

Proposed Rules

Federal Register

Vol. 75, No. 209

Friday, October 29, 2010

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

7 CFR Part 357

[Docket No. APHIS–2009–0018]

RIN 0579–AD11

Lacey Act Implementation Plan; Definitions for Exempt and Regulated Articles

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Proposed rule; reopening of comment period.

SUMMARY: We are reopening the comment period for our proposed rule that would establish definitions for the terms “common cultivar” and “common food crop.” This action will allow interested persons additional time to prepare and submit comments.

DATES: We will consider all comments that we receive on or before November 29, 2010.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/fdmspublic/component/main?main=DocketDetail&d=APHIS-2009-0018> to submit or view comments and to view supporting and related materials available electronically.

- *Postal Mail/Commercial Delivery:* Please send one copy of your comment to Docket No. APHIS–2009–0018, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River Road Unit 118, Riverdale, MD 20737–1238. Please state that your comment refers to Docket No. APHIS–2009–0018.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday

through Friday, except holidays. To be sure someone is there to help you, please call (202) 690–2817 before coming.

Other Information: Additional information about APHIS and its programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: Mr. George Balady, Senior Staff Officer, Quarantine Policy Analysis and Support, PPQ, APHIS, 4700 River Road Unit 60, Riverdale, MD 20737–1231; (301) 734–8295.

SUPPLEMENTARY INFORMATION: On August 4, 2010, we published in the **Federal Register** (75 FR 46859–46861, Docket No. APHIS–2009–0018) a proposal to establish definitions for the terms “common cultivar” and “common food crop.” We proposed to establish these definitions in response to recent amendments to the Lacey Act, which expanded the protections of the Act to a broader range of plant species, extended its reach to encompass products, and require that importers submit a declaration at the time of importation for certain plants and plant products. Common cultivars and common food crops are among the categorical exemptions to the provisions of the Act. The Act does not define the terms “common cultivar” and “common food crop” but instead gives authority to the U.S. Department of Agriculture and the U.S. Department of the Interior to define these terms by regulation.

Comments on the proposed rule were required to be received on or before October 4, 2010. We are reopening the comment period on Docket No. APHIS–2009–0018 for an additional 30 days. This action will allow interested persons additional time to prepare and submit comments. We will also consider all comments received between October 5, 2010 (the day after the close of the original comment period), and the date of this notice.

Authority: 16 U.S.C. 3371 *et seq.*; 7 CFR 2.22, 2.80, and 371.2(d).

Done in Washington, DC, this 25th day of October 2010.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

Farm Loan Programs Loan Making Activities; Correction

AGENCY: Farm Service Agency, USDA.

ACTION: Proposed rule; correction.

SUMMARY: This document contains a correction to the proposed rule titled “Farm Loan Programs Loan Making Activities” that was published September 23, 2010. The Farm Service Agency (FSA) is correcting the Paperwork Reduction Act information since the information collection statement for special direct loan servicing was inadvertently omitted from the proposed rule.

DATES: We will consider comments on the rule that we receive by November 22, 2010.

FOR FURTHER INFORMATION CONTACT: Connie Holman, Senior Loan Officer, USDA FSA LMD, STOP 0522, 1400 Independence Avenue, SW., Washington, DC 20250–0522, (202) 690–0756; fax: (202) 720–6797; e-mail: connie.holman@wdc.usda.gov. Persons with disabilities or who require alternative means for communication (Braille, large print, audio tape, *etc.*) should contact the USDA Target Center at (202) 720–2600 (voice and TDD).

SUPPLEMENTARY INFORMATION: On September 23, 2010, FSA published a proposed rule (75 FR 57866–57880) to implement four provisions of the Food, Conservation, and Energy Act of 2008 (2008 Farm Bill). There was an inadvertent omission of the Paperwork Reduction Act information for special direct loan servicing in the document. Although the proposed rule does not propose any changes to the 7 CFR part 766, the changes in the proposed rule for equine loans would require use of the forms currently approved for uses related to 7 CFR part 766. Therefore, FSA needs to correct the following information add to the proposed rule published on September 23, 2010.

Correction

On page 57873, the following correction replaces the third sentences in the first paragraph under the heading

“Paperwork Reduction Act”: The new information collection requests for Farm Loan Programs, General Administration; Direct Loan Making; regular Direct Loan Servicing; and special Direct Loan Servicing all result from expanding eligibility for EM to cover equine losses; and when approved will be incorporated into the existing approved ICRs (of the same titles) that will be up for a renewal this year.

