General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>.

SUPPLEMENTARY INFORMATION: The preamble below is designed to assist readers in understanding these proposed amendments to the Commission Rules. This preamble provides background information, a regulatory analysis of the proposed amendments, a section-by-section explanation of the proposed amendments to part 210, and a description of the proposed amendments to the rules. The Commission encourages members of the public to comment, in addition to any other comments they wish to make on the proposed amendments, on whether the language of the proposed amendments is sufficiently clear for users to understand.

If the Commission decides to proceed with this rulemaking after reviewing the comments filed in response to this notice, the proposed rule revisions will be promulgated in accordance with the applicable requirements of the Administrative Procedure Act (“APA”) (5 U.S.C. 553), and will be codified in 19 CFR part 210.

Background

Section 335 of the Tariff Act of 1930 (19 U.S.C. 1335) authorizes the Commission to adopt such reasonable procedures, rules, and regulations as it deems necessary to carry out its functions and duties. This rulemaking seeks to improve provisions of the Commission’s existing Rules of Practice and Procedure. The Commission proposes amendments to its rules covering investigations under section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) (“section 337”) in order to increase the efficiency of its section 337 investigations.

This rulemaking effort began in 2010, as part of an effort to gather information on the public interest at an earlier stage in the investigation, and to aid the Commission in determining when to delegate part of the development of the record on the public interest to the administrative law judge. The Commission invites the public to comment on all of these proposed rules amendments. In any comments, please consider addressing whether the language of the proposed amendments is sufficiently clear for users to understand. In addition please consider addressing how the proposed rules amendments could be improved, and/or offering specific constructive alternatives where appropriate.

Consistent with its ordinary practice, the Commission is issuing these proposed amendments in accordance with the applicable requirements of section 553 of the APA. This procedure

entails the following steps: (1) Publication of a notice of proposed rulemaking; (2) solicitation of public comments on the proposed amendments; (3) Commission review of public comments on the proposed amendments; and (4) publication of final amendments at least thirty days prior to their effective date.

Regulatory Analysis of Proposed Amendments to the Commission’s Rules

The Commission has determined that the final rules do not meet the criteria described in section 3(f) of Executive Order 12866 (58 FR 51735, Oct. 4, 1993) and thus do not constitute a significant regulatory action for purposes of the Executive Order.

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) is inapplicable to this rulemaking because it is not one for which a notice of final rulemaking is required under 5 U.S.C. 553(b) or any other statute. Although the Commission has chosen to publish a notice of proposed rulemaking, these proposed regulations are “agency rules of procedure and practice,” and thus are exempt from the notice requirement imposed by 5 U.S.C. 553(b).

These proposed rules do not contain federalism implications warranting the preparation of a federalism summary impact statement pursuant to Executive Order 13132 (64 FR 43255, Aug. 4, 1999).

No actions are necessary under the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1501 *et seq.*) because the proposed rules will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more in any one year, and will not significantly or uniquely affect small governments.

The proposed rules are not major rules as defined by section 804 of the Small Business Regulatory Enforcement Fairness Act of 1996 (5 U.S.C. 801 *et seq.*). Moreover, they are exempt from the reporting requirements of the Contract With America Advancement Act of 1996 (Pub. L. 104–121) because they concern rules of agency organization, procedure, or practice that do not substantially affect the rights or obligations of non-agency parties.

The amendments are not subject to section 3504(h) of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), because it is part of an administrative action or investigation against specific individuals or entities. 44 U.S.C. 3518(c)(1)(B)(ii).

Subpart C—Pleadings

Sections 210.12 and 210.13

Section 210.12 generally provides the requirements for a complaint, and § 210.13 generally provides requirements for responses to the complaint. To obtain information from the complainant on the existence and nature of any public interest issues raised by the complaint at the time of its filing, the Commission proposes adding a paragraph (a)(12) to § 210.12 to require that the complainant provide in the complaint specific information regarding any public interest issues arising from the complaint. The complaint should address how issuance of an exclusion order and/or a cease and desist order in this investigation could affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers. In particular, the complaint should:

- Explain how the articles potentially subject to the orders are used in the United States;
- Identify any public health, safety, or welfare concerns in the United States relating to the potential orders;
- Indicate the extent to which like or directly competitive articles are produced in the United States or are otherwise available in the United States, with respect to the articles potentially subject to the orders; and
- Indicate whether Complainant, Complainant’s licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to an exclusion order and a cease and desist order within a commercially reasonable time.

The Commission further proposes adding a paragraph (k) to § 210.12 to provide that, when a complaint is filed, the Secretary to the Commission will publish a notice in the **Federal Register** soliciting comments from the public and/or the proposed respondents on any public interest issues arising from the complaint.

Similarly, to obtain information from respondents on the existence and nature of any public interest issues arising from the complaint at the time of the response to the complaint, the Commission proposes adding a new paragraph (b)(4) to § 210.13(b) to require the respondents to respond to the public interest issues raised by the complaint. Respondents may also address any comments received from the public with respect to the public interest.

