Background and Purpose

Note: On October 1, 2009, the Cooperative State Research, Education, and Extension Service (CSREES) became the National Institute of Food and Agriculture (NIFA) as mandated by the Food, Conservation, and Energy Act of 2008 (FCEA), section 7511(f).

In December 2003, the National Veterinary Medical Service Act (NVMSA) was passed into law adding section 1415A to the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (NARETPA). This law established a new Veterinary Medicine Loan Repayment Program (7 U.S.C. 3151a) authorizing the Secretary of Agriculture (Secretary) to carry out a program of entering into agreements with veterinarians under which they agree to provide veterinary services in veterinarian shortage situations. In November 2005, the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2006 (Pub. L. 109-97), appropriated \$495,000 to implement the Veterinary Medicine Loan Repayment Program (VMLRP) and represented the first time funds had been appropriated for this program. In February 2007, the Revised Continuing

Appropriations Resolution, 2007 (Pub. L. 110-5), appropriated an additional \$495,000 for support of the program, and in December 2007, the Consolidated Appropriations Act, 2008 (Pub. L. 110-161), appropriated an additional \$868,875 for support of this program, and on March 11, 2009, the Omnibus Appropriations Act, 2009 (Pub. L. 111-8) was enacted, providing an additional \$2,950,000, for the VMLRP. In October 2009, the President signed into law, Pub. L. 111-80, Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act of 2010, which appropriated \$4,800,000 for the VMLRP. Consequently, there was a cumulative total of approximately \$9.6 million available for NIFA to administer this program when NIFA rolled out its first Request for Applications for this program on April 30, 2010.

The first VMLRP application period resulted in 260 applications in which 62 applications were selected for loan repayment awards totaling \$5,988,086.

Section 7105 of the FCEA amended section 1415A to revise the determination of veterinarian shortage situations to consider (1) geographical areas that the Secretary determines have a shortage of veterinarians; and (2) areas of veterinary practice that the Secretary determines have a shortage of veterinarians, such as food animal medicine, public health, epidemiology, and food safety. This section also added that priority should be given to agreements with veterinarians for the practice of food animal medicine in veterinarian shortage situations.

NARETPA section 1415A requires the Secretary, when determining the amount of repayment for a year of service by a veterinarian, to consider the ability of USDA to maximize the number of agreements from the amounts appropriated and to provide an incentive to serve in veterinary service shortage areas with the greatest need. This section also provides that loan repayments may consist of payments of the principal and interest on government and commercial loans received by the individual for the attendance of the individual at an accredited college of veterinary medicine resulting in a degree of Doctor of Veterinary Medicine or the equivalent. This program is not authorized to provide repayments for any government or commercial loans incurred during the pursuit of another degree, such as an associate or bachelor degree. Loans eligible for repayment include educational loans made for one or more of the following: Loans for tuition expenses; other reasonable

educational expenses, including fees, books, and laboratory expenses, incurred by the individual; and reasonable living expenses as determined by the Secretary. In addition, the Secretary is directed to make such additional payments to participants as the Secretary determines appropriate for the purpose of providing reimbursements to participants for individual tax liability resulting from participation in this program. The Secretary delegated the authority to carry out this program to NIFA.

NIFA is holding a public meeting to obtain comments to use in improving the administration of the VMLRP. The meeting is open to the public. Written comments and suggestions on issues that may be considered during the meeting may be submitted to the NIFA Docket Clerk at the address above.

Done in Washington, DC, this 7th day of October 2010.

Meryl Broussard,

Deputy Director, National Institute of Food and Agriculture.
