

parcels. The new information allows the recognition of a distinction between collected prepaid parcels weighing less than or equal to 2 pounds, and those greater than 2 pounds.

Proposal Six involves the International Cost and Revenue Analysis (ICRA). The Postal Service considers this proposal a change in calculation procedure, not an analytical methodology change. The change would separately incorporate the Inbound Processing and Carrier In-Office costs for Canada, Developing Countries and Industrialized Countries into the ICRA model using IOCS. The Postal Service asserts that this incorporates the Commission's methodology for using IOCS tally analysis into the ICRA model.

Proposal Seven would introduce a mailflow-based model of mail processing costs for Standard Mail Parcels and NFMs (Not-Flat Machinables). The Postal Service previously did not have a cost model for mail processing for this product.

Proposal Eight involves the distribution key for distributing empty equipment transportation costs to products. These costs are included in cost segment 14 (purchased transportation). The proposal is to attribute the empty equipment costs to products using a distribution factor that is based on the aggregate pound miles traveled on modes of transportation sampled by the Transportation Cost System (TRACS).

The attachments to the Postal Service's Petition explain each proposal in more detail, including its objective, background, impact, and an empirical example (comparing the changes in data reporting to the status quo). The Petition, including the attachments, is available for review on the Commission's Web site, <http://www.prc.gov>.

Form N–SAR, SEC File No. 270–292, OMB Control No. 3235–0330.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the “Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Form N–SAR (OMB Control No. 3235–0330, 17 CFR 249.330) is the form used by all registered investment companies with the exception of face amount certificate companies, to comply with the periodic filing and disclosure requirements imposed by Section 30 of the Investment Company Act of 1940 (15 U.S.C. 80a–1 *et seq.*) (“Investment Company Act”), and of rules 30a–1 and 30b1–1 thereunder (17 CFR 270.30a–1 and 17 CFR 270.30b1–1). The information required to be filed with the Commission assures the public availability of the information and permits verification of compliance with Investment Company Act requirements. Registered unit investment trusts are required to provide this information on

an annual report filed with the Commission on Form N–SAR pursuant to rule 30a–1 under the Investment Company Act, and registered management investment companies must submit the required information on a semi-annual report on Form N–SAR pursuant to rule 30b1–1 under the Investment Company Act.

The Commission estimates that the total number of respondents is 3,480 and the total annual number of responses is 6,180 ((2,700 management investment company respondents × 2 responses per year) + (780 unit investment trust respondents × 1 response per year)).
