

unreviewed entries at the all-others rate if there was no rate calculated in this review for the intermediary involved in the transaction. *See id.*, 68 FR at 23954.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of administrative review, consistent with section 751(a)(1) of the Act: (1) The cash deposit rate for the reviewed company will be the rate listed above; (2) if the exporter is not a firm covered in this review, but was covered in a previous review or the original less-than-fair-value (LTFV) investigation, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 9.70 percent, the all-others rate established in the LTFV investigation. *See Certain Circular Welded Carbon Steel Pipes and Tubes From Taiwan: Antidumping Duty Order*, 49 FR 19369 (May 7, 1984). These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial

protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: September 30, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XZ19

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Northeast Region, NMFS (Assistant Regional Administrator) has made a preliminary determination that an EFP application from the University of New England (UNE) contains all the required information and warrants further consideration. The EFP would allow three commercial fishing vessels to possess spiny dogfish (dogfish) during Federal quota closures in support of a study on their reproductive biology. The Assistant Regional Administrator has also made a preliminary determination that the activities authorized under the EFP would be consistent with the goals and objectives of the Spiny Dogfish Fishery Management Plan (FMP). However, further review and consultation may be necessary before a final determination is made.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on EFP applications.

DATES: Comments must be received on or before October 25, 2010.

ADDRESSES: Comments may be submitted by e-mail. The mailbox

address for providing e-mail comments is nero.efp@noaa.gov. Include in the subject line of the e-mail comment the following document identifier:

“Comments on UNE dogfish possession EFP.” Written comments should be sent to Patricia A. Kurkul, Regional Administrator, NMFS, Northeast Regional Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope, “Comments on UNE dogfish possession EFP.” Comments may also be sent via facsimile (fax) to (978) 281-9135.

FOR FURTHER INFORMATION CONTACT: Lindsey Feldman, Fishery Management Specialist, *phone:* 978-675-2179, *fax:* 978-281-9135.

SUPPLEMENTARY INFORMATION: The EFP would exempt federally permitted commercial fishing vessels from dogfish closures while conducting research for the University of New England. The EFP would temporarily exempt participating vessels from dogfish quota closures, in limited situations for research purposes only, to retain dogfish that would otherwise be prohibited. No dogfish will be landed for sale when the fishery is closed.

The FMP implemented a semi-annual quota for the commercial dogfish fishery; when a semi-annual quota is projected to be harvested, NMFS closes the fishery until the next semi-annual quota opens. During a dogfish closure, no vessel may fish for or possess dogfish. A dogfish closure is currently in effect through October 31, 2010.

As part of a continuing research project, UNE is investigating the reproductive biology of dogfish along the U.S. Atlantic coast. UNE will investigate previously observed regional anomalies in dogfish reproductive biology. Investigators from UNE aim to update information known on the gestation period for dogfish; in particular whether the current estimate of 22 months for gestation has been overestimated. Data from the research would provide more detailed life history information on dogfish that could potentially be used to fine tune stock assessments and management plans for dogfish in the Northwest Atlantic.

The applicant would collect 150 female dogfish samples per month (one year total), 50 each from the Gulf of Maine (GOM), waters off New Jersey (NJ), and waters off North Carolina (NC). The total number of dogfish landed under this EFP would not exceed 1,800 individuals. Samples would be collected during regular commercial fishing operations, in areas open to commercial fishing for species other than spiny dogfish. Vessels would fish

with otter trawls that are fully compliant with applicable regulations and adhere to the following conditions: Possess 150 or fewer dogfish per trip; all live dogfish bycatch would be returned to the ocean as quickly as possible; no dogfish may be landed for sale; dogfish would not be targeted during the fishing trips.

Participating vessels would be exempt from the spiny dogfish fishery closure regulations at 50 CFR 648.231 and required to comply with all other applicable requirements and restrictions specified at 50 CFR part 648.

