Russia: Uranium, A-821-802	10/1/09-9/30/10

In accordance with 19 CFR 351.213(b), an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review. In addition, a domestic interested party or an interested party described in section 771(9)(B) of the Act must state why it desires the Secretary to review those particular producers or exporters.² If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Please note that, for any party the Department was unable to locate in prior segments, the Department will not accept a request for an administrative review of that party absent new information as to the party's location. Moreover, if the interested party who files a request for review is unable to locate the producer or exporter for which it requested the review, the interested party must provide an explanation of the attempts it made to locate the producer or exporter at the same time it files its request for review, in order for the Secretary to determine if the interested party's attempts were reasonable, pursuant to 19 CFR 351.303(f)(3)(ii).

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68

² If the review request involves a non-market economy and the parties subject to the review request do not qualify for separate rates, all other exporters of subject merchandise from the non-market economy country who do not have a separate rate will be covered by the review as part of the single entity of which the named firms are a part.

FR 23954 (May 6, 2003), the Department has clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. See also the Import Administration Web site at <http://ia.ita.doc.gov>.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Operations, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with 19 CFR 351.303(f)(3)(ii), a copy of each request must be served on the petitioner and each exporter or producer specified in the request.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of October 2010. If the Department does not receive, by the last day of October 2010, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the CBP to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures "gap" period, of

the order, if such a gap period is applicable to the period of review.

This notice is not required by statute but is published as a service to the international trading community.

Dated: September 24, 2010.

Susan H. Kuhbach,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XZ22

Endangered Species; File No. 13599-01

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of permit modification.

SUMMARY: Notice is hereby given that National Ocean Service Marine Forensic Lab (NOS Lab, Julie Carter, Principal Investigator), 219 Fort Johnson Road, Charleston, SC 29412, has been issued a modification to scientific research Permit No. 13599.

ADDRESSES: The modification and related documents are available for review upon written request or by appointment in the following office(s): Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 713-2289; fax (301) 713-0376; and Southeast Region, NMFS, 263 13th Ave South, St. Petersburg, FL 33701; phone (727) 824-5312; fax (727) 824-5309.

FOR FURTHER INFORMATION CONTACT: Jennifer Skidmore or Colette Cairns, (301) 713-2289.

SUPPLEMENTARY INFORMATION: On May 25, 2010, notice was published in the **Federal Register** (75 FR 29316) that a modification of Permit No. 13599,

issued December 16, 2008 (73 FR 78724), had been requested by the above-named permit holder. The requested modification has been granted under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222–226).

This permit amendment adds those ESA-listed NMFS species not previously included in the previous permit. No live animal takes or incidental harassment of animals would be authorized under this permit. Samples will be archived at the NOS Lab and used to support law enforcement actions, research studies (primarily genetics), and outreach education.

Issuance of this modification, as required by the ESA was based on a finding that such permit (1) was applied for in good faith, (2) will not operate to the disadvantage of such endangered or threatened species, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: September 24, 2010.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

RIN 0648–XY95

Proposed Issuance of Incidental Take Permits to the Washington Department of Fish and Wildlife for State of Washington Wildlife Areas

AGENCIES: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, (NOAA) Commerce; Fish and Wildlife Service (FWS), Interior.

ACTION: Notice of intent to conduct a 30–day public scoping period and prepare an environmental impact statement.

SUMMARY: The U.S. Fish and Wildlife Service (FWS) and the National Marine Fisheries Service (NMFS), collectively the Services, advise interested parties of our intent to conduct public scoping under the National Environmental

Policy Act (NEPA) to gather information to prepare an environmental impact statement (EIS) related to incidental take permit (ITP) applications from the Washington Department of Fish and Wildlife (WDFW) for incidental take of species listed under the Endangered Species Act (ESA), as well as unlisted species should they become listed during the term of the proposed permit. The WDFW has identified specific land management and recreation activities that currently occur on state Wildlife Areas that may cause incidental take. In support of the ITP applications, the WDFW is proposing to implement a habitat conservation plan (HCP) on approximately 900,000 acres of their state Wildlife Areas. The term of the proposed HCP and ITP's will occur after the public scoping process.

