III. Cancellation Order

Pursuant to FIFRA section 3, EPA hereby announces the expiration of chloroneb registrations identified in Table 1 of Unit II. This cancellation order announces the October 31, 2010, expiration of certain time-limited registrations. These registrations expire on October 31, 2010, because the technical registrant, Kincaid, Inc., failed to meet the terms and conditions of registration as requested in correspondence dated September 26, 2005, and subsequently granted by the Agency. The Agency considers the expiration of a time-limited registration to be a cancellation under section 3 of FIFRA, for purposes of section 6(a)(1) of FIFRA. Any distribution, sale, or use of existing stocks of the canceled products identified in Table 1 of Unit II, in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit IV., will be considered a violation of FIFRA.

IV. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The cancellation order issued in this notice includes the following existing stock provisions.

The registrant may continue to sell or distribute existing stocks of chloroneb products identified in Table 1 of Unit II, until October 31, 2011, which is 1 year after the expiration of the time-limited

registrations. Thereafter, the registrant is prohibited from selling or distributing products listed in Table 1 of Unit II., except for export in accordance with FIFRA section 17 or for proper disposal.

Persons other than the registrant may continue to sell, distribute, or use existing stocks of canceled products until supplies are exhausted, provided that the sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9210-7]

National Drinking Water Advisory Council: Request for Nominations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA or Agency) invites all interested persons to nominate qualified individuals to serve a three-year term as members of the National Drinking Water Advisory Council (Council). This 15-member Council was established by the Safe Drinking Water Act (SDWA) to provide practical and independent advice, consultation and recommendations to the Agency on the activities, functions, policies, and regulations required by the SDWA. Each year the terms of five (5) members expire. To maintain the representation required in the statute, nominees for the 2011 Council should represent: State and local officials concerned with public water supply and public health protection (2 vacancies), the general public (1 vacancy) and organizations or groups demonstrating an active interest in the field of public water supply and public health protection (2 vacancies). All nominations will be fully considered, but applicants need to be aware of the specific representation needed as well as geographical balance so that all major areas of the U.S. (East, Mid-West, South, Mountain, South-West, and West) will be represented. The current list of

members is available on the EPA Web site at: <http://water.epa.gov/aboutow/ogwdw/ndwac/index.cfm>.

DATES: Submit nominations on or before October 31, 2010.

ADDRESSES: The preferred form of communication is via e-mail to Eric Bissonette, Alternate Designated Federal Officer, National Drinking Water Advisory Council, @ bissonette.eric@epa.gov. The mailing address is Eric Bissonette, Alternate Designated Federal Officer, U.S. Environmental Protection Agency, Office of Ground Water and Drinking Water (Mail Code 4601-M), 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: E-mail your questions to Jacquelyn Springer, @ springer.jacquelyn@epa.gov or call 202-564-9904.

SUPPLEMENTARY INFORMATION:

National Drinking Water Advisory Council: The Council consists of 15 members, including a Chairperson, appointed by the Deputy Administrator. Five members represent the general public; five members represent appropriate State and local agencies concerned with public water supply and public health protection; and five members represent private organizations or groups demonstrating an active interest in the field of public water supply and public health protection. SDWA requires that at least two members of the Council represent small, rural public water systems. Additionally, members may be asked to serve on one of the Council's workgroups that are established on an as-needed basis to assist EPA in addressing specific program issues. This notice solicits nominations to fill five new vacancies through April 15, 2014. Persons selected for membership will receive compensation for travel and a nominal daily compensation (if appropriate) while attending meetings. The Council holds two face-to-face meetings each year, generally in the spring and fall. Conference calls will be scheduled if needed.

Nomination of a Member: Any interested person or organization may nominate qualified individuals for membership. Self-nominations are also welcome. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups. Nominees should be identified by name, occupation, position, address and telephone number. To be considered, all nominations must include a current resume, providing the nominee's

background, experience and qualifications. Prospective candidates will be required to fill out the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows Government officials to determine whether there is a statutory conflict between that person's public responsibilities (which includes membership on an EPA Federal advisory committee) and private interests and activities, or the appearance of a lack of impartiality, as defined by Federal regulation.

Dated: September 30, 2010.

I. Introduction

1. The Wireless Telecommunications and the Media Bureaus (the Bureaus) announce an auction of certain FM Broadcast construction permits. This auction, which is designated Auction 91, is scheduled to commence on March 29, 2011.

II. Construction Permits In Auction 91

2. Auction 91 will offer 147 construction permits in the FM broadcast service. The construction permits to be auctioned are for 147 new FM allotments, including 37 construction permits that were offered but not sold in Auction 79. Specifically, the vacant FM allotments for which construction permits are being offered are listed in Attachment A of the *Auction 91 Comment Public Notice* along with the reference coordinates for each vacant FM allotment. If two or more short-form applications specify the same FM allotment, they will be considered mutually exclusive, and the construction permit for that FM allotment will be awarded by competitive bidding procedures.

III. Due Diligence

3. Potential bidders are reminded that they are solely responsible for investigating and evaluating all technical and marketplace factors that may have a bearing on the value of the construction permits for broadcast facilities they are seeking in this auction. Bidders are responsible for assuring themselves that, if they win a construction permit, they will be able to build and operate facilities in accordance with the Commission's rules. The FCC makes no representations or warranties about the use of this spectrum for particular services.

4. Applicants should perform their due diligence research and analysis before proceeding, as they would with any new business venture. In particular, potential bidders are strongly encouraged to review all underlying Commission orders. Additionally, potential bidders should perform