Subpart G—Determinations and Actions Taken

Sections 210.50

Section 210.50 provides that the Commission, in the event of a violation of section 337, shall consider the appropriateness of an exclusion order or a cease and desist order in light of the public interest factors; the Commission must also determine whether, and in what amount, bonding is appropriate. Thus, in the event of a violation of section 337, it is the responsibility of the Commission to make determinations regarding remedy, the public interest, and bonding. Section 210.50(a)(4) provides that the Commission may receive submissions from the parties and the public on these issues. Section 210.50(b)(1) provides that the administrative law judge shall take evidence with respect to the issues of remedy and bonding, but not with respect to the public interest unless the Commission orders otherwise. The Commission proposes to amend § 210.50(b)(1) to also provide that if the Commission orders the administrative law judge to take evidence on the public interest, the administrative judge shall address the public interest in the recommended determination under § 210.42(a)(1)(ii) and that the extent of the taking of discovery by the parties shall be at the discretion of the presiding administrative law judge. The Commission proposes to add language to § 210.50(a)(4) to provide that, after the service of the recommended determination on remedy by the presiding administrative law judge, the parties are instructed to submit to the Commission within 30 days any information relating to the public interest, including any updates to the information provided in the complaint and response as required by the proposed amendments to §§ 210.12 and 210.13.

Exchange Visitor Program—Fees and Charges

AGENCY: U.S. Department of State.
ACTION: Proposed rule with request for comment.

SUMMARY: The U.S. Department of State (Department) is proposing to revise its Fees and Charges assessed for providing Exchange Visitor Program (EVP) services to recoup the Department's costs associated with operating all aspects of the Exchange Visitor Program.
DATES: The Department will accept comments from the public through November 30, 2010.

ADDRESSES: You may submit comments, identified by any of the following methods:

- Persons with access to the Internet will be able to view and comment on the rule and supporting documentation, including the supporting cost study, by going to the Regulations.gov Web site <http://www.regulations.gov/search/Regs/home.html#home>, and searching on docket ID DOS-2010-0214.

- *E-mail:* JExchanges@state.gov. You must include the title and RIN (1400-AC67) in the subject line of your message.

FOR FURTHER INFORMATION CONTACT: Stanley S. Colvin, Deputy Assistant Secretary for Private Sector Exchange, U.S. Department of State, SA-5, Floor 5, 2200 C Street, NW., Washington, DC 20522, 202-632-2805, or email at jexchanges@state.gov.

SUPPLEMENTARY INFORMATION: Under the authority of Section 810 of the United States Information and Educational Exchange Act of 1948, as amended, 22 U.S.C. 1475e, and the Independent Offices Appropriations Act of 1952 (IOAA), 31 U.S.C. 9701, and following the guidelines set forth in Office of Management and Budget (OMB)

Circular No. A-25, user fees for Exchange Visitor Program Services were adopted for the first time in 2000. Regulations adopting sufficient fees to recover the full cost of its administrative processing of requests for designation, redesignation, and for requests by program participants for certain services for which application is required were adopted. OMB Circular No. A-25 directs the Agency review of fees and services every two years.

The current fee for an application for designation or an application for redesignation is \$1,748.00 and the fee for foreign national exchange participants requesting individual program services, including a change of program category, program extension, reinstatement, etc. is currently \$246.00 per request. The Department proposes amendment of both fees to: \$2,700 and \$233.00 respectively. The new proposed fee for either program designation or redesignation will increase by \$952 (redesignation is required every two years) while the fee assessed program participants will decrease by \$13.00. The increase in program designation and redesignation requests is necessary to recoup the costs of application reviews, requests for amendments to program designations, and allotment requests, as well as the cost for enhanced compliance programs, regulatory review and development, outreach and general program administration, as explained below. These changes are necessary because the current fee for program designation and redesignation applications was calculated on a unit cost basis that assumed and projected a larger number of such applications than has proven to be received.

	Current	Proposed	Increase/Decrease
Designation/Redesignation	\$1,748.00	\$2,700.00	\$952
Individual Applications	246.00	233.00	-\$13

The U.S. Department of State designates U.S. government, academic, and private sector entities to conduct educational and cultural exchange programs pursuant to a broad grant of authority provided by the Mutual Educational and Cultural Exchange Act of 1961, as amended (Fulbright-Hays Act), 22 U.S.C. 2451 *et seq.*; the Immigration and Nationality Act, 8 U.S.C. 1101(a)(15)(f); the Foreign Affairs Reform and Restructuring Act of 1998, Public Law 105-277; as well as other statutory enactments, Reorganization Plans and

Executive Orders. Under those authorities, 1,226 sponsor organizations facilitate the entry of more than 300,000 exchange participants each year. The Fulbright-Hays Act is the organic legislation underpinning the entire Exchange Visitor Program. Section 101 of that Act sets forth the purpose of the Act, *viz.*, "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries by means of educational and cultural exchange * * *." The Act authorizes the President to provide for

such exchanges when he considers that it would strengthen international cooperative relations. The language of the Act and its legislative history make it clear that Congress considered international educational and cultural exchanges to be a significant part of the public diplomacy efforts of the President in connection with his Constitutional prerogatives in conducting foreign affairs. On September 27, 1999, the United States Information Agency (USIA) issued an interim final rule on the adoption of fees for all requests for an
