

SUPPLEMENTARY INFORMATION:

Publication of the Performance Review Board (PRB) membership is required by 5 U.S.C. 4314(c)(4). The PRB reviews and evaluates the initial appraisal of a senior executive's performance by the supervisor, and makes recommendations regarding performance ratings, performance awards, and pay-for-performance pay adjustments to the Chairman.

The following individuals have been designated to serve on the Commission's Performance Review Board:

Charles H. Schneider, Executive Director, Chairman
 Willard K. Tom, General Counsel
 Pauline M. Ippolito, Deputy Director, Bureau of Economics
 Richard A. Feinstein, Director, Bureau of Competition
 Jessica L. Rich, Deputy Director, Bureau of Consumer Protection

By direction of the Commission.

Donald S. Clark,

Secretary.

National Institutes of Health

Submission for OMB Review; Comment Request; Brain Power! The NIDA Junior Scientist Program and the Companion Program, Brain Power! Challenge Information Collection

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institute on Drug Abuse (NIDA), the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented. The proposed information collection was previously published in the **Federal Register** on June 28, 2010 Volume 75, No. 123, pages 36659–36660, and allowed 60-days for public comment. No comments were received on this notice.

Proposed Collection: Title: Brain Power! The NIDA Junior Scientist Program, for grades K–5, and the companion program for Middle School, the Brain Power! Challenge.

Type of Information Collection Request: NEW. The previous OMB approval was discontinued on March 31, 2009 (OMB Control number 0925–0542 that was obtained in 2005), and the new submission is requested until July 31, 2011.

Need and Use of Information Collection: This is a request for clearance to evaluate the effectiveness of the Brain Power! Program's ability to:

- Increase students' knowledge about the biology of the brain and the neurobiology of drug addiction;
- Increase positive attitudes toward science, careers in science, and science

as an enjoyable endeavor, and stimulating interest in scientific careers; and

- Promote more balanced perceptions and attitudes of scientists as being of many races, ages, and genders

The secondary goal is to determine the influence or change of attitudes toward and intentions about drug use. The findings will provide valuable information concerning the goals of NIDA's *Science Education Program* of increasing scientific literacy and stimulating interest in scientific careers. In order to test the effectiveness of the evaluation, information will be collected from students before and after exposure to the curriculum with pre- and post-test self-report measures. Surveys also will be administered to teachers after the completion of the program to examine ease and fidelity of implementation, as well as impact in knowledge and understanding of the neurobiology of addiction. Surveys will be administered to parents to obtain parental reaction and opinion on the materials and the degree to which parents find the curriculum informative and appropriate.

Frequency of Response: On occasion.

Affected Public: Elementary and middle school students, teachers, and parents.

Type of Respondents: Students, Teachers, and Parents. The reporting burden is as follows:

Estimated Number of Respondents: 1,260.

Estimated Number of Responses per Respondent: Students 2, Parents and Teachers: 1.

Average Burden Hours per Response: Students: .5, Parents: .5, and Teachers: .5.

Estimated Total Annual Burden Hours Requested: 892.5. There are no Capital Costs to report. There are no Operating or Maintenance Costs to report. The estimated annualized burden is summarized below.

Types of respondents	Number of respondents	Frequency of response	Average time per response	Annual hour burden
Students (K–grade 5)	375	2	.5	375
Students (grades 6–9)	375	2	.5	375
Parents (survey) (K–grade 5)	25	1	.25	6.25
