#### **Chrysler Financial Services Americas, LLC, a Subsidiary of Finco Intermediate Holding Co., LLC, Troy Customer Contact Center, Troy, Michigan; Notice of Affirmative Determination Regarding Application for Reconsideration**

By application dated September 3, 2010, the petitioner requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of the subject firm. The

determination was issued on July 23, 2010. The Department's Notice of Determination was published in the **Federal Register** on August 6, 2010 (75 FR 47635).

The initial investigation resulted in a negative determination based on the findings that there have not been increased imports of services like or directly competitive with the financial services supplied by the subject firm, and there has not been a shift in the supply of services by the firm to a foreign country. In addition, the subject firm is not a supplier or downstream producer to a firm that employed a worker group eligible to apply for TAA.

The request for reconsideration states that "the workers at Chrysler Financial Services, Troy, Michigan were engaged in activities that initiated the need to produce automotive vehicles and automotive vehicle parts \* \* \* multiple production facilities within the Chrysler Group has lost production due to imports which resulted in the decrease in sales" which contributed importantly to the workers' separations.

The Department has carefully reviewed the request for reconsideration and the existing record, and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974, as amended.

### Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 21st day of September 2010.

#### **Consolidated Glass and Mirror Corporation, a Subsidiary of Guardian Industries Corporation, Galax, VA; Notice of Affirmative Determination Regarding Application for Reconsideration**

By application dated September 2, 2010, petitioners requested administrative reconsideration of the

negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of Consolidated Glass and Mirror Corporation, a Subsidiary of Guardian Industries Corporation, Galax, Virginia (subject firm). The determination was issued on August 5, 2010. The Department's Notice of Determination was published in the **Federal Register** on August 23, 2010 (75 FR 51849). Workers are engaged in employment related to the production of laminated glass products.

The negative determination was based on the findings that the subject firm did not, during the period under investigation, shift to a foreign country production of articles like or directly competitive with those produced by the workers or acquire these articles from a foreign country; that the workers' separation, or threat of separation, was not related to any increase in imports of like or directly competitive articles; and that the workers did not produce an article that was directly used in the production of an article or the supply of service by a firm that employed a worker group that is eligible to apply for TAA based on the aforementioned article or service.

In the request for reconsideration, the petitioners provided additional information pertaining to subject firm customers that employ workers who are eligible to apply for TAA.

The Department has carefully reviewed the request for reconsideration and the existing record, and has determined that the Department will conduct further investigation to determine if the petitioning workers meet the eligibility requirements of the Trade Act of 1974, as amended.

### Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 21st day of September 2010.

#### Compass Group USA, Inc. Canteen: Webster City, Iowa; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated July 9, 2010, a petitioner requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of the subject firm. The determination was signed on May 24, 2010, and the Notice of Determination was published in the **Federal Register** on June 16, 2010 (75 FR 34175).

The initial investigation resulted in a negative determination based on the findings that the subject firm did not, during the investigation period, shift to a foreign county services like or directly competitive with the cafeteria services or vending machine services supplied by the workers or acquire from a foreign country services like or directly competitive with the cafeteria services or vending machine services supplied by the workers; that the workers' separation, or threat of separation, was not related to any increase in imports of like or directly competitive food services or a shift in service/acquisition of such food services abroad, and that the workers did not supply a service that was directly used in the production of an article or the supply of service by a firm that employed a worker group that is eligible to apply for TAA based on the aforementioned article or service.

The request for reconsideration stated that the subject workers provide "food services in direct support of Electrolux" and alleges that the shift of production by Electrolux to Mexico resulted in a shift to Mexico in the supply of food service services. The request also alleges that, in the case of adversely-affected secondary workers, the term "value-added" applies only to production process and does not apply to services.

The Department has carefully reviewed the request for reconsideration and the existing record, and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974, as amended.

### Conclusion

After careful review of the application, I conclude that the claim is

of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

#### Comment Request

**ACTION:** Notice of solicitation of comments.

**SUMMARY:** The Department of Labor through the Bureau of Labor Statistics (BLS) is responsible for the development and publication of occupational employment projections and related career information, including the education and training requirements for detailed occupations. The BLS issued a **Federal Register** notice on November 18, 2008 (Volume 73, Number 223), requesting comments on a proposed education and training system. On May 26, 2009, a notice was issued on the BLS Web site announcing that the BLS would continue to refine the system to classify occupations into education and training categories for use in 2010, and provide an experimental dataset on the new system. The new education and training system has been developed and the experimental dataset is ready for users to provide feedback.
