Title: WIC Local Agency Directory.

OMB Number: 0584-0431.

Expiration Date: 07/31/2011.

Type of Request: Revision of a Currently Approved Collection Form.
Abstract: FNS administers the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) by awarding cash grants to State agencies (generally State health departments). The State agencies award subgrants to local agencies (generally local health departments and nonprofit organizations) to deliver program benefits and services to eligible participants. FNS maintains a WIC Local Agency Directory which lists the names and addresses of all WIC local agencies. WIC State and local agencies and FNS use the directory to refer individuals to the nearest source of WIC Program services and to maintain continuity of program services to migrant and other transient participants. It is also used as a mailing list to provide local agencies with technical assistance manuals and other information. State agencies complete the WIC Local Agency Directory Report Form FNS-648 to inform FNS when a local agency is newly established, closed or changes its address. This data is needed to keep the directory current. The number of WIC State Agencies reporting remains at 90.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.17 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Respondents: Directors or Administrators of WIC State agencies.
Estimated Number of Respondents: 90 respondents.

Estimated Number of Responses per Respondent: One.

Estimated Total Annual Burden on Respondents: 15.3 hours.

Dated: October 14, 2010.

Foreign-Trade Zones Board

[Docket 60-2010]

Foreign-Trade Zone 22—Chicago, IL, Application for Subzone Baxter Healthcare Corporation (Pharmaceutical and Biological Product Manufacturing), Round Lake, IL

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Illinois International Port District, grantee of FTZ 22, requesting special-purpose subzone status for the pharmaceutical and biological intravenous (I.V.) product manufacturing facility of Baxter Healthcare Corporation (Baxter), located near Round Lake (Lake County), Illinois. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 15, 2010.

The Baxter facility (500 manufacturing employees, approximately 154 acres/1,427,047 square feet (303,831 manufacturing square feet)) is located at 25212 W. Illinois Route 120, near Round Lake, Illinois. Activity to be conducted under FTZ procedures would include manufacturing, warehousing and distribution of pre-mixed, filled pharmaceutical and biological I.V. units (up to 70 million units annually) for export and the domestic market. Baxter is requesting to use zone procedures for the foreign-origin laminated film used to make the I.V. bags (HTSUS 3920.10, duty rate: 4.2%), representing some 7.5 percent of the finished product's value.

FTZ procedures could exempt Baxter from customs duty payments on the foreign laminated film used in export production (up to some 7 percent of annual shipments). On its domestic sales, Baxter would be able to choose the duty rate during customs entry procedures that applies to the finished pharmaceutical and biological I.V.

products (duty-free) for the foreign input noted above. FTZ designation may further allow Baxter to realize logistical benefits through the use of weekly customs entry and direct delivery procedures. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 27, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to January 10, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482-1367.

Dated: October 15, 2010.

Andrew McGilvray,
Executive Secretary.

Potassium Permanganate From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* October 25, 2010.

SUMMARY: As a result of the determinations by the Department of Commerce ("Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty order on potassium permanganate from the People's Republic of China ("PRC")

would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

FOR FURTHER INFORMATION CONTACT: Alexis Polovina, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3927.

SUPPLEMENTARY INFORMATION: On May 3, 2010, the Department published the notice of initiation of the sunset review of the antidumping duty order on potassium permanganate from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-Year ("Sunset") Review*, 75 FR 23240 (May 3, 2010).

As a result of its review, the Department determined that revocation of the antidumping duty order on potassium permanganate from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked. See *Potassium Permanganate from the People's Republic of China: Final Results of Expedited Sunset Review of Antidumping Duty Order*, 75 FR 52509 (August 26, 2010).

On September 20, 2010, the ITC determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on potassium permanganate from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable future. See *Potassium Permanganate From China Determination*, 75 FR 63856 (October 18, 2010), and USITC Publication 4183 (September 2010), Potassium Permanganate from China: Investigation No. 731-TA-125 (Third Review).

Scope of the Order

Imports covered by the order are shipments of potassium permanganate, an inorganic chemical produced in free-flowing, technical, and pharmaceutical grades. Potassium permanganate is currently classifiable under item 2841.61.00 of the Harmonized Tariff Schedule of the United States ("HTSUS"). The HTSUS item numbers are provided for convenience and customs purposes. The written description remains dispositive.

Continuation of the Order

As a result of these determinations by the Department and the ITC that
