

any way adding new matching functionality, it is streamlining the wording of Rule 6.12 (in the process, it is eliminating certain matching "options" available under the current rule, but C2 has no intention to use a matching algorithm other than the three set forth in the revised rule). Further, as proposed, the new Rule would continue to allow for a market turner overlay. The Exchange represents that market turner priority would only be applicable and would only be utilized when the pro-rata algorithm is in place. This is because the market turner overlay gives priority to the participant that is first in time at an improved price point, something that price-time priority already accomplishes.

The filing also proposes to correct two mistaken references in the definitions of Professional and Voluntary Professional in Rule 1.1. Specifically those definitions mistakenly reference Rule 6.13(c)(5) as 6.13(c)(v).

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act")⁶ and the rules and regulations thereunder and, in particular, the requirements of Section 6(b) of the Act.⁷ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest. Streamlining the C2 matching rules will assist users seeking to better understand the matching alternatives available on C2.

B. Self-Regulatory Organization's Statement on Burden on Competition

C2 does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend EDGA Rule 11.5(a)(2) to provide system functionality that will cancel any portion of a market order submitted to the Exchange that would execute at a price that is more than \$0.50 or 5 percent worse than last sale at the time the order initially reaches the Exchange, whichever is greater. The text of the proposed rule change is available on the Exchange's Internet Web site at <http://www.directedge.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to protect market participants from executions at prices that are significantly worse than the last sale at the time of order entry by providing Exchange system functionality that will cancel any portion of a market order (as defined in Rule 11.5(a)(2)) that would execute at a price that is 50 cents or 5 percentage points worse than the consolidated last sale, whichever is greater. Any portion of a market order that would otherwise execute outside of these thresholds will be immediately cancelled back to the User.³ The Exchange believes that Users who submit market orders to the Exchange generally intend to receive executions for the full size of their orders at or near the consolidated last sale and are not always aware that there may not be enough liquidity at that price to fill the entire size of their orders. The Exchange believes that the market order

thresholds proposed in this rule filing will help avoid executions of market orders at prices that are significantly worse than the consolidated last sale and avoid potentially creating clearly erroneous situations.

Those Users who intend to trade against liquidity at multiple price points from the consolidated last sale beyond the market order thresholds proposed in this rule filing can clearly and unambiguously specify that intent by submitting a marketable limit order to the Exchange.

2. Statutory Basis

The statutory basis for the proposed rule change is Section 6(b)(5) of the Act,⁴ which requires the rules of an exchange to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The proposed rule change also is designed to support the principles of Section 11A(a)(1)⁵ of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets. The Exchange believes that the proposed rule meets these requirements in that it seeks to promote transparency for how order flow will be handled during a trading pause.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (1) significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if

consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6) thereunder.⁷

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.⁸ However, Rule 19b-4(f)(6)⁹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative upon filing. The Commission notes (i) the proposal is similar to existing thresholds on market orders adopted by The NASDAQ Stock Market LLC, NASDAQ OMX BX, Inc., BATS Exchange, Inc., and NYSE Arca, Inc; (ii) it presents no novel issues; and (iii) it may provide a benefit to market participants. For these reasons, the Commission believes it is consistent with the protection of investors and the public interest to waive the 30-day operative delay, and hereby grants such waiver.¹⁰

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–63166; File No. SR–NYSEArca–2010–90]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Proposed Rule Change To Amend Rule 6.47 To Describe New Procedures for Executing a Cross Transaction

October 22, 2010.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b–4 thereunder,³ notice is hereby given that, on October 21, 2010, NYSE Arca, Inc. (the "Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 6.47 to describe new procedures for executing a cross transaction. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and <http://www.nyse.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE Arca proposes to modify Rule 6.47(a) to describe new procedures for Floor Brokers wishing to execute a Non-

Facilitation cross transaction.⁴

Currently, after requesting a market, Floor Brokers are required to disclose the terms of a cross, after which Market Makers are allowed to revise their bids and offers to block the cross.

NYSE Arca proposes that Market Makers, after being informed of a potential cross, should provide their best bid and best offer, but not be allowed to step ahead of subsequently disclosed trading interest. The Exchange intends for Market Makers to make markets and not prevent better priced trading interests from interacting with each other.

The proposed rule change would allow a Floor Broker to request, after revealing the size of the orders, a final quote for a cross from the Trading Crowd, and then to cross above the highest bid, or below the lowest offer, and, if not on a price provided by the Crowd, to execute the cross in its entirety. If the cross were to take place on the price provided by the Crowd, the Floor Broker would be obligated to trade with that interest prior to crossing the orders. The cross would be required to be within the National Best Bid/Offer, and would also be obligated to satisfy any bids or offers in the Consolidated Book equal to or better than the crossing price.

For example, if the prices of the orders to be crossed allowed for a range of possible crossing prices, and the Trading Crowd provided a final quote that was two or more Minimum Price Variations ("MPV") wide, the Floor Broker could bid above the Trading Crowd's bid and consummate the cross without trading on a final quote price.

If, alternatively, the final quote was only one MPV wide, (*i.e.*, 3.10 bid for 20 contracts at 3.20 offer for 50 contracts) the Floor Broker could not meet the obligation to the orders without trading on a final quote price. In this case, the Floor Broker would bid above the final quote bid (*i.e.*, bid 3.20) or offer below the final quote offer (*i.e.*, offer at 3.10), each instance of which is equal to a final quote price. The Floor Broker would then be obligated to trade with the final quote interest at that price (*i.e.*, buy 50 at 3.20 or sell 20 at 3.10) before crossing the balance of the orders.

Additionally, if, because of movement in the markets while the order was being brought to the crowd, the limit on one of the orders only allowed for a cross to be effected at a final quote price, regardless of the width of the final quote, the Floor Broker would be
