

International Airport, Williston, ND. The FAA is taking this action to enhance the safety and management of Instrument Flight Rule (IFR) operations at the airport.

DATES: *Effective date:* 0901 UTC, January 13, 2011. The Director of the Federal Register approves this incorporation by reference action under 1 CFR Part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Scott Enander, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone (817) 321-7716.

SUPPLEMENTARY INFORMATION:

History

On June 17, 2010, the FAA published in the **Federal Register** a notice of proposed rulemaking to amend Class E airspace for Williston, ND, creating additional controlled airspace at Sloulin Field International Airport (75 FR 34391) Docket No. FAA-2010-0407. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9U signed August 18, 2010, and effective September 15, 2010, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by adding additional Class E airspace extending upward from 700 feet above the surface to accommodate SIAPs at Sloulin Field International Airport, Williston, ND. Geographic coordinates will be updated in accordance with the FAA's National Aeronautical Navigation Services. This action is necessary for the safety and management of IFR operations at the airport.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a

regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Sloulin Field International Airport, Williston, ND.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9U, Airspace Designations and Reporting Points, signed August 18, 2010, and effective September 15, 2010, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface.

* * * * *

AGL ND E5 Williston, ND [Amended]

Sloulin Field International Airport, ND
(Lat. 48°10'41" N., long. 103°38'32" W.)
Williston VORTAC
(Lat. 48°15'12" N., long. 103°45'02" W.)

That airspace extending upward from 700 feet above the surface within a 6.6-mile

radius of Sloulin Field International Airport, and within 4 miles each side of the Williston VORTAC 317° radial extending from the 6.6-mile radius to 12.7 miles northwest of the airport, and within 4 miles each side of the 304° bearing from the airport extending from the 6.6-mile radius to 12.1 miles northwest of the airport, and within 4 miles each side of the 124° bearing from the airport extending from the 6.6-mile radius to 13.4 miles southeast of the airport, and within 3.8 miles each side of the Williston VORTAC 135° radial extending from the 6.6-mile radius to 12.3 miles southeast of the airport; and that airspace extending upward from 1,200 feet above the surface within a 21.8-mile radius of the Williston VORTAC extending from the Williston VORTAC 172° radial clockwise to V-430, and within 39.2 miles of the Williston VORTAC extending from V-430 clockwise to V-71, and within a 60-mile radius of the Williston VORTAC extending from V-71 clockwise to the Williston VORTAC 172° radial, excluding those portions within Federal airways.

Issued in Fort Worth, Texas, on October 7, 2010.

[Docket No. FAA-2010-0685; Airspace
Docket No. 10-ASO-27]

Establishment of Class E Airspace; Bamberg, SC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E Airspace at Bamberg, SC, to accommodate the additional airspace needed for the Standard Instrument Approach Procedures (SIAPs) developed for Bamberg County Airport. **DATES:** Effective 0901 UTC, January 13, 2011. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

Melinda Giddens, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5610.

SUPPLEMENTARY INFORMATION:

History

On August 27, 2010, the FAA published in the **Federal Register** a notice of proposed rulemaking to establish Class E airspace at Bamberg, SC (75 FR 52654) Docket No. FAA-2010-0685. Interested persons are invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9U dated August 18, 2010, and effective September 15, 2010, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 establishes the Class E airspace extending upward from 700 feet above the surface at Bamberg, SC, to provide controlled airspace required to support the SIAPs developed for Bamberg County Airport. This action enhances the safety and airspace management of Instrument Flight Rules (IFR) operations at the airport.
