is as follows:

Milestone	Target date
Comments of the DEA Modified terms and conditions.	September 30, 2010. November 29, 2010.

Milestone	Target date
Notice of availability of the final EA.	February 28, 2011.

Any comments should be filed within 30 days from the date of this notice. Comments may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please affix "Green Island Project No. 13-023" to all comments. For further information, contact Tom Dean at (202) 502-6041.

Kimberly D. Bose,
Secretary.

[Project Nos. 2621-009 and 12770-000]

Lockhart Power Company—South Carolina Pacolet Hydroelectric Project; Notice of Proposed Restricted Service List for a Programmatic Agreement for Managing Properties Included in or Eligible for Inclusion in the National Register of Historic Places

August 30, 2010.

Rule 2010 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding.¹ The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase or

issue in the proceeding for which the list is established.

The Commission staff is consulting with the South Carolina State Historic Preservation Officer (hereinafter, South Carolina SHPO), and the Advisory Council on Historic Preservation (hereinafter, Council) pursuant to the Council's regulations, 36 CFR part 800, implementing section 106 of the National Historic Preservation Act, *as amended*, (16 U.S.C. section 470 f), to prepare and execute a programmatic agreement for managing properties included in, or eligible for inclusion in, the National Register of Historic Places at the Pacolet Hydroelectric Project Nos. 2621 and 12770.

The programmatic agreement, when executed by the Commission and the South Carolina SHPO would satisfy the Commission's section 106 responsibilities for all individual undertakings carried out in accordance with the license until the license expires or is terminated (36 CFR 800.13[e]). The Commission's responsibilities pursuant to section 106 for the Pacolet Hydroelectric Project would be fulfilled through the programmatic agreement, which the Commission proposes to draft in consultation with certain parties listed below. The executed programmatic agreement would be incorporated into any Order issuing a license.

Lockhart Power Company, as licensee for Pacolet Hydroelectric Project Nos. 2621 and 12770, and the Eastern Band of Cherokee Indians have expressed an interest in this preceding and are invited to participate in consultations to develop the programmatic agreement.

For purposes of commenting on the programmatic agreement, we propose to restrict the service list for the aforementioned project as follows:

John Eddins or Representative, Advisory Council on Historic Preservation, The Old Post Office Building, Suite 803, 1100 Pennsylvania Avenue, NW., Washington, DC 20004.

Carolina Dover Wilson or Representative, Review and Compliance Coordinator, South Carolina Department of Archives & History, 8301 Parklane Road, Columbia, SC 29223.

Tyler Howe or Representative, Eastern Band of Cherokee Indians, Qualla Boundary, P.O. Box 455, Cherokee, NC 28719.

C. Shane Boring, Kleinschmidt Associates, 204 Caughman Farm Lane, Suite 301, Lexington, SC 29072.

Bryan D. Stone or Representative, Lockhart Power Company, P.O. Box 10, 420 River Street, Lockhart, SC 29364.

Any person on the official service list for the above-captioned proceeding may request inclusion on the restricted service list, or may request that a restricted service list not be established, by filing a motion to that effect within 15 days of this notice date. In a request for inclusion, please identify the reason(s) why there is an interest to be included. Also please identify any concerns about historic properties, including Traditional Cultural Properties. If historic properties are to be identified within the motion, please use a separate page, and label it NON-PUBLIC Information.

Any such motions may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov/docs-filing/ferconline.asp>) under the "eFiling" link. For a simpler method of submitting text only comments, click on "Quick Comment." For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov; call toll-free at (866) 208-3676; or, for TTY, contact (202) 502-8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please put the project number (P-2621-009 and P-12770-000) on the first page of the filing.

If no such motions are filed, the restricted service list will be effective at the end of the 15-day period. Otherwise, a further notice will be issued ruling on any motion or motions filed within the 15-day period.

Kimberly D. Bose,
Secretary.
