Benefit Offset National Demonstration—0960-NEW. SSA is undertaking the Benefit Offset National Demonstration (BOND)—a demonstration and evaluation of policy

changes and services on the Social Security Disability Insurance (SSDI) program—in an effort to produce strong evidence about the effectiveness of potential solutions that would improve the historically very low rate of return to work among SSDI beneficiaries. Under current law, Social Security beneficiaries lose their SSDI benefit if they have earnings and/or work activity above the threshold of Substantial Gainful Activity after completing the Trial Work Period and two-month grace period. The benefit-offset component of this demonstration will reduce benefits by \$1 for each \$2 in earnings above the BOND threshold, resulting in a gradual reduction in benefits as earnings increase.

The experimental design for BOND will test a benefit offset alone and in conjunction with enhanced work incentives counseling. The central research questions include:

- What is the effect of the benefit offset alone on employment and other outcomes?
- What is the effect of the benefit offset in combination with enhanced work incentives counseling on employment and other outcomes?

The proposed public survey data collections will have four components—an impact study, a cost-benefit analysis, a participation analysis, and a process

study. The data collections are a primary source for data to measure the effects of a more generous benefit offset and the provision of enhanced work incentives counseling on SSDI beneficiaries' work efforts and earnings. Ultimately, these data will benefit researchers, policy analysts, policy makers and the United States Congress in a wide range of program areas. The effects of BOND on the well-being of SSDI beneficiaries could manifest themselves in many dimensions and could be relevant to an array of other public programs. This project offers the first opportunity to obtain reliable measures of these effects based upon a nationally representative sample. The long-term indirect benefits of this research are therefore likely to be substantial. Respondents are SSDI beneficiaries and concurrent SSDI and Supplemental Security Income beneficiaries who we randomly assign to the study (Stage 1), and SSDI beneficiaries who agree to participate in the study (Stage 2).

BILLING CODE 4915–01–P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Docket No. AB 55 (Sub-No. 703X)]

CSX Transportation, Inc.— Abandonment Exemption—in Chesterfield and Darlington Counties, SC

On October 1, 2010, CSX Transportation, Inc. (CSXT), filed with the Surface Transportation Board a petition under 49 U.S.C. 10502 for exemption from the provisions of 49 U.S.C. 10903 to abandon a 2.71-mile line of railroad on its Southern Region, Florence Division, Hamlet Subdivision, between milepost SJ 304.75, at Tabernacle Road, and milepost SJ 307.46, at Bobo Newsome Highway, in Chesterfield and Darlington Counties, S.C. (the line). The line traverses United States Postal Service Zip Codes 29101 and 29550 and includes stations at Darlco, FSAC 71202366, OPPL 2638, milepost SJ 306, and Robinson, FSAC 71202370, OPPL 2640, milepost SJ 307.

In addition to an exemption from the prior approval requirements of 49 U.S.C. 10903, CSXT seeks an exemption from 49 U.S.C. 10904 (offer of financial assistance procedures). In support,

CSXT states that, following abandonment of the line, CSXT intends to reclassify the line as spur track and sell or lease it to Progress Energy Carolinas, Inc. (PEC), the sole shipper on the line, which will then use the line for expanded intra-plant operations. This request will be addressed in the final decision. In order to facilitate the reclassification of the line as spur track and the subsequent sale or lease of the line to PEC, CSXT has requested that the Board condition the abandonment upon CSXT and PEC entering an agreement providing for the sale or lease of the line from CSXT to PEC within 30 days after CSXT has consummated the abandonment and reclassified the line as spur track. This request will also be addressed in the final decision.

The line does not contain federally granted rights-of-way. Any documentation in CSXT's possession concerning this matter will be made available promptly to those requesting it.

The interest of railroad employees will be protected by the conditions set forth in *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979).

By issuing this notice, the Board is instituting an exemption proceeding pursuant to 49 U.S.C. 10502(b). A final decision will be issued by January 19, 2011.

Any offer of financial assistance (OFA) under 49 CFR 1152.27(b)(2) will be due no later than 10 days after service of a decision granting the petition for exemption. Each OFA must be accompanied by a \$1,500 filing fee. See 49 CFR 1002.2(f)(25).

All interested persons should be aware that, following abandonment of rail service and salvage of the line, the line may be suitable for other public use, including interim trail use. Any request for a public use condition under 49 CFR 1152.28 or for trail use/rail banking under 49 CFR 1152.29 will be due no later than November 10, 2010. Each trail use request must be accompanied by a \$250 filing fee. See 49 CFR 1002.2(f)(27).

All filings in response to this notice must refer to Docket No. AB 55 (Sub-No. 703X), and must be sent to: (1) Surface Transportation Board, 395 E Street, SW., Washington, DC 20423–0001; and (2) Louis E. Gitomer, Law Offices of Louis E. Gitomer, 600 Baltimore Avenue, Suite 301, Towson, MD 21204. Replies to CSXT's petition are due on or before November 10, 2010.
