#### SUPPLEMENTARY INFORMATION:

#### **Background**

This review covers 165 producers/ exporters. The respondents which the Department selected for individual review are Marine Gold, Pakfood, and the Rubicon Group. The respondents which were not selected for individual review are listed in the "Final Results of Review" section of this notice.

On March 15, 2010, the Department published in the **Federal Register** the preliminary results of the 2008–2009 administrative review of the antidumping duty order on shrimp from Thailand. See Certain Frozen Warmwater Shrimp from Thailand: Preliminary Results of Antidumping Duty Administrative Review and Final Results of Partial Rescission of Antidumping Duty Administrative Review, 75 FR 12188 (March 15, 2010) (Preliminary Results).

We invited parties to comment on the preliminary results. In April 2010, we received case briefs from the domestic producers of the subject merchandise (i.e., the Ad Hoc Shrimp Trade Action Committee), the respondents selected for individual review, Marine Gold, Pakfood, and the Rubicon Group, the American Shrimp Processors Association and the Louisiana Shrimp Association (hereafter, the domestic processors), and Xian-Ning Seafood Co., Ltd., Ongkorn Cold Storage Co., Ltd., Kongphop Frozen Foods Co., Ltd., May Ao Foods Co., Ltd., and May Ao Co., Ltd., who are producers/exporters that were not selected for individual review. Rebuttal briefs were received from the domestic producers, the domestic processors, Marine Gold, Pakfood, and the Rubicon Group. On April 14, 2010, Marine Gold requested that a public

<sup>&</sup>lt;sup>1</sup> This figure excludes twenty companies for which we are rescinding the review due to the fact that they made no shipments of the subject merchandise during the period of review (POR). See "Partial Rescission of Review" section, below.

<sup>&</sup>lt;sup>2</sup> Because of the partial revocation of the antidumping duty order, effective January 16, 2009, the POR is February 1, 2008, through January 15, 2009, for Thai I-Mei Frozen Foods Co., Ltd. (Thai I-Mei) and the Rubicon Group. See Implementation of the Findings of the WTO Panel in United States-Antidumping Measure on Shrimp from Thailand: Notice of Determination Under Section 129 of the Uruguay Round Agreements Act and Partial Revocation of the Antidumping Duty Order on Frozen Warmwater Shrimp from Thailand, 74 FR 5638, 5639 (January 30, 2009) (Section 129 Determination); Certain Frozen Warmwater Shrimp from Thailand: Final Results of Antidumping Duty Changed Circumstances Review and Notice of Revocation in Part, 74 FR 52452 (October 13, 2009).

hearing be held in this proceeding. On April 20, 2010, Marine Gold withdrew

its hearing request.

In June 2010 we extended the deadline for the final results, due no later than September 13, 2010. See Certain Frozen Warmwater Shrimp from Thailand: Notice of Extension of Time Limit for the Final Results of the 2008–2009 Administrative Review, 75 FR 34976 (June 21, 2010).

The Department has conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

#### Scope of the Order

The scope of this order includes certain frozen warmwater shrimp and prawns, whether wild-caught (ocean harvested) or farm-raised (produced by aquaculture), head-on or head-off, shell-on or peeled, tail-on or tail-off, deveined or not deveined, cooked or raw, or otherwise processed in frozen form.

The frozen warmwater shrimp and prawn products included in the scope of this order, regardless of definitions in the Harmonized Tariff Schedule of the United States (HTSUS), are products which are processed from warmwater shrimp and prawns through freezing and which are sold in any count size.

