RIN 3095–AB68

Changes to NARA Facilities' Hours of Operation

AGENCY: National Archives and Records Administration.

ACTION: Proposed rule.

SUMMARY: The National Archives and Records Administration (NARA) is proposing to revise its regulations that provide NARA facilities' hours of operation. The proposed regulations will remove NARA facilities' hours of operation from the Code of Federal Regulations (CFR) and establish procedures that NARA offices must follow when changing facilities' hours of operation. The proposed procedures will provide the public with advance notice of any proposed changes in hours and will include justification for the change in writing. Note that there are no proposed changes to hours of operation at any NARA facility at this time.

DATES: Comments on the proposed rule must be received by November 8, 2010.

ADDRESSES: NARA invites interested persons to submit comments on this proposed rule. Comments may be submitted by any of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.
- **Fax:** Submit comments by facsimile transmission to 301–837–0319.

- **Mail:** Send comments to Regulations Comments Desk (NPOL), Room 4100, Policy and Planning Staff, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740–6001.

- **Hand Delivery or Courier:** Deliver comments to 8601 Adelphi Road, College Park, MD.

FOR FURTHER INFORMATION CONTACT: Stuart Culy on (301) 837–0970 or Laura McCarthy on (301) 837–3023.

SUPPLEMENTARY INFORMATION: NARA facilities' operating hours are currently published in 36 CFR parts 1253, 1254 and 1280. Any proposed changes to facility operating hours are made through revisions to the CFR, which include publishing the proposed changes in the **Federal Register** for public notice and comment. The proposed revisions are open for comment for 60 days and after the comment period closes and resolution of any comments received the proposed changes are made final by publication of the final rule in the **Federal Register**. The hours of operation published in the CFR are also available on <http://www.archives.gov>, NARA's official Web site; by calling a dedicated telephone number for each facility that provides the public with the facilities' operating hours; and posted locally at each facility.

Proposed Revisions to the Current Regulations

NARA is proposing to remove all facilities' hours of operation from our regulations and instead direct individuals to obtain that information from <http://www.archives.gov>, NARA's official Web site; dedicated telephone numbers; and local postings. The removal of the operating hours from the CFR will enable individual facilities to tailor their operating hours to their customers' needs in a more flexible and timely manner. Individuals will continue to be able to obtain hours of operation information at a facility's physical location and via telephone, including out-going voice messaging systems.

Because the authority to change hours will reside with each locality, we are proposing to revise our regulations to incorporate a process for changing hours of operation that will provide the public with advance notice of a change in hours and will include justification for the change in writing. The procedures include posting the proposed changes at the facility in a public area; on <http://www.archives.gov>, NARA's official Web site; and on other online sites on which

the facility may have a specific presence.

Comments and Suggestions From NARA Staff and Public

NARA sought input regarding these proposed changes from its staff. All five staff members who offered input agreed with the proposed changes. Multiple staff suggested minor changes to the text. One staff member was concerned that NARA's Web site would be the public's only method of determining a facility's hours of operation, but as noted above, individuals also have the option of calling a dedicated telephone number for the hours of operation or see the hours posted at the facility. Another staff member gave suggestions for using templates at all facilities so that communicating proposed changes in hours would be consistent nationwide.

Before preparing the proposed revisions, we also sought suggestions from the public on how to improve communication with the public about proposed changes to facility operating hours. Two members of the public were concerned that the public should be informed in full why changes in hours of operation were being made. One of those same individuals and a third member of the public suggested that changes in hours of operation be communicated through a variety of outlets. We agree with these suggestions, and we believe our proposed notification method will provide an explanation and offer the public a method of commenting on the proposed changes. These are the objectives of this proposed rule, and are addressed specifically therein. This third individual also suggested that a facility, once it has changed its hours, be required to maintain those hours for a minimum of six months. While a specific timeframe is not included in this proposal, we feel that the concern is addressed in the proposed rule which prevents arbitrary changes and requiring evidence of a business need to change the hours of operation.

This proposed rule is not a significant regulatory action for the purposes of Executive Order 12866 and has not been reviewed by the Office of Management and Budget. As required by the Regulatory Flexibility Act, I certify that this rule will not have a significant impact on a substantial number of small entities because it affects Federal agencies and individual researchers. This regulation does not have any federalism implications.
