[Docket No. FWS-R9-MB-2010-0060; 91200-1231-9BPP]

Migratory Birds; Take of Migrant Peregrine Falcons for Use in Falconry

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: In December 2008, we completed an Environmental Assessment (EA) on take of peregrine falcons for use in falconry. This notice is to inform the public of the allocation of take of migrant peregrine falcons in 2010 agreed on by the States.

FOR FURTHER INFORMATION CONTACT: Dr. George Allen, Division of Migratory Bird Management, U.S. Fish and Wildlife Service, at 703-358-1825.

SUPPLEMENTARY INFORMATION: Our authority to govern take of raptors is derived from the Migratory Bird Treaty Act (16 U.S.C. 703-712), which prohibits any person from taking, possessing, purchasing, bartering, selling, or offering to purchase, barter, or sell, among other things, raptors (birds of prey) listed in 50 CFR 10.13 unless the activities are allowed under Federal regulations. Take and possession of raptors for use in falconry is governed by regulations at 50 CFR 21.29.

We completed an EA on take of migrant peregrine falcons in 2008 (73 FR 74508; December 8, 2008). Our preferred alternative allows a take of 36 fall first-year (passage) migrant peregrine falcons from 20 September through 20 October, from anywhere in the United States east of 100 degrees W longitude. Allocation of the 36 passage peregrine falcons to be taken from the United States east of 100 degrees W longitude was agreed upon by the Atlantic, Mississippi, and Central Flyways. We expect the allowed take of the passage peregrines in 2010 to be as follows:

State	Allowed take
Atlantic Flyway	
Maine	2
Maryland	2
Virginia	1
North Carolina	2
South Carolina	1
Georgia	2
Florida	2
Mississippi Flyway	
Minnesota	1

State	Allowed take
Arkansas	3
Mississippi	8
Central Flyway	
Oklahoma	1
Texas	11
Total	36

Interested individuals will need to contact each State that will allow take of passage peregrine falcons to learn whether the State will allow take by a resident of another State.

We expect the Flyways to review the allocation of the take of passage peregrines each year. We will continue to work with them on the issue, and may publish notices about it in the future. As noted in the Final EA on take of migrant peregrines, we will review population and harvest data for Canada, the United States, and Mexico every 5 years, or at the request of the Flyway Councils, to reassess the allowable harvest limits. We will publish a notice in the **Federal Register** if we determine that the take of passage peregrine falcons should be changed.

Dated: August 27, 2010.

Wendi Weber,

Acting Director, U.S. Fish and Wildlife Service.

(Commerce) to be subsidized by the Government of China and to be sold in the United States at less than fair value (LTFV).^{2,3}

Background

The Commission instituted these investigations effective July 29, 2009, following receipt of a petition filed with the Commission and Commerce by Resco Products Inc., Pittsburgh, PA. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of certain magnesia carbon bricks from China were being subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and that imports of certain magnesia carbon bricks from China and Mexico were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of April 23, 2010 (75 FR 21346). The hearing was held in Washington, DC, on July 27, 2010, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on September 8, 2010. The views of the Commission are contained in USITC Publication 4182 (September 2010), entitled *Certain Magnesia Carbon Bricks from China and Mexico: Investigation Nos. 701-TA-468 and 731-TA-1166-1167 (Final)*.

² The Commission also finds that imports subject to Commerce's affirmative critical circumstances determination are not likely to undermine seriously the remedial effect of the antidumping duty order on China.

³ Chairman Deanna Tanner Okun, and Commissioners Daniel R. Pearson and Shara L. Aranoff determine that an industry in the United States is threatened with material injury by reason of imports of certain magnesia carbon bricks from China and determine that an industry in the United States is not materially injured or threatened with material injury, or that the establishment of an industry in the United States is materially retarded, by reason of imports from Mexico of certain magnesia carbon bricks.
