### I. Funding Opportunity Description

RFA-FD-10-009

Catalog of Federal Domestic Assistance Number(s): 93.103 <https://www.cfda.gov>

#### A. Background

FDA announces its intention to accept and consider a single source application for awarding a cooperative agreement to the WHO, Department of Food Safety and Zoonoses to develop a plan for a global integrated food safety information system or platform in partnership with the WHO Secretariat and the Member States. This project represents a collaborative agreement between WHO and FDA in support of global solutions to address food safety problems; global sharing of comparable food safety data and information; and improved global capacity for detection of and response to food safety threats through preventative controls, data and surveillance and risk-based approaches.

#### B. Research Objectives

- Outreach to parties who have information needs and information to share to ascertain their interests and to cultivate their support;
- Engagement of all relevant parties in defining the goals and designing the system to maximize utilization and sustainability;
- A timeline for development, design, pilot-testing, implementation and maintenance of a global integrated information platform;
- A business plan that delineates the commitment, support and resources of the WHO Secretariat and relevant stakeholders essential to ensure full implementation and long-term sustainability; and
- A clear articulation of the benefits, measurable outputs and impacts that would result from a WHO global integrated information platform to the global community, Member States and other relevant parties and stakeholders.