The products described above may be processed from any species of warmwater shrimp and prawns. Warmwater shrimp and prawns are generally classified in, but are not limited to, the Penaeidae family. Some examples of the farmed and wild-caught warmwater species include, but are not limited to, whiteleg shrimp (Penaeus vannemei), banana prawn (Penaeus merguiensis), fleshy prawn (Penaeus chinensis), giant river prawn (Macrobrachium rosenbergii), giant tiger prawn (Penaeus monodon), redspotted shrimp (Penaeus brasiliensis), southern brown shrimp (Penaeus subtilis), southern pink shrimp (Penaeus notialis), southern rough shrimp (Trachypenaeus curvirostris), southern white shrimp (Penaeus schmitti), blue shrimp (*Penaeus stylirostris*), western white shrimp (Penaeus occidentalis), and Indian white prawn (Penaeus indicus).

Frozen shrimp and prawns that are packed with marinade, spices or sauce are included in the scope of this order. In addition, food preparations, which are not "prepared meals," that contain more than 20 percent by weight of shrimp or prawn are also included in the scope of this order.

Excluded from the scope are: (1) Breaded shrimp and prawns (HTSUS subheading 1605.20.10.20); (2) shrimp and prawns generally classified in the Pandalidae family and commonly referred to as coldwater shrimp, in any state of processing; (3) fresh shrimp and prawns whether shell-on or peeled (HTSUS subheadings 0306.23.00.20 and 0306.23.00.40); (4) shrimp and prawns in prepared meals (HTSUS subheading 1605.20.05.10); (5) dried shrimp and prawns; (6) canned warmwater shrimp and prawns (HTSUS subheading 1605.20.10.40); (7) certain dusted shrimp; and (8) certain battered shrimp. Dusted shrimp is a shrimp-based product: (1) That is produced from fresh (or thawed-from-frozen) and peeled shrimp; (2) to which a "dusting" layer of rice or wheat flour of at least 95 percent purity has been applied; (3) with the entire surface of the shrimp flesh thoroughly and evenly coated with the flour; (4) with the non-shrimp content of the end product constituting between four and 10 percent of the product's total weight after being dusted, but prior to being frozen; and (5) that is subjected to IOF freezing immediately after application of the dusting layer. Battered shrimp is a shrimp-based product that, when dusted in accordance with the definition of dusting above, is coated with a wet viscous layer containing egg and/or milk, and par-fried.

The products covered by this order are currently classified under the following HTSUS subheadings: 0306.13.00.03, 0306.13.00.06, 0306.13.00.09, 0306.13.00.12, 0306.13.00.15, 0306.13.00.18, 0306.13.00.21, 0306.13.00.24, 0306.13.00.27, 0306.13.00.40, 1605.20.10.10, and 1605.20.10.30. These HTSUS subheadings are provided for convenience and for customs purposes only and are not dispositive, but rather the written description of the scope of this order is dispositive.

#### Period of Review

The POR is February 1, 2008, through January 31, 2009. *See* Footnote 2.

#### **Partial Rescission of Review**

In the Preliminary Results, we stated our intention to rescind the review with respect to the following companies, which reported to the Department that they had no shipments during the POR:

- (1) American Commercial Transport, Inc.
- (2) Ampai Frozen Food Co., Ltd.(3) Euro-Asian International SeafoodsCo., Ltd.
  - (4) F.A.I.T. Corporation Limited
  - (5) Far East Cold Storage, Ltd.

- (6) Grobest Frozen Foods Co., Ltd.
- (7) Inter-Oceanic Resources Co., Ltd.
- (8) Leo Transport Corporation, Ltd.
- (9) Lucky Unions Foods Co., Ltd.
- (10) MKF Interfood (2004) Co., Ltd.
- (11) Siam Canadian Foods Co., Ltd.(12) Siam Ocean Frozen Foods Co.,
- Ltd. (13) Sky Fresh Co., Ltd.
  - (14) Songkla Canning (PCL)
  - (15) Suree Interfoods Co., Ltd.
  - (16) Thai Excel Foods Co., Ltd.
- (17) Thai Union Manufacturing Co., Ltd.
  - (18) Thai Yoo Ltd., Part.
  - (19) V. Thai Food Product Co., Ltd.
  - (20) Wann Fisheries Co., Ltd.

