Minerals Management: Adjustment of Cost Recovery Fees

AGENCY: Bureau of Land Management, Interior.

ACTION: Final rule.

SUMMARY: This final rule amends the Bureau of Land Management (BLM) mineral resources regulations to update some fees that cover the BLM's cost of processing certain documents relating to its mineral programs and some filing fees for mineral-related documents. These updates include fees for actions such as lease renewals and mineral patent adjudications. This rule also moves the oil shale cost recovery fee

amounts from the rule text to the general cost recovery fee table so that mineral cost recovery fees can be found in one location.

DATES: This final rule is effective October 1, 2010.

SUPPLEMENTARY INFORMATION:

I. Background

The BLM has specific authority to charge fees for processing applications and other documents relating to public lands under section 304 of the Federal Land Policy and Management Act of 1976 (FLPMA), 43 U.S.C. 1734. In 2005, the BLM published a final cost recovery rule (70 FR 58854) establishing or revising certain fees and service charges, and establishing the method it would use to adjust those fees and service charges on an annual basis.

At 43 CFR 3000.12(a), the regulations provide that the BLM will annually adjust fees established in Subchapter C according to changes in the Implicit Price Deflator for Gross Domestic Product (IPD-GDP), which is published quarterly by the U.S. Department of Commerce. *See also* 43 CFR 3000.10. Because the fee recalculations are simply based on a mathematical formula, we have changed the fees in this final rule without providing opportunity for notice and comment. This final rule will allow the BLM to update these fees and service charges by October 1 of this year, as required by the 2005 regulation. The public had an opportunity to comment on this procedure during the comment period on the original cost recovery rule, and this new rule simply administers the procedure set forth in those regulations. The Department of the Interior, therefore, for good cause finds under 5

U.S.C. 553(b)(B) and (d)(3) that notice and public comment procedures are unnecessary and that the rule may be effective less than 30 days after publication.

II. Discussion of Final Rule

The BLM publishes a fee update rule each year, which becomes effective on October 1 of that year. The fee updates are based on the IPD-GDP for the 4th Quarter of the preceding calendar year. The BLM's most recent fee update rule became effective on October 1, 2009, 74 FR 49330 (Sept. 28, 2009), based on the IPD-GDP for the 4th Quarter of 2008. This fee update rule is based on the IPD-GDP for the 4th Quarter of 2009, thus reflecting the rate of inflation over the four calendar quarters since the 4th Quarter of 2008.

The fee is calculated by applying the IPD-GDP to the base value from the previous year's rule. This results in an updated base value. This updated base value is then rounded to the closest multiple of \$5, or to the nearest cent for fees under \$1, to establish the new fee.

Under this rule, 44 fees will remain the same, and 4 fees will increase, as follows:

(A) The Geothermal Program's lands nomination fee will increase from plus 10 cents per acre to plus 11 cents per acre;

(B) The Solid Minerals (other than Coal and Oil Shale) Program's lease renewal fee will increase from \$480 to \$485;

(C) The Mining Law Administration Program's fee for mineral patent adjudication of more than 10 claims will increase from \$2,820 to \$2,840; and

(D) The Mining Law Administration Program's fee for mineral patent adjudication of 10 or fewer claims will increase from \$1,410 to \$1,420.

In this rule we also moved the cost recovery fees for the oil shale program into the Processing and Filing Fee Table at 43 CFR 3000.12. We added a reference to the fee table in the relevant sections of the rule text at 43 CFR sections 3910.31, 3933.20, and 3933.31. This is an administrative revision for the convenience of the reader and has no substantive effect.

The calculations that resulted in the new fees are included in the table below.
