SUPPLEMENTARY INFORMATION: The DOL is seeking OMB reauthorization of the recordkeeping requirements related to the hydrostatic testing provision of the standard on portable fire extinguishers. More specifically, as evidence of completing the test, it is mandatory for the person performing the test to record his or her name, the date of the test, and the identifier of the extinguisher tested.

This recordkeeping requirement constitutes an information collection within the meaning of the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is currently approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a currently valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

The DOL obtains approval for this information collection under OMB Control Number 1218-0218, and the current approval is scheduled to expire on October 31, 2010. For additional information, see the related notice published in the **Federal Register** on August 11, 2010 (75 FR 48728).

The DOL, as part of its continuing effort to reduce paperwork and respondent burden, submits information collections for OMB consideration after conducting a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the PRA. See 44 U.S.C. 3506(c)(2)(A). This program ensures that information is in the desired format, reporting burden (time and cost) is minimal, collection instruments are clearly understood, and the estimate of the information collection burden is accurate.

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to ensure appropriate consideration, comments should