The applicant may make requests to NMFS for minor modifications and extensions to the EFP throughout the year. EFP modifications and extensions may be granted by NMFS without further notice if they are deemed essential to facilitate completion of the proposed research and result in only a minimal change in the scope or impact of the initially approved EFP request. In accordance with NOAA Administrative Order 216-6, a Categorical Exclusion or other appropriate NEPA document would be completed prior to the issuance of the EFP. Further review and consultation may be necessary before a final determination is made to issue the EFP. After publication of this document in the **Federal Register**, the EFP, if approved, may become effective following a 15-day public comment period.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 5, 2010.

Carrie Selberg,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Technology Innovation Program Advisory Board

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Technology Innovation Program Advisory Board, National Institute of Standards and Technology (NIST) will meet in open session on Tuesday, November 2, 2010, from 8:30 a.m. to 3:15 p.m. Eastern daylight savings time.

DATES: The meeting will convene Tuesday, November 2, 2010, at 8:30 a.m. and will adjourn at 3:15 p.m.

ADDRESSES: The meeting will be held at the National Institute of Standards and Technology, Advanced Measurement Laboratory, Building 215, Room C103, Gaithersburg, Maryland 20899. Please note admittance instructions under the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT:

Rene Cesaro, National Institute of Standards and Technology, Gaithersburg, Maryland 20899, telephone number (301) 975-2162. Ms. Cesaro's e-mail address is rene.cesaro@nist.gov.

SUPPLEMENTARY INFORMATION: The Technology Innovation Program (TIP) Advisory Board is composed of ten members appointed by the Director of NIST who are eminent in such fields as business, research, science and technology, engineering, education, and management consulting. The purpose of this meeting is to review and make recommendations regarding general policy for the Technology Innovation Program, its organization, its budget, and its programs within the framework of applicable national policies as set forth by the President and the Congress. The agenda will include a TIP update, a presentation on the TIP critical national need process, and a discussion of potential critical national need areas for future funding. The agenda may change to accommodate Board business. The final agenda will be posted on the TIP Web site at: <http://www.nist.gov/tip/>. Individuals and representatives of organizations who would like to offer comments and suggestions related to the Board's affairs are invited to request a place on the agenda. On November 2, 2010, approximately one-half hour will be reserved for public comments, and speaking times will be assigned on a first-come, first-serve basis. The amount of time per speaker will be determined by the number of requests received, but is likely to be about three minutes each. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements to the TIP Advisory Board, National Institute of Standards and Technology, 100 Bureau Drive, MS 4700, Gaithersburg, Maryland 20899, via fax at (301) 975-4032, or electronically by e-mail to lorel.wisniewski@nist.gov.

All visitors to the National Institute of Standards and Technology site will have to pre-register to be admitted. Please submit your name, time of

arrival, email address and phone number to Rene Cesaro no later than Friday, October 29, 2010, and she will provide you with instructions for admittance. Ms. Cesaro's e-mail address is rene.cesaro@nist.gov and her phone number is (301) 975-2162.

Harry S. Hertz,

Director, Baldrige National Quality Program.

RIN: 0648-XZ52

South Atlantic Fishery Management Council; Public Hearings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice of public hearings.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold a series of public hearings regarding Amendment 18A to the Snapper Grouper Fishery Management Plan (FMP) for the South Atlantic. *See SUPPLEMENTARY INFORMATION.*

DATES: A series of 3 public hearings will be held October 25 through October 27, 2010. The hearings will be open from 4 p.m. until 7 p.m. Members of the public will have an opportunity to go on record at any time during the meeting hours to record their comments on the public hearing topics for Council consideration. Written comments will be received in the South Atlantic Council's office until 5 p.m. on November 12, 2010. *See SUPPLEMENTARY INFORMATION.*

SUPPLEMENTARY INFORMATION: Amendment 18A to the Snapper Grouper FMP contains the following management actions: (1) Limit participation in the golden tilefish fishery through an endorsement program, (2) allocate commercial golden tilefish quota between gear groups, (3) establish criteria for transferability of golden tilefish endorsements, (4) change the commercial golden tilefish fishing year, (5) change the golden tilefish commercial trip limit, (6) establish trip limits for commercial fishermen who do not receive and endorsement in the golden tilefish fishery, (7) modify the commercial black sea bass fishery to limit participation and effort and reduce bycatch, and (8) improve the accuracy, timing, and quality of fisheries data.