Since the *Preliminary Results* we have received no comments regarding our stated intention to rescind the review for each of the firms listed above.

Therefore, the Department is rescinding this review with respect to the 20 firms listed above.

#### **Cost of Production**

As discussed in the *Preliminary Results*, we conducted an investigation to determine whether Marine Gold, Pakfood, and the Rubicon Group made comparison market sales of the foreign like product during the POR at prices below their costs of production (COP) within the meaning of section 773(b) of the Act. For all three respondents, we performed the cost test for these final results following the same methodology as in the *Preliminary Results*.

We found 20 percent or more of each respondent's sales of a given product during the reporting period were at prices less than the weighted-average COP for this period. Thus, we determined that these below-cost sales were made in "substantial quantities" within an extended period of time and at prices which did not permit the recovery of all costs within a reasonable period of time in the normal course of trade. See sections 773(b)(1)–(2) of the Act.

Therefore, for purposes of these final results, we continue to find that Marine Gold, Pakfood, and the Rubicon Group made below-cost sales not in the ordinary course of trade. Consequently, we disregarded these sales for each respondent and used the remaining sales as the basis for determining normal value pursuant to section 773(b)(1) of the Act. For those U.S. sales of subject merchandise for which there were no comparison market sales in the ordinary course of trade, we compared constructed export prices or export prices, as appropriate, to constructed value in accordance with section 773(a)(4) of the Act.

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries.

For those sales where the respondents reported the entered value of their U.S. sales, we have calculated importerspecific ad valorem duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the examined sales for that importer. For those sales where the respondents did not report the entered value of their U.S. sales, we have calculated importer-specific or customer-specific per-unit duty assessment rates by aggregating the total amount of antidumping duties calculated for the examined sales and dividing this amount by the total quantity of those sales. With respect to the respondents' U.S. sales of shrimp with sauce, for which no entered value was reported, we have included the total quantity of the merchandise with sauce in the denominator of the calculation of the importer-specific or customer-specific rate because CBP will apply the per-unit duty rate to the total quantity of merchandise entered, including the sauce weight. To

determine whether the duty assessment rates are de minimis, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we have calculated importer-specific or customer-specific ad valorem ratios based on the estimated entered value.

For the companies which were not selected for individual review, we have calculated an assessment rate based on the weighted average of the cash deposit rates calculated for the companies selected for individual review excluding any which are de minimis or determined entirely on facts available. See Certain Frozen Warmwater Shrimp From Thailand: Final Results and Partial Rescission of Antidumping Duty Administrative Review, 74 FR 47551 (September 16, 2009).

Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to liquidate without regard to antidumping duties any entries for which the assessment rate is de minimis (i.e., less than 0.50 percent). The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. See Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003) (Assessment Policy Notice). This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the allothers rate established in the LTFV investigation if there is no rate for the intermediary involved in the transaction. See Assessment Policy *Notice* for a full discussion of this clarification.

### **Cash Deposit Requirements**

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for each specific company listed above 5 will be the rates

shown above, except if the rate is less than 0.50 percent, and therefore, de *minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will be 5.34 percent, the allothers rate made effective by the Section 129 Determination. These requirements, when imposed, shall remain in effect until further notice.

#### **Notification to Importers**

This notice serves as a final reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### **Notification to Interested Parties**

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/ destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these final results of review in accordance

Antidumping Measure on Shrimp from Thailand: Notice of Determination under Section 129 of the Uruguay Round Agreements Act and Partial Revocation of the Antidumping Duty Order on Frozen Warmwater Shrimp from Thailand, 74 FR 5638 (January 30, 2009) (Section 129 Determination). These producers/exporters are as follows: Andaman Seafood Co., Ltd., Chanthaburi Frozen Food Co., Ltd., Chanthaburi Seafoods Co., Ltd., Intersia Foods Co., Ltd. (formerly Y2K Frozen Foods Co., Ltd.), Phatthana Seafood Co., Ltd., S.C.C. Frozen Seafood Co., Ltd., Thailand Fishery Cold Storage Public Co., Ltd., Thai International Seafoods Co., Ltd., Wales & Co. Universe Limited, and Thai I-Mei Frozen Foods Co., Ltd.