DATES: Written comments must be received on or before November 1, 2010. Four public scoping meetings will be held to introduce the proposed action, explain the NEPA public participation process, and solicit public comment. The public scoping meetings will be held on October 19, 20, 26, and 27, 2010, from 6:30 p.m. to 8:30 p.m. at the following locations:

1. October 19: Everett Community College, 2000 Tower Street, Whitehorse Hall, Room 105, Everett, WA 98201.
2. October 20: FWS and NMFS Office, 510 Desmond Drive, Suite 102, Lacey, WA 98503.
3. October 26: Hal Homes Center, 209 N. Ruby Street, Teanaway Room, Ellensburg, WA 98926.
4. October 27: Spokane Valley Center Place, 2426 N. Discovery Place, Room 109, Spokane, WA 99206.

ADDRESSES: You may submit comments by one of the following methods:

1. Verbally or in writing at the public scoping meetings;
2. U.S. mail or hand delivery to : Mr. David Molenaar, National Marine Fisheries Service, 510 Desmond Drive, SE, Suite 103, Lacey, WA 98503; or Mr. Mark Ostwald, U.S. Fish and Wildlife Service, Washington Fish and Wildlife Office, 510 Desmond Drive, SE, Suite 102, Lacey, WA 98503
3. Email to Wdfwwlareahcp@fws.gov.

FOR FURTHER INFORMATION CONTACT: Mr. Mark Ostwald with the FWS at (360) 753–9564, or at Mark_Ostwald@fws.gov or Mr. David Molenaar with the NMFS at (360) 753–9456 or at David.Molenaar@noaa.gov, or on the Internet at: <http://www.fws.gov/wafwo>.

SUPPLEMENTARY INFORMATION: In accordance with section 10(a)(2)(A) of the ESA of 1973, as amended (U.S.C. 1531 *et seq.*), the WDFW is preparing a HCP for their Wildlife Areas in support

of their ITP applications to the Services to incidentally take the following ESA listed species under FWS jurisdiction: marbled murrelet, northern spotted owl, western snowy plover, Oregon silverspot butterfly, golden paintbrush, howellia, Spalding's silene, Ute ladies' tresses, Columbian white-tailed deer, gray wolf, grizzly bear, lynx, pygmy rabbit, and the bull trout.

The applications also request incidental take authorization for the following species under NMFS jurisdiction: chinook salmon Evolutionarily Significant Units (ESUs) in Puget Sound, the Lower Columbia River, Upper Columbia River spring-run, Upper Willamette River, Snake River fall-run and the Snake River spring/summer-run; chum salmon ESUs in the Columbia River and Hood Canal (summer run); coho salmon ESUs in the Lower Columbia River; steelhead Distinct Population Segments (DPSs) in Puget Sound, Snake River Basin, the Lower Columbia River, Middle Columbia River, Upper Columbia River, and the Upper Willamette River; sockeye salmon ESUs in Ozette Lake and the Snake River; the Southern DPS of the pacific eulachon; and the Southern DPS of the green sturgeon.

The WDFW also requests incidental take for the following unlisted species under FWS jurisdiction should they become listed during the term of the HCP: burrowing owl, greater sage-grouse, sharp-tailed grouse, slender-billed white breasted nuthatch, streak horned lark, northern leopard frog, Oregon spotted frog, Rocky Mountain tailed frog, sagebrush lizard, striped whipsnake, Van Dyke's salamander, western pond turtle, mardon skipper, Taylors checkerspot, valley silverspot, westslope cutthroat trout, fisher, Townsends western big-eared bat, Washington ground squirrel and the western pocket gopher.

The HCP proposes to cover approximately 900,000 acres within 32 state Wildlife Areas managed by WDFW for specific covered activities that the WDFW conducts or allows on the Wildlife Areas including: horseback riding and dog field trial events; construction, maintenance, removal, and operation of upland infrastructures, water control structures, and water crossing structures; non-chemical weed control; forest management; livestock grazing and associated activities; agriculture and associated activities; irrigation; upland bird stocking; wildlife feeding; routine habitat management; and habitat restoration.

The WDFW manages 32 designated Wildlife Areas across a broad and diverse spectrum of habitats throughout
