

certified that it did not export subject merchandise to the United States during the period of investigation (“POI”). In addition, pursuant to section 751(a)(2)(B)(i)(II) of the Act and section 351.214(b)(2)(iii)(A) of the Department’s regulations, Quoc Viet certified that, since the initiation of the investigation, it has never been affiliated with any Vietnamese exporter or producer who exported subject merchandise to the United States during the POI, including those respondents not individually examined during the investigation. As required by section 351.214(b)(2)(iii)(B) of the Department’s regulations, Quoc Viet also certified that its export activities were not controlled by the central government of Vietnam.

In addition to the certifications described above, pursuant to section 351.214(b)(2)(iv) of the Department’s regulations, Quoc Viet submitted documentation establishing the following: (1) The date on which Quoc Viet first shipped subject merchandise for export to the United States and; (2) the volume of its first shipment; and (3) the date of its first sale to an unaffiliated customer in the United States.²

Initiation of New Shipper Review

Pursuant to section 751(a)(2)(B) of the Act and section 351.214(d)(1) of the Department’s regulations, we find that the request submitted by Quoc Viet meets the threshold requirements for initiation of a NSR for shipments of shrimp from Vietnam produced and exported by Quoc Viet.³ The POR is February 1, 2010–July 31, 2010.⁴ The Department intends to issue the preliminary results of this NSR no later than 180 days from the date of initiation, and the final results no later than 270 days from the date of initiation.⁵

It is the Department’s usual practice, in cases involving non-market economies, to require that a company seeking to establish eligibility for an antidumping duty rate separate from the NME entity-wide rate provide evidence of *de jure* and *de facto* absence of government control over the company’s export activities. Accordingly, we will issue questionnaires to Quoc Viet,

which will include a section requesting information with regard to Quoc Viet’s export activities for separate rate purposes. The NSR will proceed if the response provides sufficient indication that Quoc Viet is not subject to either *de jure* or *de facto* government control with respect to its export of subject merchandise.

We will instruct U.S. Customs and Border Protection to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from Quoc Viet in accordance with section 751(a)(2)(B)(iii) of the Act and section 351.214(e) of the Department’s regulations. Because Quoc Viet certified that it both produced and exported the subject merchandise, the sale of which is the basis for this new shipper review request, we will apply the bonding privilege to Quoc Viet only for subject merchandise which Quoc Viet both produced and exported.

Interested parties requiring access to proprietary information in this NSR should submit applications for disclosure under administrative protective order in accordance with sections 351.305 and 351.306 of the Department’s regulations.

This initiation and notice are in accordance with section 751(a)(2)(B) of the Act and sections 351.214 and 351.221(c)(1)(i) of the Department’s regulations.

Dated: September 20, 2010.
Susan H. Kuhbach,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