 $<sup>^5</sup>$  Effective January 16, 2009, there is no longer a cash deposit requirement for certain producers/ exporters in accordance with the Implementation of the Findings of the WTO Panel in United States

with sections 751(a)(1) and 777(i)(1) of the Act.

Incidental Taking of Marine Mammals; Taking of Marine Mammals Incidental to the Explosive Removal of Offshore Structures in the Gulf of Mexico

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; issuance of letters of authorization.

**SUMMARY:** In accordance with the Marine Mammal Protection Act (MMPA) and implementing regulations, notification is hereby given that NMFS has issued a one-year Letters of Authorization (LOA) to take marine mammals incidental to the explosive removal of offshore oil and gas structures (EROS) in the Gulf of Mexico.

**DATES:** These authorizations are effective from September 3, 2010 through September 2, 2011.

ADDRESSES: The application and LOA are available for review by writing to P. Michael Payne, Chief, Permits, Conservation, and Education Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910–3235 or by telephoning the contact listed here (see FOR FURTHER INFORMATION CONTACT), or online at: http://www.nmfs.noaa.gov/pr/permits/incidental.htm. Documents cited in this notice may be viewed, by appointment, during regular business hours, at the

aforementioned address. **FOR FURTHER INFORMATION CONTACT:** Howard Goldstein or Jolie Harrison, Office of Protected Resources, NMFS, 301–713–2289.

**SUPPLEMENTARY INFORMATION: Section** 101(a)(5)(A) of the MMPA (16 U.S.C. 1361 et seq.) directs the Secretary of Commerce (who has delegated the authority to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by United States citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region, if certain findings are made and regulations are issued. Under the MMPA, the term "take" means to harass, hunt, capture, or kill or to attempt to harass, hunt, capture, or kill any marine mammal.

Authorization for incidental taking, in the form of an annual LOA, may be

granted by NMFS for periods up to five years if NMFS finds, after notice and opportunity for public comment, that the taking will have a negligible impact on the species or stock(s) of marine mammals, and will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant). In addition, NMFS must prescribe regulations that include permissible methods of taking and other means of effecting the least practicable adverse impact on the species and its habitat (i.e., mitigation), and on the availability of the species for subsistence uses, paying particular attention to rookeries, mating rounds, and areas of similar significance. The regulations also must include requirements pertaining to the monitoring and reporting of such taking. Regulations governing the taking of marine mammals incidental to EROS were published on June 19, 2008 (73 FR 34875), and remain in effect through July 19, 2013. For detailed information on this action, please refer to that Federal Register notice. The species that applicants may take in small numbers during EROS activities are bottlenose dolphins (Tursiops truncatus), Atlantic spotted dolphins (Stenella frontalis), pantropical spotted dolphins (Stenella attenuata), Clymene dolphins (Stenella clymene), striped dolphins (Stenella coeruleoalba), spinner dolphins (Stenella longirostris), rough-toothed dolphins (Steno bredanensis), Risso's dolphins (Grampus griseus), melon-headed whales (Peponocephala electra), shortfinned pilot whales (Globicephala macrorhynchus), and sperm whales (Physeter macrocephalus).

Pursuant to these regulations, NMFS has issued an LOA to EOG Resources, Inc. Issuance of the LOA is based on a finding made in the preamble to the final rule that the total taking by these activities (with monitoring, mitigation, and reporting measures) will result in no more than a negligible impact on the affected species or stock(s) of marine mammals and will not have an unmitigable adverse impact on subsistence uses. NMFS also finds that the applicant will meet the requirements contained in the implementing regulations and LOA. including monitoring, mitigation, and reporting requirements.

Dated: September 2, 2010.
