

trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in municipal securities, to remove impediments to and perfect the mechanism of a free and open market in municipal securities, and, in general, to protect investors and the public interest.

The MSRB believes that the proposed rule change is consistent with the Act because it will help to inhibit practices constituting real and perceived attempts to influence the awarding of municipal securities business through contributions made by or through dealer-affiliated PACs. The MSRB also believes that the proposed rule change will facilitate dealer compliance with Rule G-37 and Rule G-27, on supervision.

B. Self-Regulatory Organization's Statement on Burden on Competition

The MSRB does not believe that the proposed rule change would impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act since it would apply equally to all brokers, dealers and municipal securities dealers.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve or disapprove such proposed rule change, or

B. institute proceedings to determine whether the proposed rule change should be disapproved.

The MSRB has requested an effective date for the proposed rule change of sixty (60) days after Commission approval of the proposed rule change.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62829; File No. SR-BX-2010-061]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Permit Concurrent Listing of \$2.50 and \$1 Strikes on MNX Options

September 2, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on August 30, 2010, NASDAQ OMX BX, Inc. (the "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Chapter XIV, Section 10 (Terms of Index Options Contracts) of the Rules of the Boston Options Exchange Group, LLC ("BOX") to allow the Exchange to concurrently list \$2.50 and \$1 strikes on Mini-Nasdaq-100 Index ("MNX") options, and that certain listing parameters only apply to \$1 strikes on MNX options. The text of the proposed rule change is available from the principal office of the Exchange, on the Commission's Web site at <http://www.sec.gov>, at the Commission's Public Reference Room and also on the Exchange's Internet Web site at <http://nasdaqomxbx.cchwallstreet.com/NASDAQOMXB/Filings/>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to allow BOX to concurrently list \$2.50 and \$1 strikes on MNX options, and that certain listing parameters only apply to \$1 strikes on MNX options. BOX believes that the availability of \$2.50 and \$1 strike price intervals in MNX option series will provide investors with greater flexibility by allowing them to establish positions that are better tailored to meet their investment objectives.

Since December 2008, BOX has had the ability to list \$1 strikes on MNX options.³ In connection with the proposal to permit \$1 strikes for MNX options, BOX established parameters subject to which \$1 strikes may be added and delisted. For example, the number of initial series that BOX may add is limited to 11 series.⁴ Also, the total number of additional series that may be added for \$1 strikes is sixty (60) per expiration month for each series in MNX options.⁵

Similar parameters do not exist with regard to the listing of \$2.50 strikes, and BOX now seeks to clarify that the parameters adopted with the proposal to permit \$1 strikes for MNX options do not apply to the listing of \$2.50 strikes for MNX options.⁶ In addition, BOX is proposing to codify a bracketing provision that prohibits the Exchange from listing strike prices with \$1 intervals within \$0.50 of an existing strike price in the same series. This bracketing provision is identical to an existing provision in effect for the \$1 Strike Program, which permits the concurrent listing of \$2.50 and \$1 strikes.⁷

Finally, the Exchange proposes to change Section 10(c)(5)(iii) providing that BOX shall not list LEAPS on Mini-NDX options at intervals less than \$5.00 to provide that BOX shall not list LEAPS on Mini-NDX options at intervals less than \$2.50.

BOX has analyzed its capacity and represents that it believes the Exchange and the Options Price Reporting

Authority have the necessary systems capacity to handle the additional traffic associated with the concurrent listing and trading of \$1 and \$2.50 strikes for MNX options.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act,⁸ in general, and Section 6(b)(5) of the Act,⁹ in particular, in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism for a free and open market and a national market system and, in general, to protect investors and the public interest. In particular, the Exchange believes that allowing the concurrent listing and trading of \$1 and \$2.50 strikes for MNX options will result in a continuing benefit to investors by giving them more flexibility to closely tailor their investment decisions in a greater number of securities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

¹⁰ 15 U.S.C. 78s(b)(3)(A).

¹¹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the self-regulatory organization to submit to the Commission written notice of its intent to file the proposed rule change, along with

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because the proposal is substantially similar to a rule of another exchange.¹² Therefore, the Commission designates the proposal operative upon filing.¹³ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62820; File No. SR-NYSEAmex-2010-86]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NYSE Amex LLC Extending the Operation of Its New Market Model Pilot Until the Earlier of Securities and Exchange Commission Approval to Make Such Pilot Permanent or January 31, 2011

September 1, 2010.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on August 26, 2010, NYSE Amex LLC (the "Exchange" or "NYSE Amex") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is

publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the operation of its New Market Model Pilot, currently scheduled to expire on September 30, 2010, until the earlier of Securities and Exchange Commission ("SEC" or "Commission") approval to make such pilot permanent or January 31, 2011. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, on the Commission's website at <http://www.sec.gov>, and <http://www.nyse.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the operation of its New Market Model Pilot ("NMM Pilot") that was adopted pursuant to its merger with the New York Stock Exchange LLC.⁴ The NMM Pilot was approved to operate until October 1, 2009. The Exchange filed to extend the operation of the Pilot to November 30, 2009, March 30, 2010 and

September 30, 2010, respectively.⁵ The Exchange now seeks to extend the operation of the NMM Pilot, currently scheduled to expire on September 30, 2010, until the earlier of Commission approval to make such pilot permanent or January 31, 2011.

The Exchange notes that parallel changes are proposed to be made to the rules of New York Stock Exchange LLC.⁶

Background⁷

In December 2008, NYSE Amex implemented significant changes to its market rules, execution technology and the rights and obligations of its market participants all of which were designed to improve execution quality on the Exchange. These changes are all elements of the Exchange's enhanced market model that it implemented through the NMM Pilot.

As part of the NMM Pilot, NYSE Amex eliminated the function of specialists on the Exchange creating a new category of market participant, the Designated Market Maker or DMM.⁸ The DMMs, like specialists, have affirmative obligations to make an orderly market, including continuous quoting requirements and obligations to re-enter the market when reaching across to execute against trading interest. Unlike specialists, DMMs have a minimum quoting requirement⁹ in their assigned securities and no longer have a negative obligation. DMMs are also no longer agents for public customer orders.¹⁰

In addition, the Exchange implemented a system change that allowed DMMs to create a schedule of additional non-displayed liquidity at various price points where the DMM is willing to interact with interest and provide price improvement to orders in the Exchange's system. This schedule is known as the DMM Capital Commitment Schedule ("CCS").¹¹ CCS

⁴ NYSE Euronext acquired The Amex Membership Corporation ("AMC") pursuant to an Agreement and Plan of Merger, dated January 17, 2008 (the "Merger"). In connection with the Merger, the Exchange's predecessor, the American Stock Exchange LLC ("Amex"), a subsidiary of AMC, became a subsidiary of NYSE Euronext called NYSE Alternext US LLC.
