## DEPARTMENT OF THE INTERIOR

### Fish and Wildlife Service

[FWS–R3–R–2010–N170; 30136–1265–0000–  
S3]

#### Crane Meadows National Wildlife Refuge, Morrison County, MN

**AGENCY:** U.S. Fish and Wildlife Service,  
Department of the Interior.

**ACTION:** Notice of availability: Final  
Comprehensive Conservation Plan and  
Finding of No Significant Impact for  
Environmental Assessment.

**SUMMARY:** We, the U.S. Fish and  
Wildlife Service (Service), announce the  
availability of the Final Comprehensive  
Conservation Plan (CCP) and Finding of  
No Significant Impact (FONSI) for the  
Environmental Assessment (EA) for  
Crane Meadows National Wildlife  
Refuge (NWR). Goals and objectives in  
the CCP describe how the agency  
intends to manage the refuge over the  
next 15 years.

**ADDRESSES:** Copies of the Final CCP and  
FONSI/EA may be viewed at the Crane  
Meadows National Wildlife Refuge  
Office or at public libraries near the  
refuge. You may also request a copy by  
any of the following methods.

1. *Agency Web site:* View or  
download a copy of the document at  
[http://www.fws.gov/midwest/planning/  
CraneMeadows/](http://www.fws.gov/midwest/planning/CraneMeadows/).

2. *E-mail:* [r3planning@fws.gov](mailto:r3planning@fws.gov).  
Include “Crane Meadows Final CCP/EA”  
in the subject line of the message.

3. *Mail:* Crane Meadows National  
Wildlife Refuge, 19502 Iris Road, Little  
Falls, Minnesota 56345.

A limited number of hardcopies will  
be available for distribution at the  
Refuge Headquarters.

**FOR FURTHER INFORMATION CONTACT:**  
Anne Sittauer (763–389–3323).

**SUPPLEMENTARY INFORMATION:**

### Introduction

With this notice, we complete the  
CCP process for Crane Meadows NWR,  
which we began by publishing a notice  
of intent on (73 FR 76677–76678,  
December 17, 2008). For more  
information about the initial process,  
see that notice. We released the draft  
CCP and EA to the public, announcing  
and requesting comments in a notice of  
availability on (75 FR 39037–39038, July  
7, 2010).

Crane Meadows NWR, located in  
central Minnesota, was established in  
1992 to protect one of the largest, most  
intact wetland complexes remaining in  
the State. The Refuge owns  
approximately 1,800 acres of 13,540  
acres identified for acquisition, and an  
additional 900 acres are owned and  
managed by the Minnesota Department  
of Natural Resources. In addition to  
hosting relatively rare habitat types  
including oak savanna, sand prairie, and  
sedge meadow, it also provides key  
habitat for local and migratory wildlife,  
maintains essential ecological services,  
provides an element of water control  
and flood relief, protects important  
archaeological resources, and offers  
unique recreation, education, and  
research opportunities.

The Draft CCP and EA were officially  
released for public review on July 7,  
2010; the 31-day comment period ended  
on August 6, 2010. Planning  
information was sent to approximately  
265 individuals and organizations for  
review and announced through local  
media outlets, resulting in three  
comment submissions. During the  
comment period the Refuge also hosted  
an open house to receive public  
comments and feedback on the CCP and  
EA documents. Three individuals  
attended this event—all current or  
former state Department of Natural  
Resources employees. Because no  
changes to the preferred alternative  
were recommended by Refuge  
audiences during the public review  
period, only minor changes were made  
to the drafts in preparing the final CCP/  
EA documents.

