SUPPLEMENTARY INFORMATION:

Background

Codex was established in 1963 by two United Nations organizations, the Food and Agriculture Organization (FAO) and the World Health Organization (WHO). Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex seeks to protect the health of consumers and ensure that fair practices are used in trade.

The CCFNSDU was established to study specific nutritional problems assigned to it by the Commission and advise the Commission on general nutritional issues; to draft general provisions as appropriate, concerning the nutritional aspects of all foods; to develop standards, guidelines, or related texts for foods for special dietary uses, in cooperation with other committees when necessary; and to consider, amend if necessary, and endorse provisions on nutritional aspects proposed for inclusion in Codex standards, guidelines, and related texts. The CCFNSDU is hosted by the Federal Republic of Germany.

The following items on the agenda for the 32nd Session of the CCFNSDU will be discussed during the public meeting:

- Draft Annex to the Guidelines on Nutrition Labeling: General Principles for Establishing Nutrient Reference Values of Vitamins and Minerals for General Population at Step 7.

- Proposed Draft Additional or Revised Nutrient Reference Values for Labeling Purposes in the Codex Guidelines on Nutrition Labeling at Step 4.

- Proposed Draft Revision of the Codex General Principles for the Addition of Essential Nutrients to Foods at Step 4.

- Proposed Draft Revision of the Guidelines on Formulated Supplementary Foods for Older Infants and Young Children at Step 4.
