POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Information in the Cadapult Space Management System (CSMS) consists of electronic data, files, and records, which are housed in the FCC's computer network databases.

RETRIEVABILITY:

Information in the CSMS information system is retrieved by the FCC employee or contractor's name, workspace location, and organizational unit, *e.g.*, bureau/office.

SAFEGUARDS:

The CSMS information system's electronic records, data, and files are maintained in the FCC's computer network databases. Access to the information in these databases is restricted to authorized CMS supervisors, staff, and contractors and to staff and contractors in the Information Technology Center (ITC), who maintain the FCC's computer network databases. Other FCC employees and contractors may be granted access on a "need-to-know" basis. The FCC's computer network databases are protected by the FCC's security protocols, which include controlled access, passwords, and other security features. The information that is resident on the SMC database is backed-up routinely onto magnetic media. Back-up tapes are stored on-site and at a secured, off-site location.

RETENTION AND DISPOSAL:

The FCC maintains information about the FCC employee and/or contractor only as long as he/she works at the Commission. The records in this system are deleted entirely upon the FCC employee's retirement, voluntary resignation, transfer, or re-assignment outside the Commission, and when the contractor is no longer working at the Commission. The CMS staff uses a sign-out procedure to verify that the FCC

employee or contractor is no longer working at the Commission, then the individual's information is deleted from the CSMS system.

AGENCY: Federal Trade Commission (“FTC” or “Commission”).

ACTION: Notice.

SUMMARY: The information collection requirements described below will be submitted to the Office of Management and Budget (“OMB”) for review, as required by the Paperwork Reduction Act (“PRA”). The FTC is seeking public comments on its proposal to extend through January 31, 2014, the current PRA clearance for information collection requirements contained in its Rule Governing Pre-Sale Availability of

Written Warranty Terms. This clearance is scheduled to expire on January 31, 2011.

DATES: Comments must be received on or before November 15, 2010.

Comments in electronic form should be submitted by using the following Web link: (<https://ftcpublic.commentworks.com/ftc/presaleavailabilitypra>) (and following the instructions on the web-based form). Comments in paper form should be mailed or delivered to the following address: Federal Trade Commission, Office of the Secretary, Room H-135 (Annex J), 600 Pennsylvania Avenue, NW, Washington, DC 20580, in the manner detailed in the **SUPPLEMENTARY INFORMATION** section below.

Requests for copies of the collection of information and supporting documentation should be addressed to Allyson Himelfarb, Investigator, Division of Marketing Practices, Bureau of Consumer Protection, Federal Trade Commission, Room H-286, 600 Pennsylvania Ave., NW, Washington, DC 20580, (202) 326-2505.

SUPPLEMENTARY INFORMATION:

Proposed Information Collection Activities

Under the PRA, 44 U.S.C. 3501-3521, federal agencies must obtain approval from OMB for each collection of information they conduct or sponsor. “Collection of information” means agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. 44 U.S.C. § 3502(3), 5 CFR § 1320.3(c). Because the number of entities affected by the Commission’s requests will exceed ten, the Commission plans to seek OMB clearance under the PRA. As required by § 3506(c)(2)(A) of the PRA, the Commission is providing this opportunity for public comment before requesting that OMB extend the existing paperwork clearance for the information collection requirements associated with the Commission’s regulations under the FTC’s Rule Governing Pre-Sale Availability of Written Warranty Terms (the “Pre-Sale Availability Rule”) (OMB Control Number 3084-0112), 16 CFR 702.

The Pre-Sale Availability Rule is one of three rules¹ that the FTC implemented pursuant to requirements of the Magnuson-Moss Warranty Act, 15 U.S.C. 2301 *et seq.* (“Warranty Act” or “Act”).² The Pre-Sale Availability Rule requires sellers and warrantors to make the text of any written warranty on a consumer product costing more than \$15 available to the consumer before sale. Among other things, the Rule requires sellers to make the text of the warranty readily available either by (1) displaying it in close proximity to the product or (2) furnishing it on request and posting signs in prominent locations advising consumers that the warranty is available. The Rule requires warrantors to provide materials to enable sellers to comply with the Rule’s requirements and also sets out the methods by which warranty information can be made available before the sale if the product is sold through catalogs, mail order, or door-to-door sales.

Request for Comments

The FTC invites comments on: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. All comments should be filed as prescribed below, and must be received on or before November 15, 2010.

Because comments will be made public, they should not include any sensitive personal information, such as an individual’s Social Security Number; date of birth; driver’s license number or other state identification number, or foreign country equivalent; passport number; financial account number; or credit or debit card number. Comments also should not include any sensitive health information, such as medical

¹ The other two rules relate to the information that must appear in a written warranty on a consumer product costing more than \$15 if a warranty is offered and minimum standards for informal dispute settlement mechanisms that are incorporated into a written warranty.