### Selected Alternative

Based on input and feedback during  
the planning process, alternative B was  
selected as the preferred alternative.  
This alternative portrays a long-term  
vision for habitat restoration to near-  
historic benchmark conditions and  
increases recreation opportunities for  
visitors over the 15-year planning  
horizon. A diversity of wetland and  
savanna habitats are favored reinforcing  
historic conditions, while prairie and  
woodland are reduced over the long-

term. This alternative includes active  
participation in monitoring and  
improving upstream water resources,  
calls for adherence to a well-developed  
prescribed fire plan, increases land  
acquisition and work on private lands in  
high priority areas, augments the  
existing biological inventory and  
monitoring program, and offers visitor  
services in a greater number of  
locations. Specific, managed hunts are  
offered, and opportunities for quality  
fishing experiences will be evaluated as  
new lands are acquired.

### Background

The National Wildlife Refuge System  
Administration Act of 1966, as amended  
by the National Wildlife Refuge System  
Improvement Act of 1997 (16 U.S.C.  
668dd–668ee *et seq.*), requires the  
Service to develop a CCP for each  
National Wildlife Refuge. The purpose  
in developing a CCP is to provide refuge  
managers with a 15-year strategy for  
achieving refuge purposes and  
contributing toward the mission of the  
National Wildlife Refuge System,  
consistent with sound principles of fish  
and wildlife management, conservation,  
legal mandates, and Service policies. In  
addition to outlining broad management  
direction for conserving wildlife and  
their habitats, the CCP identifies  
wildlife-dependent recreational  
opportunities available to the public,  
including opportunities for hunting,  
fishing, wildlife observation and  
photography, and environmental  
education and interpretation.

We will review and update the CCP  
at least every 15 years in accordance  
with the National Wildlife Refuge  
System Administration Act of 1966, as  
amended by the National Wildlife  
Refuge System Improvement Act of  
1997, and the National Environmental  
Policy Act of 1969 (42 U.S.C. 4321–  
4370d).

Dated: August 17, 2010.

**Charles M. Wooley,**

*Acting Regional Director, U.S. Fish and  
Wildlife Service, Ft. Snelling, Minnesota.*

**BILLING CODE 4310–55–P**

## JOINT BOARD FOR THE ENROLLMENT OF ACTUARIES

### Renewal of Advisory Committee on Actuarial Examinations

**AGENCY:** Joint Board for the Enrollment  
of Actuaries.

**ACTION:** Renewal of Advisory  
Committee.

**SUMMARY:** The Joint Board for the Enrollment of Actuaries announces the renewal of the Advisory Committee on Actuarial Examinations.

**FOR FURTHER INFORMATION CONTACT:** Patrick W. McDonough, 202-622-8225.

**SUPPLEMENTARY INFORMATION:** The purpose of the Committee is to advise the Joint Board on examinations in actuarial mathematics and methodology. The Joint Board administers such examinations in discharging its statutory mandate to enroll individuals who wish to perform actuarial services with respect to pension plans subject to the Employee Retirement Income Security Act of 1974. The Committee's advisory functions will include, but will not necessarily be limited to: (1) Considering areas of actuarial knowledge that should be treated on the examinations; (2) developing examination questions; (3) recommending proposed examinations and pass marks; and (4), as requested by the Joint Board, making recommendations relative to the examination program.

Dated: October 7, 2010.

**Patrick W. McDonough,**

*Executive Director, Joint Board for the Enrollment of Actuaries.*

## DEPARTMENT OF JUSTICE

### **Notice of Lodging of Consent Decree Under the Clean Air Act; the Clean Water Act; the Resource Conservation and Recovery Act; the Emergency Planning and Community Right-To-Know Act; and the Comprehensive Environmental Response, Compensation, and Liability Act**

Notice is hereby given that on October 8, 2010, a proposed Consent Decree in *United States and State of Missouri v. The Doe Run Resources Corporation, et al.*, Civil Action 4:10-cv-1895 was lodged with the United States District Court for the Eastern District of Missouri.

