SUPPLEMENTARY INFORMATION: The Assistant Secretary of OSHA invites interested parties to submit nominations for membership on ACCSH.

Background. ACCSH is a continuing advisory committee established under Section 107 of the Contract Work Hours and Safety Standards Act (Construction Safety Act (CSA))(40 U.S.C. 3704(d)(4)), to advise the Secretary of Labor (Secretary) in formulating construction safety and health standards, as well as on policy matters arising under the CSA and the Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651 *et seq.*). In particular, 29 CFR 1911.10(a) and 1912.3(a) provide that the Assistant Secretary shall consult with ACCSH whenever the Agency proposes any safety or health standard that affects the construction industry.

ACCSH operates in accordance with the CSA, the OSH Act, the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2), and regulations issued pursuant to those statutes (29 CFR part 1912, 41 CFR part 102-3). ACCSH generally meets two to four times a year.

ACCSH membership. ACCSH is comprised of 15 members appointed by the Secretary.

The categories of ACCSH membership, and the number of new members to be appointed, are:

- Five members who are qualified by experience and affiliation to present the viewpoint of employers in the construction industry: three employer representatives will be appointed;
- Five members who are similarly qualified to present the viewpoint of employees in the construction industry: three employee representatives will be appointed;
- Two representatives of State Plan State safety and health agencies: one State Plan State representative will be appointed;
- Two public members, qualified by knowledge and experience to make a useful contribution to the work of ACCSH, such as those who have professional or technical experience and competence with occupational safety and health in the construction industry: one public representative will be appointed; and
- One representative designated by the Department of Health and Human Services and appointed by the Secretary: No new appointment will be made.

ACCSH members normally serve staggered two-year terms, unless they

resign, cease to be qualified, become unable to serve, or are removed by the Secretary (29 CFR 1912.3(e)). At the discretion of the Secretary, a qualified ACCSH member whose term has expired may continue to serve until a successor is appointed. The Secretary may appoint ACCSH members to successive terms. Any member absent from two consecutive ACCSH meetings may be removed and replaced. No member of ACCSH, other than members who represent employers or employees, shall have an economic interest in any proposed rule that affects the construction industry (29 CFR 1912.6).

The Department of Labor is committed to equal opportunity in the workplace and seeks broad-based and diverse ACCSH membership. Any interested person or organizations may nominate one or more individuals for membership on ACCSH. Interested persons also are invited and encouraged to submit statements in support of particular nominees.

Submission requirements. Nominations must include the following information:

- (1) Nominee's contact information and current employment or position;
- (2) Nominee's resume or curriculum vitae, including prior membership on ACCSH and other relevant organizations and associations;
- (3) Categories of membership (employer, employee, public, State safety and health agency) that the nominee is qualified to represent;
- (4) A summary of the background, experience, and qualifications that addresses the nominee's suitability for each of the nominated membership categories;
- (5) Articles or other documents the nominee has authored that indicate the nominee's knowledge, experience, and expertise in occupational safety and health, particularly as it pertains to the construction industry; and
- (6) A statement that the nominee is aware of the nomination, is willing to regularly attend and participate in ACCSH meetings, and has no conflicts of interest that would preclude membership on ACCSH.

Member selection. ACCSH members will be selected on the basis of their experience, knowledge, and competence in the field of occupational safety and health, particularly in the construction industry. Information, received through this nomination process, in addition to other relevant sources of information, will assist the Secretary in appointing members to ACCSH. In selecting ACCSH members, the Secretary will consider individuals nominated in response to this **Federal Register** notice,

as well as other qualified individuals. OSHA will publish the list of new ACCSH members in the **Federal Register**.

TRG Insurance Solutions, LLC; Beckley, WV; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated August 12, 2010, petitioners requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of TRG Insurance Solutions, LLC, Beckley, West Virginia (subject firm). The negative determination was issued on July 14, 2010. The Notice of Determination was published in the **Federal Register** on August 2, 2010 (75 FR 45164). Workers are engaged in employment related to the supply of insurance call center services.

The negative determination was based on the findings that the subject firm did not, during the period under investigation, shift to/acquire from a foreign country services like or directly competitive with the insurance call center services supplied; that the workers' separation, or threat of separation, was not related to an increase in imports of like or directly competitive services; and that the workers did not supply a service that was directly used in the production of an article or the supply of service by a firm that employed a worker group that is eligible to apply for TAA based on the aforementioned article or service.

In the request for reconsideration, the petitioners provided additional information pertaining to a shift in services abroad.

The Department has carefully reviewed the request for reconsideration and the existing record and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974, as amended.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 30th day of August, 2010.

Del Min Amy Chen,

Certifying Officer, Office of Trade Adjustment Assistance.

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. DATES: Written comments must be submitted to the office listed in the Addresses section of this notice on or before November 12, 2010.

SUPPLEMENTARY INFORMATION:

I. Background

The purpose of this survey is to develop and maintain a timely list of retail, wholesale, and service establishments where urban consumers shop for specified items. This information is used as the sampling universe for selecting establishments at which prices of specific items are collected and monitored for use in calculating the Consumer Price Index (CPI). The survey has been ongoing since 1980 and also provides expenditure data that allows items that are priced in the CPI to be properly weighted.

II. Current Action

Office of Management and Budget clearance is being sought for the Telephone Point of Purchase Survey (TPOPS).

Since 1997, the survey has been administered quarterly via a computer-assisted-telephone-interview. This survey is flexible and creates the possibility of introducing new products into the CPI in a timely manner. The data collected in this survey are necessary for the continuing construction of a current outlet universe from which locations are selected for the price collection needed for calculating the CPI. Furthermore, the TPOPS provides the weights used in selecting the items that are priced at these establishments. This sample design produces an overall CPI market basket that is more reflective of the prices faced and the establishments visited by urban consumers.

For this clearance, the BLS will be implementing a cell phone frame to address a coverage issue associated with landline RDD surveys. The goal of including a cell phone frame is to contact respondents who reside in households with no landline service, but with cellular phone service. The implementation process will begin with a pre-test beginning in the first quarter of 2011 to assess cell phone frame interviewing and to determine the correct amount of sample to pull for each primary sampling unit or geographic area in the CPI. The cell
