

Specific limitations with respect to FAA's approval of an airport noise compatibility program are delineated in FAR Part 150, section 150.5. Approval is not a determination concerning the acceptability of land uses under Federal, State, or local law. Approval does not by itself constitute an FAA implementing action. A request for Federal action or approval to implement specific noise compatibility measures may be required, and an FAA decision on the request may require an environmental assessment of the proposed action. Approval does not constitute a commitment by the FAA to financially assist in the implementation of the program nor a determination that all measures covered by the program are eligible for grant-in-aid funding from the FAA. Where Federal funding is sought, requests for project grants must be submitted to the FAA Chicago Airports District Office.

These determinations are set forth in detail in a Record of Approval signed by Susan Schalk on October 1, 2010. The Record of Approval, as well as other evaluation materials and the documents comprising the submittal, are available for review at the FAA office listed above and at the administrative offices of the Chicago Executive Airport. The Record of Approval also will be available online at: http://www.faa.gov/airports/environmental/airport_noise/part_150/states/.

Issued in Des Plaines, IL, October 6, 2010.

James G. Keefer,

Manager, Chicago Airports District Office.

Background

The FHWA's Buy America policy in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when the application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. This notice provides information regarding the FHWA's finding that a Buy America waiver is appropriate to use non-domestic Steel Pipe; A53 Grade B, 26" OD, 0.375" wall for a portion of sign support structure No. S-28760 proposed for Recovery Act project on SR 60 in Allegheny County, PA.

In accordance with Division A, section 123 of the "Consolidated Appropriations Act, 2010" (Pub. L. 111-117), the FHWA published a notice of intent to issue a waiver on its Web site Steel Pipe; A53 Grade B, 26" OD, 0.375" wall (<http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=51>) on July 16th. The FHWA received five comments in response to the publication. The five comments suggested different domestic manufacturers of Steel Pipe; A53 Grade B and opposed the approval of the waiver request. The PennDOT contacted the potential domestic manufactures Berg Steel Corporation, McJunkin Red Man Corporation, and Trinity Prod. Berg Steel corporation stated that they do not have inventory in the pipe size requested. McJunkin Red Man Corporation responded that their pipe size is only 24" OD and not up to 26" OD. Trinity Prod. indicated that it can make the pipe size up to 26" OD, but the required quantity is less than 600 tons which is required to establish a production run. During the 15-day comment period, the FHWA conducted

additional nationwide review to locate potential domestic manufacturers for a Steel Pipe; A53 Grade B, 26" OD, 0.375" wall. Based on all the information available to the agency, the FHWA concludes that there are no domestic manufacturers of Steel Pipe; A53 Grade B, 26" OD, 0.375" wall. Given the lack of current availability for domestic steel for this particular application, the FHWA has discussed the need for PennDOT to consider alternate designs using domestic steel on future Federal-aid projects.

In accordance with the provisions of section 117 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users Technical Corrections Act of 2008 (Pub. L. 110-244, 122 Stat. 1572), the FHWA is providing this notice as its finding that a waiver of Buy America requirements is appropriate. The FHWA invites public comment on this finding for an additional 15 days following the effective date of the finding. Comments may be submitted to the FHWA's Web site via the link provided to the Pennsylvania waiver page noted above.

Authority: 23 U.S.C. 313; Pub. L. 110-161, 23 CFR 635.410.

Issued on: October 7, 2010.