In this action the United States and the State of Missouri sought civil penalties and injunctive relief for environmental violations of the Clean Air Act, 42 U.S.C. 7401-7671q; the Missouri Air Conservation Law, Chapter 643, RSMo; the Resource Conservation and Recovery Act, 42 U.S.C. 6901-6992k; the Missouri Hazardous Waste Management Law, §§ 260.350-260.434, RSMo; the Clean Water Act, 33 U.S.C. 1251-1387; the Missouri Clean Water Law, Chapter 644, RSMo; the

Emergency Planning and Community Right-to-Know Act, 42 U.S.C. 11001-11050; and the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9601-9603 at several of the mining, milling, and smelting facilities located in Missouri owned and operated by The Doe Run Resources Corporation, The Doe Run Resources Corporation d/b/a "The Doe Run Company", and The Buick Resource Recycling Facility, LLC ("Defendants"). To resolve the United States' and State's claims the Defendants will pay a civil penalty of \$7 million. The penalty will be paid in a \$3.5 million payment to the United States and a \$1.5 million payment to the state of Missouri, with an additional \$1 million plus interest to be paid to the state each year for the next two years. The settlement also requires Doe Run to establish financial assurance trust funds for the cleanup of the following active or former mining and milling facilities: Brushy Creek, Buick, Fletcher, Sweetwater, Viburnum, and West Fork. Doe Run will also take steps to address RCRA violations at certain facilities; finalize and come into compliance with more stringent Clean Water Act permits at 10 of its facilities, including Herculaneum, Glover, Brushy Creek, Buick Mill, Fletcher, Sweetwater, Viburnum, West Fork, Mine #35 (Casteel), and Buick Resource Recycling; and will spend an estimated \$5.8 million on stream mitigation activities along 8.5 miles of Bee Fork Creek, an impaired waterway near Doe Run's Fletcher mine and mill facility. At four facilities, Buick Mine, Brushy Creek, Fletcher, and Sweetwater, Doe Run will also enclose the lead concentrate handling, loading, and storage areas under negative pressure with emissions routed to a baghouse. The company will also spend \$2 million on community mitigation projects over the next four years.

In addition, instead of installing pollution control technologies needed to reduce sulfur dioxide and lead emissions as required by the Clean Air Act, Doe Run has made a business decision to shut down its lead smelter in Herculaneum, Mo., by Dec. 31, 2013. The company will also provide an initial \$8.14 million in financial assurance to guarantee cleanup work at the Herculaneum facility.

The Department of Justice will receive for a period of 30 days from the date of this publication comments relating to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to [pubcomment-ees.enrd@usdoj.gov](mailto:pubcomment-ees.enrd@usdoj.gov) or

mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States, et al. v. The Doe Run Resources Corporation, et al.*, D.J. Ref. 90-5-2-1-07390/1. Commenters may request an opportunity for a public meeting in the affected area, in accordance with Section 7003(d) of the Resource Conservation and Recovery Act, 42 U.S.C. 6973.

The Consent Decree may be examined at the Office of the United States Attorney, Eastern District of Missouri, Thomas F. Eagleton U.S. Courthouse, 111 South 10th Street, Room 20.333, St. Louis, MO 63102 Tel.: (314) 539-2200 and at EPA Region 7, 901 N. 5th Street, Kansas City, KS 66101, Tel: 1-800-223-0425.

During the public comment period, the Consent Decree, may also be examined on the following Department of Justice Web site, [http://www.usdoj.gov/enrd/Consent\\_Decrees.html](http://www.usdoj.gov/enrd/Consent_Decrees.html). A copy of the Consent Decree may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 or by faxing or e-mailing a request to Tonia Fleetwood ([tonia.fleetwood@usdoj.gov](mailto:tonia.fleetwood@usdoj.gov)), fax no. (202) 514-0097, phone confirmation number (202) 514-1547. In requesting a copy from the Consent Decree Library, please enclose a check to cover the 25 cents per page reproduction costs in the amount of \$43.50 (for Decree without appendices) or \$113.25 (for Decree with appendices) payable to the U.S. Treasury or, if by e-mail or fax, forward a check in that amount to the Consent Decree Library at the stated address.

**Maureen Katz,**

*Assistant Chief, Environmental Enforcement Section, Environment and Natural Resources Division.*