On page 57874, add the following immediately following the Paperwork Reduction Act information for the “Direct Loan Servicing—Regular” (column 3, above the request for comments):

Title: Direct Loan Servicing—Special.

OMB Control Number: 0560–NEW.

Type of Request: New Collection.

Abstract: This information collection is required to support the proposed regulatory changes that include equine losses as eligible for EM. Some of the same information collection activities that will be used are currently approved for 7 CFR part 766, Direct Loan Servicing—Special, which establishes the requirements related to special servicing actions associated with direct loans including emergency loans. Emergency loan applicants tend to pose a higher economic risk of loss than those operations financed by commercial creditors. Information collections established in the regulations are necessary for FSA to actively supervise and provide credit counseling, management advice, and financial guidance.

Estimate of Burden: Public reporting for this collection of information is estimated to average 47 minutes per response.

Type of Respondents: Individuals or households, businesses or other for profit, and farms.

Estimated Number of Respondents: 7.

Estimated Number of Responses per Respondent: 2.5.

Estimated Total Annual Number of Responses: 18.

Estimated Total Annual Burden on Respondents: 26 hours.

Once this information collection request is approved, FSA will incorporate this collection into existing collections package 0560–0233.

Signed in Washington, DC, on October 21, 2010.

Jonathan W. Coppess,

Administrator, Farm Service Agency.

RIN 2120–AA64

Airworthiness Directives; Cessna Aircraft Company (Cessna) Model 402C Airplanes Modified by Supplemental Type Certificate (STC) SA927NW and Model 414A Airplanes Modified by STC SA892NW

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for the products listed above. This proposed AD would require a complete inspection of the flap system and modification of the flap control system. This proposed AD was prompted by a report of a Cessna Model 414A airplane modified by STC SA892NW that experienced an asymmetrical flap condition causing an un-commanded roll when the pilot set the flaps to the approach position. We are proposing this AD to prevent failure of the flap system, which could result in an asymmetrical flap condition. This condition could result in loss of control.

DATES: We must receive comments on this proposed AD by December 13, 2010.

ADDRESSES: You may send comments by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* 202–493–2251.

- *Mail:* U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590.

- *Hand Delivery:* Deliver to Mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For service information identified in this proposed AD, contact Sierra Industries, Ltd., 122 Howard Langford Drive, Uvalde, Texas 78801; telephone: 888–835–9377; e-mail: info@sijet.com; Internet: <http://www.sijet.com>. You may review copies of the referenced service information at the FAA, Small Airplane Directorate, 901 Locust, Kansas City, Missouri 64106. For information on the availability of this material at the FAA, call 816–329–4148.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this proposed AD, the regulatory evaluation, any comments received, and other information. The street address for the Docket Office (phone: 800–647–5527) is in the **ADDRESSES** section. Comments will be available in the AD docket shortly after receipt.

FOR FURTHER INFORMATION CONTACT:

Werner Koch, Aerospace Engineer, Fort Worth Airplane Certification Office, FAA, 2601 Meacham Blvd., Fort Worth, Texas 76137; phone: (817) 222–5133; fax: (817) 222–5960; e-mail: werner.g.koch@faa.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

We invite you to send any written relevant data, views, or arguments about this proposal. Send your comments to an address listed under the **ADDRESSES** section. Include “Docket No. FAA–2010–1084; Directorate Identifier 2010–CE–056–AD” at the beginning of your comments. We specifically invite comments on the overall regulatory, economic, environmental, and energy aspects of this proposed AD. We will consider all comments received by the closing date and may amend this proposed AD because of those comments.

We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. We will also post a report summarizing each substantive verbal contact we receive about this proposed AD.

Discussion

We received a report of a Cessna Model 414 airplane, modified by Sierra Industries, Ltd., STC SA892NW (formerly held by Robertson Aircraft Corporation) that experienced an asymmetrical flap condition causing an un-commanded roll when the pilot set the flaps to the approach position. The flap preselect cable connects to the arm assembly and provides the flap position to the flap selector to close the position loop for the flap position. Micro switches are located on the arm assembly and provide the electrical signal for the arm position.

STC SA927NW and STC SA892NW use the original production preselect cable. However, the STCs added an extension to the arm assembly that
